

## TEACHERS INSTITUTE MEETS

Many Important and Instructive Papers on School Work—Urge Necessity of Industrial and Agricultural Education—Would Prevent Children Leaving in Lower Grades.

Newcastle, Oct. 30.—The thirty-third annual session of the Northumberland County Teachers Institute met at Blackville, yesterday, Principal Harrison of Chatham presiding, and 70 teachers besides Inspector G. W. Merseure and Agricultural Director R. P. Steeves in attendance.

Inspector Merseure urged greater care of pupils during recess. Children's play should be supervised. Mr. Steeves urged a better regulated system of play. School gardens would greatly interest children and help to keep them in school studies. The following committees were appointed:

Nominating—Inspector Merseure, Misses K. L. B. McLean and M. J. Dunn.

Auditing—G. A. Whitham, A. L. Barry and H. S. Murray.

Resolutions—H. H. Stuart, L. R. Hetherington, Miss Lottie E. Underhill.

The following excellent model lessons were taught:

Number—Miss Mary A. Underhill. Writing—Miss Stella C. Power.

Current Topics—Principal Amasa Ryder.

The preceding lessons were discussed by Principal Harrison, Inspector Merseure, Miss McLean and Messrs. Stuart and Barry.

Miss Underhill was warmly commended for her lesson on Number.

Miss Power taught the Palmer method of writing very successfully.

Principal Ryder showed that his class was as well up in current history as in ancient.

Mr. Steeves strongly urged more attention to nature study and school gardening. Now 50 per cent. of school children leave in grade VI, and only 5 per cent. reach the high school and 1 per cent. go through college. He thought this was largely due to lack of practical education. People leave the farm because they have not been taught to appreciate farm life. If the child is taught agriculture he will neither want to leave school nor the farm.

The following enrolled: Miss Jean Adams, Strathadam; Miss Josie H. Appleby, Derby Jet; Miss Mary Appleby, Blissett; Miss Astelle B. Bamford, Doaktown; A. L. Barry, Newcastle; Miss K. C. Buckley, Doaktown; Miss A. M. Carroll, Bay du Vin; Miss E. Estelle Carruthers, Chatham; F. J. Daley, South Nelson; Miss Marjorie E. Davidson, Newcastle; Miss Margaret M. Wood, Doaktown; Miss S. Rae, Ferry Road; Miss Margaret Reynolds, Lower Derby; Miss Alice Robichaud, East Ragsville; Miss Mary A. Ryan, Chatham; Amasa Ryder, Blackville; Miss Sarah H. Saunders, Upper Nelson; Miss L. Beatrice Simms, Doaktown; Henry Harvey Stuart, Doaktown; Miss Mina J. Sutherland, Ragsville; Miss Josie M. Ulloch, Black River Bridge; Miss Lottie A. Underhill, Underhill; Miss May A. Underhill, Blackville; Miss Ruby M. Underhill, Gratton; Miss S. E. Urquhart, Chapin Road; Miss May S. Warren, Ludlow; Geo. A. Watson, Doaktown; Miss Victoria C. Wright, Chatham; Miss Laura H. Young, Tabusintac.

Newcastle, Oct. 31.—Blackville public hall was filled last night, fully 100 people attending the public meeting of the Teachers' Institute. Several addresses were given and excellent music provided. The programme was as follows:

Selection by Blackville orchestra; opening remarks by chairman, address of welcome by D. G. Schofield, secretary to trustees; reply by President G. H. Harrison; vocal solo, Miss Laura McCarthy; address, Rev. L. Beaton; violin solo, Thomas Ross; address, Herman S. Murray, director manual training, Chatham; selection by orchestra; address by Principal H. H. Stuart, of Doaktown; vocal solo, Melvin Ross; remarks by chairman, address by R. P. Steeves, M. A., director of agricultural education; God Save the King.

Rev. Mr. Beaton reminded the teachers that they were laying a broad foundation for the future. He remarked the mildness of the discipline now compared with that of fifty years ago.

Mr. Murray advocated, in a powerful address, greater attention to industrial education. He claimed there were enough professional men in the country now, and far too many middlemen. The results of the old system of education were far from satisfactory. Not two per cent. of the pupils complete the course, and this in many cases was not from financial reasons, but because pupils were not interested in school, undesirable citizens being thus produced. The teachers

Principal Stuart urged the curing of so much inattention to school, which results from either the carelessness or poverty of the parent, by intelligently effective compulsory education. Children should not be allowed to lose an education by having to go to work too early. The poorest should have an equal chance. Miscellaneous schools gave children a poor chance. Smaller districts should consolidate, giving villages as good schools as towns. Such centres at Blackville with five or six smaller places within three or four miles were ideal places for consolidation. The "West filling up," emigration westward, would soon have to cease, and the people in the east would have to learn to improve their farms and live in much smaller spaces.

R. P. Steeves told of the \$44,000 New Brunswick school grant received this year for the Dominion for agricultural instruction. This would be largely used to promote school gardening. The grant would gradually increase for ten years. Teachers would be grouped under travelling instructors trained in agriculture and domestic science and possibly in manual work. They would spend part of the week in each school and not interfere with the ordinary work. Inspector Merseure warmly commended the paper and seconded his suggestions.

## WET WEATHER HURTS CROPS

One Farmer in Vicinity of Albert has Fourteen Acres of Ruined Grain—Dykes Give Way.

Albert, Oct. 31.—The month ending today has been unique in regard to weather conditions in this country. Immense losses have resulted on account of the warm wet weather. Fully one-third of the grain crop is out in the fields, and the rest, barley and buckwheat, is like the soaked and sprouted, and in many instances almost valueless.

A farmer residing in the parish of Hillsborough, informed The Standard correspondent today that he had fourteen acres of grain lying out on his fields. Fully half of the potatoes are in the fields unharvested.

The times today were the highest of the year in the Sheepdy River. In many places the water soaked dykes gave way and the adjacent marshes are inundated.

The time table of the Salisbury and Albert railway will be changed tomorrow, and thereafter the regular train will leave Albert at 6 a. m., returning at 3 p. m.

Hugh Morley, of Forest Dale, cut his foot very badly. The axe he was using was driven through his instep just below the ankle. He will be laid up for some time.

The hearing of a case in the police court today wherein a man from Turin was charged with obtaining a horse under and by false pretences was adjourned for a week for judgment.
