Mr. R. H. McIntyre, of 109 Princess street, lost a valuable walking-stick while at the Prediction exhibition. He advertised his loss in the Star and was much gratified today to receive the cane by express. It had been found at the fair grounds on the 18th inst.

Tomorrow on the Shamrock grounds two games of football of the Intermediate Football League will take place, beginning at 2:30 sharp. The first game will be between the Victorias and La Tours, and the second between the C. B. U.'s and the Miennas.

The funeral of the late Miss Sarah A. McCaskery, was held this morning at 8:30 to St. John the Baptist Church where Requiem High Mass was celebrated by Rev. Father Chapman. Interment was made in the new Catholic cemetery.

A Calais lady, while crossing the International bridge on Saturday last, picked up a roll containing currency to the value of \$385 that had been unconsciously dropped by a gentleman just ahead of her. The owner of the "pile" was overtaken and his joy at recovering the money may easily be imagined.—Courier.

A double wedding anniversary was celebrated at the home of Rev. B. H. Nobles last evening. The couples were Rev. B. H. and Mrs. Nobles, and Dr. and Mrs. M. H. McDonald, of Hampton. While on his way from Lake Road, Elgin, to Hillsboro, last Saturday, George Bishop met a big bear on the road between Prospect Brook and Rosevale. Mr. Bishop passed within ten yards of Bruin, who did not seem to be offended with the presence of the intruder. After leisurely sauntering along for some moments he tripped off into the nearby woods and was lost to view.—Hillsboro Journal.

While attempting to clear the conveyor from the wood room to the fire room at the St. Croix Paper Mill at Woodville, Tuesday, a man had become clogged with blocks, Lawrence Peterson, a Dane, had his right foot caught by the chain and was dragged to the sprocket wheel of the carrier, which crushed the limb in a terrible manner. He was brought down to Calais by the morning train and taken to Chipman hospital, where it was found necessary to amputate the injured member. Peterson had been in this country but a short time, and is unable to speak English.—Courier.

Ottawa police are making inquiries as to the whereabouts and record of a man named J. F. Lang, who went there some weeks ago and posed as a New Yorker of great wealth. He made a most ostentatious display for some time, and obtained considerable credit from local tradesmen. About two weeks ago he married Miss Margaret Foran, a young lady of good family. A week later he left for New York alone, and numerous creditors are now mourning his disappearance. It has been ascertained that his real name is Lavergne, and that at the New York address he gave there is a Mrs. Lavergne, who owns her own living as a dressmaker.

Mr. Tardis, of Limestone, the nineteen-year-old boy, who was indicted for manslaughter at the present term of the supreme court in Houlton, on the charge of killing his two young companions, while on a hunting excursion, recently, was brought to this city Tuesday afternoon and at the order of the court committed to the charge of Supt. Mitchell, of the Eastern Maine Insane Hospital for observation, as is customary in cases where a person accused of a crime pleads insanity as a mitigating fact. Young Tardis will be confined at the hospital until released by order of the court and Dr. Mitchell will make a report at the next criminal session of the supreme court for Aroostook county.—Bangor Commercial.

The Moncton Exhibition Association is not losing sight of the proposal to hold an exhibition here next year. It is generally recognized that in order to ensure the success of such an affair some steps in advance must be taken and Secretary Welch leaves this week for Halifax, to make enquiries and look over the grounds there. It is likely that as a result plans of buildings will be prepared during the winter so that the work of erection may be commenced in the spring or early winter. Moncton's central location at the outset insures the success of an inter-provincial fair and it is likely that an attendance of fifty thousand people would be possible. The advantages of such an exhibition to the community need not be pointed out and there is no doubt that the enterprise of the Exhibition Association will meet with every encouragement.—Transcript.

ONLY ONE MORE DAY IN LIMERICK CONTEST

Don't Stick the Stamps on the Coupons.

Number of Answers is Fairly Large—A Good Many are Expected by Star Today

One lady who sent a reply in the Star's Limerick contest carefully pasted the stamps on the front of the coupon, so that they would not come off. This is not the best plan. Another competitor let the stamps stick together, ruining them. This is not a very good scheme either.

