Battery Service Station

MR. CAR OWNER.
Here we are again. Last year we passed a few seasonable tips on battery care to our customers. Now this is to remind you that cold weather will soon be with us, when you must take proper care of your battery. We can assist you in the following way:

WINTER STORAGE

Wet Storage.—Your battery will freeze if allowed to become discharged. Storing a battery under a wet process simply means that your battery will have our individual attention throughout the winter months, inasmuch as we will keep it active and in a charged condition.

ALL WORK GUARANTEED.

Batteries of all makes repaired.

We are prepared to store Batteries for the winter at reasonable rates.

DISTRICT AND GENERAL

Bread in Strathroy is down to 13c a loaf.

David Wagstaff of Caradoc died of blood poisoning ten days after he ran a silver into his finger.

For shooting black squirrels in Caradoc an American was fined \$50 and costs at Mount Brydges.

The onion crop in the Leamington district is so large this year that the price has dropped from \$2.50 to \$1.50 per bag.

At a meeting of the Petrolia school board it was decided to exempt all pupils who take over 50 per cent. on their examinations from home work.

Mount Brydges Farmers' Clubs, formed with a capital of \$20,000, have purchased the K. Kidd property, including elevator, railway siding and weigh scales.

A revision of game laws recently received by the authorities state that there shall be no killing of quail, partridge, black or grey squirrel until November 1st, 1923.

Although ten cars of tomatoes have been shipped from Dutton, there are yet hundreds of the finest variety lying on the ground in that section, most of which will be lost.

It now costs \$8 to get into the United States and \$10 to get out. The theory over there appears to be that a man is willing to pay more to get out of the country than to get into it.

Two Wiarlon men have invented a luminous auto license plate that can be readily read on the darkest night at a distance of 200 feet, that will assist in preventing speeding and theft.

Despite the fact that the fall wheat was sown late the crop has made splendid progress, and in some localities the complaint is made that the growth has been too rapid so heavy is the top.

A car undergoing repair in a Woodstock garage with the engine running slipped into gear and dashed into a store front, doing damage to the extent of two thousand dollars to a plate glass window.

Hundreds of thousands of bushels of corn may be burned as fuel by farmers in northern Nebraska this winter. High-priced coal and a bounteous crop of corn make it profitable to burn the latter in preference to coal. Corn, unshelled, sells for \$15 a ton.

Wilfred McColl, aged 25, of Glencoe, died in Victoria Hospital Sunday from injuries received on October 14, at his farm, south of Glencoe, of Westminster, while filling a silo. The work was almost completed and he, with several other men, jumped to grab the top. On releasing his hold he fell back, lighting on his pitchfork which pierced his abdomen.

The death took place on Wednesday of Henry Penfold, aged 90 years. He was born in Sussex, England, and came to Canada when 20 years of age, travelling by sailboat, the voyage occupying six weeks. He is survived by five sons, three daughters, 37 grandchildren and 32 great-grandchildren. Deceased was one of the pioneers of Delaware and Mount Brydges.

Strange ways have been adopted by shippers to dispose of the apple crop this year, owing to the great shortage of barrels and containers. One shipper located at Kerwood is shipping apples loaded loose in box cars to the Western provinces. There he disposes of them by the bushel to people who come to the cars for them. Forty cars have been shipped out of Kerwood alone by this method so far this year.

Colin McGregor, an old resident of Dutton, passed away at his home early Saturday morning. Mr. McGregor suffered a paralytic stroke some time ago, but was able to get around until the past few days. He had resided in Dutton for nineteen years and at different times had served at the Dutton council board. He is survived by four daughters: Mrs. Graham, Glencoe; Mrs. Weir, Galt; Mrs. McIntyre, Dunwich; and Margaret at home.

The West Lorne Sun says:—Several from this section were visitors at London last week against their will. The same parties attended London Fair, and in their anxiety to get there they exceeded the speed limit, and thus their invitation to visit the city last week. In one case a resident of the township had a broken car which could not go faster than 15 miles per hour, but he was assessed \$8.25 for passing at a certain intersection at a greater speed than twelve and a half miles per hour. Another running at 20 miles per hour paid \$10.25. Judging by what we hear London will see about fifty farmers from this section in their city but few times in future.

