WERE DISCUSSED AT MEETING RECENTLY

The Chairman's Statement Showing the Condition of Mine and Smelter -Appointment of Directors.

At the sixth ordinary general meeting of the shareholders of the Tyee Copper holders, representing between us nearly Company, Ltd., in London, last month, 20,000 shares. In conclusion, allow me an interesting discussion took place in connection with the retirement of two of so kindly placed in us in the past. We the directors. The condition of the mine and smelter was clearly outlined by the chairman, T. H. Wilson, in the following remarks: Gentlemen:—Before moving the adoption of the accounts you will remarks: Gentlemen:—Before moving the adoption of the accounts you will doubtless expect from me a few remarks on the several accounts. As promised you list year, we have given you a short revenue account, which explains fully how the money earned has been disposed of. I will take the accounts in the order they appear in the report. On the debit side of the profit and loss account the amounts are given in details, so that any loss account the and Mr. Hodges being forced off the land Mr. Hodges being forced off th side of the profit and loss account the amounts are given in details, so that any remarks would be superfluous, except the charge at the bottom of the page—difference in exchange, £1,194 8s. 11d. with them. But that we were at variance with our three ed Accountants of British Columbia. On the credit side everything speaks for itself, but of course I shall be very co-directors. We felt that in face of the pleased to answer any questions afterpleased to answer any questions after-wards. The first two items in the rev-the position of our company's affairs did wards. The first two items in the revenue account refer to dividends paid, the one of 5 per cent. being on account of the year ending April, 1904, and the other the interim dividend, paid in December, 1904. The amount of £11,062 6s. 5d. has been placed to reserve, as agreed the position of the mine in the light of the position of the mine the payment of an interim dividend. We considered it as wiser policy to position of an interim dividend. We considered it as wiser policy to position of an interim dividend. The next item of £6,760 8s. 6d. is placed on deposit at our bankers, and may be used for the requirements of the mine, but not for dividends.

They appeared to be determined to pay the amount written off plant, mine and the dividend under all circumstances, smelter is £9,937 7s. This is the amount and knowing that they were in the maspent upon new buildings, machinery, etc., but as we have no spare capital, position to make, the question a matter spent upon new buildings, machinery, etc., but as we have no spare capital, your directors felt that the best way to deal with it was to write it off. With regard to income tax, this is divided over three years as to payment, but must be provided for. On the credit side there is one item of £836 1s. 10d. This is the interest received from the reserve fundinvestments, and is credited to that fund. I now come down to the balance sheet.

Sundry took up the extraordinary position to make, the question a matter of voting only. I regret to say that Mr. Straube and myself had to content our selves with recording our protest. The folly of declaring this interim dividend showed itself very soon. The dividend was paid in December last, and in January of this year Mr. Clermont Livingstom had to propose, in consequence of the failure to find fresh ore bodies, to reduce our output from 5.000 to 4.000 Sundry creditors have been all paid, with reduce our output from 5,000 to 4,000 the exception of the income tax. Two Able Advocates of Socialism and Single Tax Meet on the Platform.

Two of the ablest expositions on the questions of single tax and socialism ever listened to in the city of Victoria were presented at the A. O. U. W. hall last evening by John Z. White, of Chicago, and Editor Kingsley of the Western Clarion, Vancouver. The addresses were given in the form of a debate, which had the effect of bringing out the most salient principles of both questions. The hall was well filled, there being in attendance strong sympathizers of both theories. Dr. Ernest Hall presided, and in a few opening remarks limited the speakers to twenty minutes each for the first round, giving then Mr. Kingsley An important real estate deal is reported to be pending, and if the rumor is at all minutes.
