### PROVINCIAL POLITICS.

Spontaneous Opposition to Govern-ment in All Parts of Country.

GAGETOWN, Sept. 18.-A call has been issued for a convention of the op-ponents of the government in Queens Co., to be held at the shiretown on Tuesday, October 2nd.

FREDERICTON, Sept. 18.—J. D. Hazen, M. P. P., leader of the opposition, and Parker Glasier, M. P. P., will address the electors of Sunbury Co. at the Court House, Burton, on Friday of next week. Geo. V. McImerney, ex-M. P. for Kent county, may also be present.

WOODSTOCK, Sept. 18.—The opposition leader is putting his programme before the electors of the Upper St. John in a vigorous way. On Monday next Messrs. Hazen and McInerney will speak at Grand Falls; at Andover on Tuesday; and at Centreville on Wednesday. It is understood that Messrs. LaForest, M. P., and Fleming, M. P., will take the platform at these meetings.

DALHOUSIE, Sept. 18.-Albert Mott. M. P. P., formerly a staunch suppor-ter of the local government, has is-sued a card to the electors of Resti-gouche county/announcing his reasons for joining the opposition ranks, Mr. Mott gives good reasons.

### CHARLOTTE IN ARMS

ST. STEPHEN, Sept. 18.—A largely attended meeting of the electors of St. Stephen and Militown in opposition to the local government was held in the Salvation Army hall tonight for the purpose of arranging for a county convention. F. M. Murchle, mayor of St. Stephen, was elected chairman, and J. W. Bichardson secretary.

Stephen, was elected chairman, and J. W. Richardson secretary.
G. W. Ganong, M. P., was the first speakera. He believed that the people of Charlotte should have a chance to express their convictions at the polls. We could afford to be defeated a dozen times rather than to submit to such government as we now have. A convention should be held to choose four good men.

vention should be held to choose four good men.

Geo. J. Clarke was convinced there is a great amount of dissatisfaction throughout this county with the administration of provincial affairs and a strong conviction that an improvement can be made, but not under the present government. There was never a better opportunity to elect four opposition members from this county than at the present time. The people feel that the roads and bridges and their interests generally are neglected. He had no fault to find with the present members personally, but four less subservient and more energetic men can be chosen. He strongly favored a county convention.

be chosen. He strongly favored a county convention.

J. T. Whitlock moved that it is the opinion of this meeting that arrange-ments should be made for a county convention to nominate four opposition candidates to contest the county. Frank C. Murchie, mayor of Mill-town, believed that a convention should be held and that the county of the county.

town, believed that a convention should be held and that the county was never in better shape than at the present time for opposition success. In Mili-town there is a strong and growing dissatisfaction with the present gov-

ernment.

A. I. Teed felt that the conditions in the county were favorable for opposition success. The present combination is disliked and distrusted throughout the province, except in machine circles. There have been no overwhelming majorities in any county for the government. Where the county is so evenly divided it will not be hard to get a majority in opposition. A change is greatly needed. No private corporation, would stand such administration. H. J. McAllister, J. E. Ganong, Fred Morris, E. G. Vroom, J. M. Murchie, E. M. Ganong and J. T. Whitlock spoke along similar lines and Mr. Whitlock's motion was adopted by a similar vote, several liberals being among those in attendance.

The following committee was appointed to arrange for a county convention: J. E. Ganong, A. I. Teed, George J. Clarke, Fred Morrison, J. E. Osborne, J. T. Whitlock and F. C. Murchie. A. I. Teed felt that the conditions in

### TALKS BY HERTSIAN WAVES. m Man Succeeds With His Scientific Experiments.

BCSTON, Sept. 12.—Greenleaf W. Picked of this city has succeeded in Pictario of this city has succeeded in telepaming by Hertsian waves, the huma. Voice being accurately and distinctly reproduced. Recently he constituted an instrument at Cape May by which sounds were transmitted by Hertsian waves over a distance of 40 miles, but today is the first instance in vich articulation has been reproduced. Officials of the Bell Telephone Corpany, who were invited to witness the test, signed a certificate that it was successful. The instruments were in two rooms of Mr. Picard's house, and it remains to be seen whether they will work over greater distances. The inventor does not yet claim that the device will be a commercial success, but hopes to make it such in the near future.

