ST. JOHN PRESBYTERY.

The Business Transacted at Last Week's Meeting in St. Andrew's Church.

Some Interesting Facts and Figures in the Statistical Report-S. S. Meeting.

A regular meeting of the St. John pres bytery was held in St. Andrew's church May 1st. Thei morping May 1st. The morning ression opened at 10 o'clock, Moderator Rev. John Anderson in the chair. The attendance of members was large.

After routine a brief report was received from Scotch Ridge. On motion, the committee appointed at a previous meeting to consider this matter was discharged.

The report on statistics was read by Rev. L. G. Macneill, Substantially it was as follows:

Your committee are pleased to report a your committee are pleased to report a greater degree of punctuality in the filling and forwarding of congregational reports this year than in the past. Some congrega-tions did not need a second reminder; others did not need a third before they forwarded the returns to the convener, and yet the imprevement has not enabled the committee to present their report to presbytery before having to forward it to the assembly's con-vener. The moderators of the vacant ses-sions of Hampton, Sheffield and Shediac failed to secure reports from those charges. The committee desire to urge very strongly that in future every moderator of session prepare his statistics early in January, so that the tabulated report may be in before the presbytery that meets on the first Tues. day in March. There are now 28 congregations, 8 mission

charges and 8 mission groups of stations within the bounds of Presbytery. Five congregations are vacant out of the 28; only 3 of the mission fields were under ordained missionaries. The presbytery is doing its utmost to supply 138 churches and mission stations, extending from St. Francis to Buc-touche. In these churches there is seating capacity for 19,480 persens; number of families reported, 2,905, a decrease of 14 since last year. Most of our congregations report an increase in the number of families.

There are 4,847 communicants on the roll, 314 were added and 143' removed by death; net increase 171. There were 315 baptisms. of which 284 were infants and 31 adultstwo less than last year. We have 176 elders and 253 other office bearers-a decrease of

46 since last year. An average of 1,482 attended weekly prayer meetings as against 1,526 last year-decrease 44. Five hundred and forty-seven teachers are reported as having charge of 5,073 children in Sunday schools-an increase of 482 schelars-decrease of 4 teach-

There are 9 missionary associations, 17 Woman's F. M. societies, and 7 H. M. soci-eties. Nineteen congregations have manses. Within the year 4 churches and 1 manse were erected; \$28,376 were received from all sources for stipend, of which \$25,949 was paid by our congregations alone, an increase of \$897 over last year. Three congregations are reported in arrears—St. John (St. John), Richmond and Buctouche;

How to Turn Back the Clock.

"What time is it, Maggie?" said John, with an uneasy sense that he ought to be on his homeward way. "I'll go and look," she arswered. Stepping

quietly into the kitchen the girl pushed the clock hands back an hour, and returning, said, "lu's only half past nine by our clock; you can stay an hour longer."

So John stayed, for lovers are never eager te part and he needed no coaxing. The next morning, however, he overslept himself, and Maggie's father, at his breakfast, having mused the train he intended to journey by that day, wondered how the good old clock remember-that we can set back the clock.

MAY DAY IN LONDON.

Meeting in Hyde Park at Which Anarchists are Roughly Handled.

LONDON, May 1.- A small May day meet ing in Hyde Park today led to an exciting scene, during which a number of anarchists were roughly handled. The anarchists attempted te hold a meeting in Hyde Park, with the object of expressing sympathy with Henry Fex and other anarchists now ing the past five months with a large degree of success. Uhere was due to him \$55.19. On motion of Rev. Mr. Macneill it was resolved that the report of Mr. McKay be received and that the amount due him be in prison. The chief English and foreign anarchist leaders were present at the meet-ing, and the speakers included Louis E. Michael of Paris and Editor Samuels of the Rev. Mr. Macueill read a report from the travelling missionary, Rev. James Ross. The writer gave a detailed account of the work he had done during the winter and spring. Mr. Ross said his work had been Commonweal, an anarchist organ. While Mr. Samuels was extolling the deeds of Henry and other "martyrs" he used ex-pressions which aroused cries of indignation from those in the crowd who were net in

organ of the plant, of every external condi-tion. It is in one point of view the study

of hard and faithful work on the part of the late pastor. On the Monday morning before bis departure, Mr. Ingram met with the Baptist Ministers' conference, and was bidlen an affectionate farewell by his brethren in the ministry, and furnished with a testimonial commending him to the Christian re-gard and confidence of those among whom his lot is to be cast. We understand that the field to which Mr. Ingram goes-near Houlton—is an interesting and promising one, and the people are looking forward hopefully for the Divine blessing to rest upon his labors. We trust that Bro. Ingram may be greatly blessed in his work.—[Visi-

practical purposes ten years younger. For, although a clock face locks the same no matter what time it is, a human face doesn't. That charges with the condition of the "works," or the life behind it. The letter goes on thus: "In the spring of 1880 I felt weak and low. I had a bad taste in the mouth and a thick slimy phlegm,cov-ered my mouth and tongue. I was sick in a morning, retching and vomiting a watery flaid. I had great pain in the head and was

hold. I had great pain in the head and was very mazy, being at times so bad I could hardly stand upon my feet. After eating the simplest food I had dreadful pain in my chest, and a tightness across the chest and sides. For hours together I have sat before the first rule and great to try and gat rethe fire rubbing my chest to try and get re-lief. I had great pain in the left side and

little sleep at night on account of it. "Gradually I grew weaker and weaker until I could scarcely about the house, and but for the necessity of attending to my family, I should have been laid up. My lite was a burden and a misery to me, and 1 often wished myself dead. "Sometimes better and at other times

worse: this was my general condition for ten years, during which long period of saf-fering I was treated by the doctor, and took every kind of medicire I could hear

tell of, but get no better. "In November, 1890, I read in a book of a medicine called Mother Seig i's Curative Syrup, and got a bottle from Mr. E. Banks, it book time to fully restore me. But I am now in better health than I ever was in my life, and my recovery has astonished my friends. They tell me I look ten years younger for taking the Syrup. How I wish I had known of it years sooner! My husband and friends had given up all hope of my getting better, but none of us knew of Mother Seigel's Syrup. "On mentioning to the Rev. E. Harries, the Vicar of Curist Church, what had

wrought the cure, he said I should write and let the proprietors know what the Syrup had done for me, so as to benefit others. You may publish this statement as yeu think proper and I will gladly answer inquiries. Yours truly, (signed) (Mrs.) Elizabeth Greenhalgh, 21, Rutland Street, lewton, Pendlebury (near Manchester,) May 14th, 1892."

Thus was this good woman enabled-not to turn back her nominal age, but what was better to recover the priceless treasure of health, without which neither youth nor age has any comfort. Her malady was the same wretched indigestion and dyspepsia, the curse of all ages and nations.