APPLEFORD-JAMIESON
The wedding took place at the home of the bride, Crinan, on Wednesday, of Miss Mary Jamieson, eldest daughter of Mrs. James Jamieson; to Harley Appelford, son of Mr. and Mrs. D. F. Appelford, Talbotville. The ceremony was performed under an arch of evergreens trimmed with bells, at 3 p.m., by Rev. Mr. Carr. The bride was given away by her brother, H. J. Jamieson, and carried a shower bouquet of Ophelia roses. The wedding march was played by Miss Margaret McNeil of Strathroy. The bride was dressed in ivory satin with georgette and pearl trimmings, her going away suit being navy blue with hat to match. Mr. and Mrs. Appelford left on a wedding trip to Toronto, and on their return will take up their residence on the groom's farm at Talbotville. The young couple have the best wishes of an exceptionally large circle of friends.

GLENCOE COUNCIL

At the regular meeting of the municipal council of Glencoe on Monday evening the business consisted mainly of passing a number of accounts for payment.

A deputation on behalf of the W. C. T. U. requested a grant of \$200 to aid in furnishing a rest room in the village. This matter was laid over until the next meeting.

On motion of Councillors Davidson and McCracken, the usual grant of \$50 was made to the Mosca and Ekfrid Agricultural Society.

The clerk was instructed to prepare a by-law authorizing the borrowing of an additional \$3,000 from the Merchants Bank at 6 per cent.

At a special meeting of the council held on October 20, Neil McAlpine was appointed collector of taxes for 1920 at a salary of \$90, and the hydro-electric account of \$1,273.07 was ordered to be paid, as well as several general accounts for covering insurance premiums, etc.

At a special meeting held October 20th the treasurer was authorized to sell \$3,000 of City of London bonds at 102 and invest the money, as well as \$50 in the bank in the sinking fund account, in Victory bonds, due Nov. 1, 1923, at 98.

MOSA COUNCIL

A meeting of the Mosca council was held at Newbury on October 10th. Members all present. The minutes of the last meeting were read and approved.

Moved by J. D. McNaughton, seconded by F. J. James, that the report of James M. McGregor, C. E., on the repair of the Hurdle-Hurdle drain be accepted and the clerk is hereby instructed to prepare a by-law to provide funds pro rata with the original assessments of said drain, and that E. Hurdle be appointed commissioner to let and superintend the work. Carried.

A number of the ratemakers of Government Drain No. 2 were present and stated to the council that a large amount of earth from a drain on the county road had been deposited into Government Drain No. 2, thereby obstructing the flow of water, and asked that the council take the matter up with the county council.

It was moved by E. Hurdle, seconded by F. J. James, that the clerk be hereby instructed to write the county clerk, asking him to bring the matter before the county council, and requesting that the obstruction be removed as soon as possible. Carried.

Moved by F. J. James, seconded by J. D. McNaughton, that the following accounts be paid:—The Municipal World, \$1.08, for blank forms; E. F. Roycraft \$4, John A. Leitch \$4, C. C. McNaughton, \$4, for selecting jurors; W. James \$4, Bruce Fletcher \$4, B. Leeson \$4, Ed. Hurdle \$4, for assisting surveying the Hurdle-Hurdle drain; Jas. M. McGregor, C. E., \$86.75, for surveying the McRae drain; \$21 for restaking Government Drain No. 2, \$43 for surveying Munro drain, \$45 for surveying the Hurdle-Hurdle drain; R. J. Petth, \$5.00, for floor got by Oliver Edwards; A. Holman, \$3.71, for groceries got by Oliver Edwards. Carried.

Moved by J. D. McNaughton, seconded by Fred J. James, that Wm. Roycraft be appointed collector at a salary of \$125, and that a former resolution appointing him be hereby rescinded. Carried.

C. C. McNAUGHTON, Clerk.

MacTaggart-Cummings
A pretty wedding was solemnized on Tuesday evening, October 20th, at the home of Mr. and Mrs. W. G. Cummings of Edmonton, Alberta, when their daughter, Myrtila Geneva, became the bride of John Wesley MacTaggart, elder son of Mrs. A. L. MacTaggart, also of Edmonton, but formerly of Glencoe.

At half past eight the bride, accompanied by her father, entered the drawing-room, while the Bridal Chorus from Lohengrin was being played by Mrs. Walter Murphy, a trifle of this season. The ceremony was performed by Rev. W. A. Irwin, pastor of Norwood Methodist church, the contracting parties standing between artistically decorated pedestals, back of which were banked potted plants and ferns. During the signing of the register Mrs. W. A. Irwin sang "Because."

The bride looked charming in a dainty dress of turquoise taffeta embroidered in silver, and carried a shower bouquet of Ophelia roses, primulas, cyclamens and ferns.