Only one more day remains in this week's contest, and while the time is short there will be ample opportunity for all who think they can provide suitable lines to complete the verse. While it should be easy to add a line to such a simple little verse as is given for this week, and of course the more entries, the larger the prize. It will be well worth the trouble taken, and next week the Star hopes to distribute a considerably larger amount. A few answers came in this morning, and it is hoped that a larger lot will be received before noon tomorrow. Competitors are asked to cut out the coupon on page 4, fill in the blanks, and enclose it with ten cents to "Limerick, Star Office." The total amount received will be divided into three prizes in the ratio of 50, 30 and 20 per cent. The verse this week is as follows:

There was a sweet girl named May,
Who went early to school every day,
She was first in her class,
And felt sure she would pass,

VICTORIA LODGE WANTS A PROHIBITORY LAW

Resolution to This Effect Passed at a Meeting Held at Plaster Rock

Victoria County District Lodge, International Order Good Templars, held its regular quarterly sessions at Plaster Rock, Wednesday, September 24th. The next session opened at 10:30. Ernest H. Morris, of Arthurette, acting district chief templar, in the chair. A number of delegates were introduced and received the district lodge degree. In the afternoon the Grand Chief Templar, J. Vernon Jackson, of Moncton, was officially received, also Prof. John A. Nichols, Grand Lodge Lecturer. The grand chief delivered an interesting address on the general work of the order. It was voted to hold the next meeting in December at Plaster Rock. The committee on resolutions proposed the following resolutions which were unanimously adopted:

Resolved: that we heartily endorse the actions of the New Brunswick Temperance Federation in requesting from the government of the province the introduction into the legislature and passage of a prohibitory law along the line of the east coast of force in Prince Edward Island, and believe that this should be made a test question at the next general election in this province, and we believe it to be the duty of the temperance voters of this county to support only candidates pledged to this policy.

Resolved: that we place on record our appreciation of the work done in this district by our Worthy Brother Prof. John A. Nichols. His coming amongst us has been productive of much good, and the truths he has pressed home upon us will have a lasting effect.

In the evening a public meeting was held presided over by E. H. Morris. The hall was packed to the doors, many being unable to get in. Addresses were delivered by Grand Chief Templar Jackson, Rev. T. D. Bell, Grand Chaplain, and Prof. John A. Nichols.

THERE MAY BE FEEBLE M.N.O.D WOMEN HERE AFTER ALL

Miss Grace Murphy Explains What Was Really Intended in Her Report to the National Council

There may be some weak minded women in New Brunswick after all. A report of the meeting of the local Council of Women, which was held on Wednesday, was sent to the Star yesterday, presumably by one of the officers. In this report it was stated that the President, Mrs. McLeish, had said, in telling of the meeting of the National Council in Vancouver, that much amusement was caused by Miss Grace Murphy's report on feeble minded women, to the effect that she "had made exhaustive enquiries and had come to the conclusion that there were no feeble minded women in New Brunswick."

In a note to the Star today, Miss Murphy asks that a correction be made. Her report, she says, was that after writing to medical men, clergymen and others in different parts of the province, she was unable to get any statistics with regard to feeble minded women. None seem to have come under observation of those to whom enquiry was made.

C. F. R. SUBURBAN SERVICE.
The train service which has been in effect this summer in suburban territory between St. John and Wolford will be withdrawn after Saturday, Sept. 25th.

OATMEAL HAS TAKEN ANOTHER BIG JUMP

The market for oats as described in yesterday's Star, developed a new feature today when the price of Tillson's oatmeal was advanced 40c per barrel by the local dealers. The increase is due entirely to the boosting in the price of oats. Since September 1st oatmeal has advanced about \$1.00 per barrel. A remarkable feature of the situation is that oatmeal is actually quoted today by local dealers at a less figure than the cost of the goods delivered at St. John. The selling price today is \$6.00 per barrel, the cost, f.o.b. cars, St. John, is \$5.20. The result of these circumstances will be an immediate rise in prices in the local market. This increase will probably amount to 50c per barrel.

A young man's future depends upon the use he makes of his evenings. The St. John Business College Evening Classes have enabled hosts of young men and women to make the best use of their time, and to fit themselves for pleasant and profitable positions. They have qualified hosts of others, holding positions, for promotion. These classes re-open Monday, Sept. 29th.
