L. O. A. GRAND LODGE SESSIONS
The Provincial Grand Lodge of the L. O. A. of Newfoundland, which met on Saturday last, the attendance was the largest of record. An address of welcome was presented by Carbonell Lodge, to which Rev. R. H. Maddock and Mr. J. E. Currie replied. The Grand Master's address was then delivered. It dealt with the principal events of the year and matters of importance to the Association. It showed that 20 per cent, or one-fifth of our volunteers for active service in the Army and Navy altogether belong to the Orange Society. The total membership is now 15,500. The other reports were also encouraging.
Thursday morning the members attended the Methodist Church, Rev. F. R. Matthews being the preacher. A tea, followed by a concert was given by the Ladies' Aid the same evening.
Among the many matters considered were the questions of Sunday observance, Temperance, Permanent Disaster Fund, etc. Petitions will go to the Legislature for an extension of the Temperance laws so that each District may be able to decide by popular vote that the carriage of intoxicating liquors in its borders must cease. Rev. Squires, Morrison, Puddister and Currie were elected as delegates to the Triennial Council meeting at Winnipeg in July, and Bro. J. C. Puddister was elected as the delegate to the Sovereign Grand Lodge. Coley's Point was selected as the next place of meeting on first ballot. The officers elected for the ensuing year are as follows:—

WAR NEWS
The capture of the Austrian fortress with about 120,000 men, including nine generals and 2,000 officers, is the most important war news this week. Memei, which the Russians occupied a few days ago, has been recaptured by the Germans. The German submarine U-29 has been lost with all hands.
Operations in the Dardanelles have been hampered lately owing to bad weather conditions. General Botha won a victory over the German forces recently in S. W. Africa. German business men are growing very dependent regarding the issue of the war.
War between Italy and Austria is more than probable. Greece is also likely to join in the conflict soon. British airmen dropped bombs on German submarines being constructed near Antwerp, doing much damage.
The Allied troops in Belgium, France and Alsace have made some advance during the week. The Turks have abandoned their military offensive against Egypt.

Mr. Engine Buyer:
In the Mammoth CALLE PERFECTION factory there is but one standard of efficiency that applies to every motor that leaves the plant—whether it be a 2 h.p. or a 30 h.p. And this standard is of such high quality that we are willing to allow you to
Write Your Own Guarantee
on any PERFECTION motor you may buy. This is a privilege that no other marine motor builder has ever dared to offer.
The PERFECTION engine equipped with igniter—needing no Magneto, Batteries, Coils or Timers and costing only about the price of 2 years' batteries—has all other engines trimmed to a standstill. This igniter has proven so successful that it is meeting with great persecution.

Sealing News
A message from the Gulf says the Bonaventure and Seal were in the main patch and would load in a few days. All the other steamers are jammed.
News from the 'Cont' is not very encouraging. All the steamers have been jammed and none are reported with seals. Morizel hopes to get free to sea owing to a swell in ice. Langoon at La Saie and Cape John have done very well with the seals.
