PEACE TERMS ELECTION ISSUE

London, Nov. 13.—(British Wireless Service)—One of the principal issues at the forthcoming general election will be the nature of the peace settlement. It will mean the settlement of the world.

Premier Lloyd George made this announcement in an address to his Liberal supporters on November 11.

"What are the principles on which that settlement is to be effected?" he asked. "Are we to lapse back into the old national rivalries, animosities and competitive armaments, or are we to initiate the reign on earth of the Prince of Peace? It is the duty of Liberalism to use its influence to ensure that it shall be a reign of peace."

"What are conditions of peace? They must lead to a settlement which will be fundamentally just. No settlement that contravenes the principles of eternal justice will be a permanent one. The peace of 1871 imposed by Germany on France outraged all the principles of justice and fair play. Let us be warned by that example."

"We must not allow any sense of revenge, any spirit of greed, any grasping desire to override the fundamental principles of righteousness. Vigorous attempts will be made to hector and bully the government in an endeavor to make them depart from the strict principles of right and to satisfy some base, sordid, squalid ideas of vengeance and of avarice. We must relentlessly set our faces against that."

"The mandate of this government at the forthcoming election will mean that the British delegation to the peace congress will be in favor of a just peace."

Canada's "Scrap of Paper"

Good as Guinea Gold

IN Canada, as in all right-thinking nations, good faith is the foundation of all our business dealings. Without a sound basis of credit our whole financial structure would crumble and decay.

Credit is the belief of the creditor in the borrower's intention and ability to pay.

You do not hesitate to exchange your silver quarters for a Dollar Bill, because you know that Dollar is as good as Guinea Gold. Yet a Dollar Bill is only a "scrap of paper" bearing Canada's statement that it will pay one hundred cents for it.

You have read that statement so often that you have come to accept it without question.

And Canada has always made good its promises concerning every "scrap of paper" it has ever put on the market.

From the standpoint of patriotism your duty is clear. But, apart from any consideration of duty and patriotism, Canada's Victory Bonds represent the safest, surest and best investment in the world today.

Canada is now offering to investors Dominion of Canada Bonds, bearing interest at 5½ per cent. per annum. The interest is payable half yearly, and the Bonds are issued in denominations of \$50, \$100, \$500 and \$1,000, making a most attractive and profitable investment.

It is Canada's desire that Bonds of the Victory Loan, 1918, be distributed as widely as possible among private individuals.

The last Victory Loan, which was largely oversubscribed, had more than 800,000 subscribers, or 1 in 9, of the entire population of Canada.

Every available dollar of private capital in Canada is urgently needed to surpass that record. Buy Victory Bonds—they are good as Guinea Gold.
