

CEMETERY BILLS REWARDED FOR RESISTING AN ATTACK BY COMMITTEE

Pine Hill Cemetery and Cedar Hill bills recommended with amendments suggested by their promoters.

Fredericton, April 9.—The Corporation Committee met this morning and re-opened consideration of the Pine Hill Cemetery bill, in order that some new opponents of the bill might be heard. Mr. Amdur, representing owners of sub-division of real estate near the proposed cemetery site, and Mr. W. S. Fisher, on behalf of owners of another sub-division, were heard in opposition to the bill. Promoters then called Mr. G. G. Murdoch, an expert engineer, to show that there would be no drainage from the cemetery on other property, and Mr. R. B. Hanson, on behalf of promoters, replied to opponents of the bill.

The committee next took up consideration of the bill to enlarge the boundaries of Cedar Hill Cemetery, St. John. This bill was opposed by Mr. Tilley, of St. John, among others, and while those for and against were being heard Mr. Carter, of Victoria, acted as chairman of committee. Mr. P. R. Taylor, K. C., on behalf of the St. John Street Railway Company, and Dr. Melvin and Mr. J. R. Armstrong, of the Board of Health of St. John city and county, also appeared in opposition to the bill. Mr. A. J. Gregory, president of the company, gave information as to the number of lots sold and the number remaining available, and Mr. J. A. Barry, solicitor for the company, addressed the committee in favor of the bill, and also requested an amendment to take in another block of land, making a total of nineteen acres added to the cemetery.

The committee, in private session, decided to recommend both bills, with amendments suggested by the promoters.

The Municipalities Committee met this morning and considered the St. John bill to tax fire underwriters agencies. Messrs. F. R. Taylor, Harry Robinson and Harry Prink appeared in opposition to the bill. Mr. J. M. Queen who was present at the meeting was called and asked to give his opinion, and he explained that separate policies were issued by underwriters agencies. The committee decided to recommend the bill.

CANADIAN BORN RESIDENTS OF PASADENA HOLD ANNUAL REUNION

Happy Gathering of Natives of Dominion Described in Letter to Woodstock Lady.

Woodstock, April 7.—A Woodstock lady writes from Pasadena, California, as follows:

With speechmaking and conversational music, the Canadian residents of Pasadena enjoyed their annual reunion held at Hotel Green, 23rd ult. They also elected officers for the coming year, naming J. H. Pearman as president, and R. D. Davis as secretary. A number of the Canadians dined at the "Green" and then attended the reception at which the guests were welcomed. Dr. J. H. McKellar, last year's president of the society, introduced A. J. Wallace, former lieutenant-governor of California. He spoke from the standpoint of a Canadian who has become a thorough American. He formerly was a school teacher in Canada. J. H. Pearman introduced Hon. J. T. Moore of Toronto. J. S. Macdonnell gave some readings from the works of Dr. Drummond. The Perle sextette furnished music. Light refreshments were served.

The library commissioners, Messrs. Carleton, Dibblee, Gordon and Baird, met this week. The report of the librarian, Miss Brown, showed the number of patrons now \$75. The petition of many non-residents for permission to use the books, free, was received and referred to the Town Council, which has decided to grant the petition if there are no objections from the executors of the L. P. Fisher estate which erected the building.

Mr. Con. Tibbitts died very suddenly at the home of his son, Hardon, at Lansdowne, on March 30. He was eighty-two years of age and leaves to mourn a large circle of relatives and friends. Rev. P. J. Quigg attended the funeral services. Interment in the Lansdowne cemetery.

On Tuesday night the Town Council spent until nearly midnight on the estimates. The taxes will be much higher than last year. A communication was received from the town solicitor, as requested by the council, giving as his legal opinion that the police magistrate had no right by law to go to the lock-up and release prisoners as he had done a short time ago, bringing the prisoners properly before him at his office and then dismiss them.

Captain of British Steamer Who Resisted Submarine Attack is Made Lieutenant of Royal Naval Reserve.

London, April 9 (8.17 p.m.)—The government's intention to encourage merchantmen to resist or dodge submarine attacks is emphasized by an official announcement today that Captain John Richard Green, of the steamer Vosges, which was sunk off the Cornish coast on March 27 by the shell fire of a German submarine, has been granted a commission as lieutenant in the Royal Naval Reserve and awarded the Distinguished Service Cross. The other officers of the steamer have been given gold watches and each member of the crew has received three pounds (\$15).

The Vosges was under fire for more than two hours before she was sunk, her chief engineer being killed and two other officers and two members of the crew, as well as a woman passenger being wounded. By skilful handling of his ship Captain Green prevented the torpedoing of the steamer and the submarine opened fire on the ship with her guns. The steamer was getting away from the submarine when a shell hit her funnel and her speed was reduced. As the Vosges was making water the captain ordered his passengers and crew into the boats. Captain Green stated later that the submarine kept up its fire, riddling the boat, and did not disappear until a patrol vessel came on the scene. Soon afterwards the Vosges sank.

POLICE COURT.

Clair Harrison and Walter Perry, reported for stopping their car on the curve at the intersection of Haymarket Square and City Road, appeared in the police court yesterday morning and pleaded that they had received the permission of the commissioner. They said the principal reason that they had stopped on the curve was to allow people alighting from the street car to step on dry ground instead of in the centre of a nice juicy mud puddle. The case will come up on Monday.

Albert Webb and Edmund Belyea, reported for the same offence on

corner of Wall street and Paradise Row, pleaded the same excuse, and their case will also be taken up on Monday.

James Arnberg, reported for conveying meat through the streets of the city without having it properly covered so as to protect it from the dust, pleaded that he was not the driver, and the case was stood over until Monday morning at 11 o'clock.

A. L. See, charged with refusing duty and creating a disturbance on board the S. S. Hochelaga, was remanded to jail. The officers of the ship testified that he had been refusing duty on different occasions during the last three or four months. On these occasions he said he was sick, but the captain testified that the Chinik was more lazy than sick. He endeavored to make trouble for the officers among the other thirty-three Chinese members of the crew.

One drunk was sentenced to a fine of \$3 or thirty days' free board and lodging, while a second imbiber was given the rest cure for two months, with the option of paying eight hundred cents for his release.

Mr. Flewelling then answered the imperative call westward. His many fields of labor, as missionary, priest in charge, or rector, in those newly forming communities, rugged and hustling, tell a tale of energy and push, also with a man of family suggest strongly of sacrifice of home comforts and convenience in his work. In the following order the Rev. Mr. Flewelling's fields of labor for the church were: Brandon, Man., from
