Hon. Mr. Emmerson in Strong Speech in House

BELITTLED OUR PEOPLE

Tories Approve This But Liberals Oppose—Corderie Not in Parliament to Face the Charges to Be Made

Ottawa, March 11.—Hon. Mr. Corderie, secretary of state, was not in the house today. Premier Borden had promised that he would be to answer the charges to be made against him in connection with the Hochelaga election case, but he did not show up today and it was reported that he was in a Montreal hospital in collapse. Speaking on the matter of the interference by Hon. Mr. Churchill in the naval issue, Hon. H. R. Emmerson said that the gist of the letter was that no part of the British navy should be built in Canada. The government in factoring his letter had shown a lack of confidence in the Canadian people, and in Canadian manhood.

The strongest utterances of the day were by Hon. H. R. Emmerson. Among other things he said: "The government in factoring this letter from Mr. Churchill has shown a want of confidence in the Canadian people that is unworthy of representatives of the people."

"Mr. Churchill is impregnated with the idea that 'Canada' is synonymous with 'colonial' and that there is an inferiority marking Canadians because of the fact and because we do not happen to be at the centre of the empire."

"I believe that there has been no document, no utterance from a British statesman in seventy-five or one hundred years calculated to do more injury to the empire than this."

"Are we to be insulted by the first lord of the admiralty and is that insult to be adopted by the government of a free people?"

"This action of Mr. Churchill's is calculated to cause more irritation and to do more injury to our constitutional development than anything that has come since the days of Lord North."

"My hon. friends speak of this as a blow for the Liberal party. I care not as to a blow at party. It is a blow at the constitution; it is a blow at a free people; it is a blow even to the loyalty to king and country."

"This is not a question of party conflict. It is superior to and beyond all that. It is the interference of British minister in the domestic affairs of Canada, interference which comes after he was well aware of the difference prevailing in Canada over this naval question."

"What right, what business has Mr. Churchill to tender advice to the Canadian people as to what they shall or shall not do in regard to a matter of domestic difference of opinion? It is an insult to Canada, unwarranted and unjustified. It is a gratuitous and insulting interference with the political affairs of Canada."

"What right has Mr. Churchill to say that the British shipbuilding firms were ready under the late government to establish their yards and build ships for Canada? This fact in itself refutes every contention of Mr. Churchill."

"Does Mr. Churchill dare say that in Canada there are not men equal to those of Britain? That we have not men of brain and ability?"

STOP NEGLECTING YOUR STOMACH

Stuart's Dyspepsia Tablets Will Do the Work of the Strongest and Healthiest Stomach and Afford Instant Relief.

The worst case of indigestion is simply neglect to give the stomach needed assistance.

When your food does not digest, when you feel full, when you experience that uncomfortable feeling of fullness, when the breath is foul, the tongue coated and that sour taste is in the mouth—take a Stuart's Dyspepsia Tablet and watch how quickly every one of these symptoms disappears.

All that was needed was to digest that lump of food in your stomach—and the glands, whose duty it is to supply the gastric juices, had simply given out from overwork. So when you took that little tablet you were supplying exactly what was necessary to complete the process of digestion that the stomach had begun but was unable to finish.

If you would continue to take a Stuart's Dyspepsia Tablet after each meal for awhile, your stomach would have a chance to rest up and get well and strong again.

Try just one box and you will never want to be without this wonderful little remedy for stomach troubles. Stuart's Dyspepsia Tablets contain an ingredient, one grain of which will digest 2,000 grains of food. They are entirely harmless because they have absolutely no effect on the system one way or another except to do just the one thing—digest food.

Every drug store everywhere sells and recommends Stuart's Dyspepsia Tablets at 50 cents a box.

Extensive Showing of Men's Colored Shirts

All New Productions Offered in a Grand Array of Easter Novelties

Our brands of shirts are those which have attained a reputation for perfect fit and satisfactory service and this showing features the most striking novelties of the new season.

Shirts in reliable cloths, neat, original designs (many exclusive) in all the most popular color tints. It will be well for you to see this exhibit while it is complete and selecting is easy. All the favorite styles are offered and our values are decidedly the most desirable in the city.

Soft fronts, pleated fronts, all-soft style with soft double cuffs and separate soft double collar. Many of the shirts are fitted with the new patent "Nek-Guard" in front of band. Sizes 14 to 18. **PRICES FROM 75 cents to \$3.25.**

THE "TU-IN-ONE TIE"
The first showing this season of the famous "Tu-In-One Tie" with which we made such a great success last year. These ties excel in style, original designs and clever color combinations. They are woven to shape without a seam and have no lining to curl out of place. They give the wearer two distinct ties in one, and are sold at the popular price of 50 cents each.

