

**BUILDING IN WINNIPEG IN 1902.**

During 1902 there were erected in Winnipeg 550 houses, and of these about 60 per cent. have modern improvements, and about 75 per cent. were erected by the owners. Of hotels, boarding houses and residence blocks five have been erected, of which the Strathcona is the most important.

The number of churches was increased by six, of which the handsome stone church of St. Stephen's is the largest and most costly.

Ten school and college buildings were added to the educational facilities of the city. St. Mary's Academy and Havergal college are two of the most costly structures erected under this head.

Of stores, warehouses, shops, factories

and buildings of these classes 88 were erected.

The total number of buildings erected was 697, and the total estimated cost \$2,379,000, or a gain in value over 1901 of \$788,723.

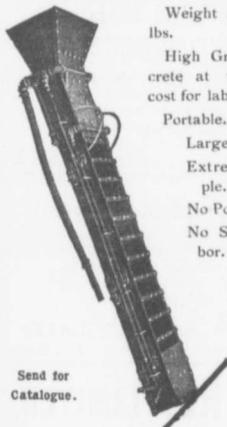

Duclos & Roth, contractors, of Montreal, have dissolved.

The Montreal Engine & Machine Works have been registered.

President Chas. Eidlitz, of The Building Trades Employees Association, announced at New York that the plan of arbitration offered by the Employers' Association, has been accepted by the Unions; one of the main points does away entirely with the walking delegate.