The rooms were tastefully decorated with mauve chrysanthemums, ferns and gift flowers. A dainty luncheon from Lohengrin was being played by Mrs. Walter Murphy, a trifle of this season. The ceremony was performed by Rev. W. A. Irwin, pastor of Norwood Methodist church, the contracting parties standing between artistically decorated pedestals, back of which were banked potted plants and ferns. Nervy Theft of Car

F. A. Curzon, traveller for the Harris Abattoir Company, left his Ford car standing in front of the McKellar House on Thursday and went across the street to transact business with Mr. Highwood, butcher. He had not been gone five minutes when he returned and found that his car had disappeared. Two young men were seen by several persons driving off with the car, but there was no suspicion that they were taking another man's property.

On discovering his loss Mr. Curzon telephoned the police of all the important points from Windsor to London, giving a description of the men and the car. Next morning the car was found on the road on the outskirts of London, with no damage having been done.

Engine Boiler Explodes

Melbourne, Nov. 2.—A number of men had a very narrow escape Wednesday on the farm owned by William Graham of Ekfrid township when the boiler of the engine which was running the threshing machine exploded. Fortunately no one was injured, as the men had just moved away from the engine. Some of them had only reached the barn doors when the accident occurred. A hole was made in the house, a window smashed, and glass thrown about the room, while one large piece of iron made its way through the roof into the attic. A piece of iron weighing several hundred pounds was found some distance away in a field. The engine, owned by John McNeil of Ekfrid, is a complete wreck. The loss to him will be about \$3,000.

An investigation into the explosion will likely be made by the provincial detective department. Mr. McNeil's son, who is a practical engineer of considerable experience, was in charge of the engine, and had just fired up and gone to the farmhouse for breakfast when the explosion occurred. He left only 30 pounds of steam in the engine when he turned towards the house. The manufacturers of the threshing outfit, who are also pressing for an investigation, contend that 150 pounds of steam could not possibly have caused such an explosion. Feeling that some foreign substance, possibly nitroglycerin, caused the explosion the authorities have been asked to investigate.

Fred Quinn is Dead

The death occurred on Monday, October 25, at the family residence in Vancouver, of Frederick Fillmore Quinn in his 66th year. The late Mr. Quinn, a native of Rochester, N. Y., was with the Canadian immigration service and had resided in Vancouver for the past eighteen years. He leaves his wife and five daughters and one son.

Mr. Quinn was in the hardware and tinware business in Glencoe at one time and was afterwards engaged in the hardware business in Chatham. His wife is a daughter of the late Alexander McBean of Ekfrid.

Plowmen of Lambton Hold Demonstration
Inwood, Oct. 29.—The first annual competition and demonstration of farm implements held under the auspices of the Lambton County Plowmen's Association on the farm of S. S. Courtwright was most successful and attracted farmers from all over the district.

In the team classes, J. H. Johnston won the coveted medal and first money in each class, closely followed by Clark and Welsh, while James Smillie took the same place in stable, strongly opposed by Chester Woods. D. Gibson easily captured the same place for boys under 18 years.

In the tractor class R. J. Gardiner won first in soil, the second and third places going to Capes and Brydges. A. Downing won first money in stable, with McVicar and Risk second and third.

The directors banqueted the contestants and judges in the evening, arranged for by the Women's Institute, after which speeches were made by Agricultural Representative McDonald, Reece Davies, J. E. Armstrong, M. P., L. W. Oke, M. P. P., and others.

Library Board Starts Drive
The Wardsville public library board started a drive on November 1st to raise \$300 to be used in the interests of the library, which was dedicated to the old boys and girls of Wardsville in 1908. The building needs redecoration, the roof shingled, electric light installed and other improvements. A drive for 100 new members has also been started at a subscription price of 50c per year. This is to cover the increased cost of wood and general maintenance.

The members of the board are Mrs. J. V. Faulds, chairman; Mrs. Alex. Douglas, secretary; Mrs. W. R. J. Blott, treasurer, and Miss E. Campbell, Miss I. Gardiner and Mrs. George A. Love. The appeal of the board is in the interests of a very worthy cause, and it is hoped that the public will respond in a generous manner.

ELGIN WINTER FAIR

West Lorne, Nov. 23, 24, 25 and 26, 1920. Liberal prizes offered for seed corn, grains, fruit, vegetables, live and dressed poultry.

N. W. building this year with ample accommodation. Prize lists and other particulars on application to T. W. Sims, secretary.