### A PORT ARTHUR SAW MILL

Since the Pigeon River Lumber Co. acquired the Canadian limits of the Alger-Smith Co., they have made an important move in the direction of running their new mill at Port Arthur, Ont., at full time all winter. Manager Pinger has completed arrangements with the railway authorities to put down a track to the mill and the company are to utilize the railway to carry loss to the mill for the winter cut, and through the device of steam pipes, laid to the pond, it is proposed to keep the pond free from ice all winter, and the logs are to be dumped from the cars into the artificially heated water, and taken up the slip through this ingenious means. It can be added that the mill is putting out daily by two shifts 125,000 feet, and the shipments of sawn lumber from the mill average six cars daily.

per pound. The reduction in price on other parts of the animal, however, has already resulted in largely increased

sales.

"Although the cheaper portions of the animal sell for about twenty cents a pound now, where they have been costing twenty-five cents all summer, the price is still higher than it was before the original raise was made. These cattle are fed on grass and the scarcity of the crops was given as the reason for the increase when it was made.

"The choicer cuts, which come from corn-fed animals, are not a bit cheaper today than they have been all summer, Most of the market men are getting thirty cents per pound for them. It is impossible to tell when this price will be reduced but there seems to be no prospect that it will go down in the immediate ferner."

no prospect that it will go down in the immediate future."

Hon. George W. Ross went to the coronation, and when he came back, found his party organ, though not ready to capitulate, still openly suggesting a coalition administration as a way out of the Ontario government's difficulties,

Chronic constipation surely cured or money back. LAXA-CARA TABLETS never fall. Small, chocolate coated, easy to take. Price 35 cents. At drug-

### W. C. T. U. CONVENTION.

Anti-Cigarette Petition — Officers

Mrs. Seymour opened the morning session of the W. C. T. U. at St. Martins yesterday with devotional service. The first business consisted of the election of officers for the ensuing year, which resulted as follows:

President—Mrs. H. Atkinson, Moncton.

Vice-President - Mrs. S. McLeod, Newcastle.

Corresponding Secretary—Mrs. C. A.

Lindow, St. Stephen.

Recording Secretary—Miss Carrie A.

Weldon, Sackville.

Treasurer—Mrs. R. A. Phillips, Fred-

ericton.

Auditor—Mrs. Gilman, Fredericton.

The convention then discussed the question of compulsory education, but came to no decision, no resolution being offered.

question of compulsory education, but came to no decision, no resolution being offered.

At the afternoon session the devotions were led by Mrs. Clark, of St. Stephen. It was decided to send greetings to the provincial meeting of Nova Scotia to be held at Sydney, C. B., on October I, and also to the National Union, which will meet at Portland (Me.), Oct 16.

Mrs. Troy, of Newcastle, reported on anti-narcotics, speaking very strongly in favor of the anti-cigarette petition which will be circulated throughout the province, and presented to the legislature at its next session. She urged that all women should endeavor to obtain as many signatures as possible to the petition which has for its purpose the prohibition of the sale of cigarettes.

Mrs. Seymour read the report of the Little Girls' Home, St. John, and a collection was taken up on its behalf which amounted to \$4.43.

A children's mass meeting was held at 4.30 p. m. The meeting was addressed by Mrs. Burger, of Missouri, She gave a recitation of a bashful schoolboy making his first recitation which was loudly applauded.

The total membership of the union at present is 546. The amount of literature circulated consisted of 50,822 pages. Seventy-one Bibles and Testaments were distributed.

The receipts for the year were \$1,495. The convention appreciated very much the presence of Mrs. Burger, who was of great assistance at the various sessions.

After the devotional services at the various sessions.

GWILYM MILES, BARITONE.

GWILYM MILES, BARITONE.

Mr. Miles will be one of the great artists of the music festival at Victoria, Rink Sept. 29th and 39th.

The first year of the Maine festivals with Nordiae, Rlauvelt and many artists of the music festival at Victoria, Rink Sept. 29th and 39th.

The first year of the Maine festivals with Nordiae, Rlauvelt and many artists of minor reputation and ability, there appeared a young Welshman, new to the music world. His success was phenomenal, his position as a favorite was established, and in making up the annual list of artists year after year. In the more serious work of the oratorios Mr. Miles is positively great. He is in constant demand by all the oratorios Mr. Miles is account of his peculiar ability. His rendition of the Requiem, by Verdi, will undoubtedly be a delightful treat, as he has already won many laurels by reason of this work in other cities.