MANCHESTER ROBERTSON ALLISON, LIMITED.**THOS. GILBERT DEAD**

One of City's Best Known Men Passes Away at Age of 92

After an illness of only two weeks Thomas Gilbert died last evening at seven o'clock in his apartments in the Dufferin Hotel. Mr. Gilbert had reached the great age of ninety-two years and had enjoyed excellent health until a fortnight ago. He is survived by his wife and one sister, Mrs. Elizabeth Gilbert, of Redwood street.

Walter Gilbert is a nephew. Throughout his long life Mr. Gilbert has been one of the prominent figures in the community. For many years he was active in the shipping business and his activities along various lines of the port were well known.

The funeral will take place from Trinity Church on Thursday afternoon at 2.30 o'clock.

Thomas Gilbert was born in St. John in August, 1820 and was the late Henry Gilbert, who was a prominent merchant and ship owner here when St. John was the principal port of many of the world's ships. He was a descendant of a Massachusetts family, Colonel Thomas Gilbert, of the British army during the revolution and came to this province in 1783.

His father was a grandson of John Gilbert, who arrived in Dorchester (Mass.) from England about 1690, and his mother was the daughter of Samuel Bradford, of Duxbury (Mass.), and a great grand daughter of Governor William Bradford, of Plymouth Colony, the line being Governor William, William, Samuel, Hannah, the maiden name of Colonel Gilbert's wife was Mary Gagey.

Mr. Gilbert received his education under the direction of a private tutor. He began his business career in his father's store and later engaged in the shipping business with his brothers, Bradford, Henry and James, who all have since died. He retired from business in 1868. He was a former vice-president of the Bank of New Brunswick and was a member of its board of directors for 28 years. In 1870 he married Miss Marion Ferguson, of this city. She was the daughter of Francis Ferguson, who was connected with the firm of Robert Rankine & Co.

In his early days Mr. Gilbert was an extensive traveler and made many trips to Europe on his own ships. During the time of the Crimean war he was in England and went to the seat of the war as a friend of several of the officers of the British army. He was an eye witness of some of the most important battles of that campaign. One interesting incident in the connection is worthy of note. While he was watching the progress of a battle, an officer, who was leading a charge, was shot through the hand, in which he was waving his sword above his head. The officer bound up the wound with a handkerchief and continued at the head of his men, but later had the hand amputated. Many years after, while Mr. Gilbert was in a London hotel, a stranger there asked him to assist him in some writing as he had only one hand. The stranger became friendly and Mr. Gilbert learned that the stranger was the army officer whom he had seen wounded in battle.

Mr. Gilbert was reputed to be very wealthy. The Gilbert estate comprises a great deal of valuable land along the Marsh Road and on the outskirts of the city.

Judge Mal D. Clark, who has been appointed assistant municipal judge in St. John, N.B., is believed by many to be the youngest judge on the bench in the state. He is only twenty-nine years old.

THE GARDEN OF EDEN AND THE MAN OF EARLY TIMES

The prehistoric skull recently discovered in England is welcomed as a long expected ally by Dr. Franklin H. Giddings, professor of geology and the history of civilization at Columbia University.

Dr. Giddings asserts that the really significant thing about the discovery of the light of Eden on man's Garden of Eden—his original home.

"I have been expecting this for many years," Dr. Giddings announced with a smile to his class of 200 graduate students who were gathered in the lecture hall of the university. "More than ten years ago in one of my books I made the statement that all evidence tended to show that the earliest men lived over much of the territory between northwestern Europe and southern Asia."

"Other bits of evidence in the shape of ancient bones have been dug up in Belgium and at Gibraltar, all showing that Europe was once inhabited by a race of men much inferior to the lowest living savages now found in Australia, Tasmania and Africa."

All this, Dr. Giddings believes, indicates that the 10,000 mile strip of land extending from Java to England saw the development of man from ape at approximately the same time. According to Dr. Giddings, the entire strip of land was very fertile during prehistoric times. It was perhaps the simplest approach to a Garden of Eden then to be found. This prehistoric man, Charles Darwin is a link in the chain of evidence which proves that the Garden of Eden was several thousands miles long, according to Dr. Giddings—Detroit Free Press.

TO GROW HAIR ON A BALD HEAD

By A SPECIALIST

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavender de Compose, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.

Dr. Giddings believes, indicates that the 10,000 mile strip of land extending from Java to England saw the development of man from ape at approximately the same time.
