From Frog Lake to Cold Lake, where I laid out 160 acres for the R. C. Mission from reserve No. 149 and laid out a fishing station on Cold Lake in lieu of the land taken from the Reserve for the Mission property.

From Cold Lake proceeded via Saddle Lake to Beaver Lake and laid off reserve for the Indians of that locality, in compliance with instructions received.

Returning from Beaver Lake proceeded to Meadow Lake and re-traced boundaries of that reserve thus closing the season's operations.

Your obedient servant,

*J. Lestock Reill*
