

This week I am pleased to be able to acknowledge the first receipts to wards the aove fund. This of course does not by any means represent the full amount collected, but shows the amount actually received. I trust you will all do your very best to make this amount increase seak week, but nat-urally you must have the collecting cards to enable you to gather the mon-ey for the fund, so, will those who have not as yet written, send at once. I have much pleasure in acknowledging the following: M. G. St. John, N. B. \$1; a nephew, St. John, N. B., 50c; E. Gunn (col-lecting card) 45c; T. E. Manite (collecting card) 15c.-\$2:10. Magazine, toys, etc: Estelle Lawford, parcel of magazines; Molly Law-ford, parcel of magazines. The following are the particulars of the fund. Will all my kiddles who read this Corner every week, help me to provide a big fund, for the purpose of giving a toy or gift to boys and girls whose fathers will not be able to see that their stockings are filled his coming Xmas? You can help me in three ways. First, by making toys, dressing dolls, etc. Second by giving a cent or two each week. Third by setting your friends to assist you. I have some special collecting cards which have squares market out on Very interesting to tell you, and will also introduce a new feature into the Corner, so be sure and don't miss your special part of the Stand-ard on that day. With best wishes to all my kiddles, From Your

ommunications must be addressed to Uncle Dick

UNCLE DICK. The Standard, St. John, N. B.

St. John, N. B. and be marked in the top left hand corner "Children's Fund." All articles and subscriptions, received will be acknowledged through this Corner. No prizes are of course offered in this work, as the object, that of helping to make other poor kiddles happier this coming Xmas, ought to be the reason for working very hard. Now my kiddles let me see how well you can all work to make this fund and heap of toys a very large one.

This is open to Boy Scouts also, in fact I shall look for their special assistance
