

And Become a Perfect Man

ist, to give it the full, real test so you may appreciate what a perfect Rupture holding Lock it really is. If it does not prove all we claim after the required test, it will not cost you a cent.

The Real Secret of Healing Rupture

To successfully co-operate with Nature in the work of healing, the supporting tissue must be so constructed that the ruptured part overgrows and draws together the ruptured opening instead of pressing directly into it. The trusses of today are sadly lacking in this quality. They give a direct pressure into the opening, which cannot help but enlarge it, making it that much harder to retain the bowel later on, resulting in uncontrollable rupture with serious complications.

The **SCHULLING RUPTURE LOCK** was invented to overcome just such faults. It is made to comply with Nature's laws and reach the objective point by the safest and shortest possible route. That it has succeeded is best told by the thousands who are now singing its praises in every corner of our land. This is the **RUPTURE LOCK** that you get on a 30 DAY TRIAL.

TIME TO ACT.

Editor Cotton's Weekly: The world totters. The supreme moment has come. We must make the great decision now. Delay it and it will be deferred for years.

It is time for agitators to propose something more than timid propaganda measures and distribution of charity.

Let us then demand of the Dominion parliament that they:

1.—Seize the trusts, the mills, the mines, the manufacturing, the transportation lines and operate them for the benefit of the people.
2.—Supply the people's needs, establish depots of supplies in all parts of the nation with goods to be sold at cost. Build national hotels, build comfortable, sanitary homes to rent at low rates. Pension the unemployed.
3.—Establish public work on a scale large enough and widespread enough to employ every able bodied man and woman in Canada who may ask for employment. This employment to be direct and not through contractors.
4.—Pay with government money for all labor, material, supplies, public administration, etc., and make that money a legal tender redeemable by the government in commodities and services at cost.

Now is the time to act.

GENERAL NATURE OF PROFITS.

To explain, therefore, the general nature of profits, you must start from the theorem that, on an average, commodities are sold at their real values, and that PROFITS ARE DERIVED FROM SELLING THEM AT THEIR VALUE.

Let us then demand of the Dominion parliament that they:

1.—Seize the trusts, the mills, the mines, the manufacturing, the transportation lines and operate them for the benefit of the people.
2.—Supply the people's needs, establish depots of supplies in all parts of the nation with goods to be sold at cost. Build national hotels, build comfortable, sanitary homes to rent at low rates. Pension the unemployed.