'NEW BRUNSWICK SPOTTER

Last week some twenty informations of violations of the prohibitory liquor law were laid before Trial Justice Hansom Norton, of Houlton, Me. The evidence in twelve of the cases was considered sufficient to convict the accused, and judgments were rendered accordingly. Fines and imprisonments were imposed in each conviction: the fines ranging from \$50 to \$200, and the terms, months. All of the convictions were of imprisonment from one to six made on the evidence of one witness, Frank Myshrall, a native and a resident of the province of New Brunswick, but who had for a time been working for County Commissioner Dunn. 'Appeals to the supreme judicial court were made in all of the cases, and further hearing might have been had at the present session of the court, but on Monday, the day before the opening of the court the sole witness, Frank Myshrall was spirited away, and has since been about as non-findable as the Florenceville bank robbers.

UP IN AROOSTOOK.

Potato Crop Will Be Poor in Quality This Year.

This Year.

Aroostook farmers are having spleadid weather to finish up harvesting; and grain is proving to be an abundant crop. But it is different with potatoes; for while the yield of this staple product is about up to the average the quality is considerably below. Blight struck some fields before the tubers were half developed and the consequence is a failure of the crop. From 25 to 40 per cent. of the crop, varying in different fields, will be unmerchantable except for starch factories. Some of the starch factories will open operations this week; but prices will be uncertain. In another week digging will

### BOARDING.

THE NEW VICTORIA HOTEL can accommodate a number of boarders for the winter. Bright, warm, well furnished rooms, prompt service, and an excellent table. Hotel overlooks the harbor, and street cars pass the door. There is no more desirable location in the city. Terms are moderate.

be general and it is thought that the small and defective part of the crop will be'so great that prices at the factories will be but little, if any more than enough to pay for digging and hauling. Merchantable potatoes are now worth \$1 a barrel at the stations, and farmers are likely to dispose of all they can at this price. Help for digging commands \$1.25 to \$1.50 per day, and is scarce at that. The help question is a live and rather perplexing one just now. Probably more digging machines than formerly will be put into service this season.

WELL KNOWN IRISHMEN. Interesting Gossip About Davitt, Red-mond and Egan. (Glasgow News.)

Glasgow News.)

Michael Davitt is perhaps the most notable and successful of the left-handed writers in these countries. When a lad he lost his right arm in a mill accident in Lancashire, and then became postman, political prisoner, journalist, member of parliament, and author. Mr. Davitt's left hand writing has a backward slope, and is round and legible. Mr. Davitt in fact, may be said to live by his left-handed pen. John E. Redmond, M. P., who has just got abreast of his 51st birthday, commenced his career as a clerk in the house of commons, of which his father was an influential and highly respected to enter parliament, and was sented to enter parliament, and was returned for the borough of New Ross in 1881. Those were the stormy days in the bowes and a wirehead. "NEW BRUNSWICK SPOTTER
Disappears' From Houlton When He
Is Most Needed.

Last week some twenty informations of violations of the prohibitory liquor law were laid before Trial Justice Ransom Norton, of Houlton, Me. The evidence of the borough of New Ross in 1881. Those were the stormy days in the house, and a wire was sent to Mr. Redmond asking him to travel to London with all speed after his election. He came to Euston, drove direct to the house, and a wire was sent to Mr. Redmond asking him to travel to London with all speed after his election. He came to Euston, drove direct to the horse with a large the stormy days in 1881. Those were the storm days in 1881. Those were the stormy days in 1881. Those we

pelled with his colleagues on the same night.

Patrick Egan, who has seceded from the Clan-ne-Gael organization in America because it has decided to oppose, the United Irish League, was, as a young man, closely associated with the Fenian movement. He was a clerk in a flour mill in Dublin, noted for his abilities and energy. He took a part in promoting the return of Colonel King Harman as a conservative home ruler in 1874, and was a leader in the "amnesty" movement of the period. He joined Mr. Parnell's movement, and became the treasurer of the Land League, in which capacity he found it necessary to fly the country. In New York he was warmly received, and the republican party sent him as United States minister to Chill. When the revolution broke out, Mr. Egan took the un-Irish course of supporting the government, and his close relations with the Dictator Balmaceda were the subject of loud complaints from the congressional representatives. When Balmaceda finally fell, Mr. Egan soon had to return to the U. S. A., and he has not held any diplomatic appointment since.
