

WILL SILO FILLING TIME FIND YOU READY?

SILO FILLING time will soon be here—and the Canadian Farmer is depending upon the corn crop this year as never before. It is your duty, and it will mean more money in your pocket to use every effort to get ALL the FEEDING VALUE out of every stalk of corn.

The most important thing is to silo your corn crop when it possesses the GREATEST FOOD VALUE. If you get a Gilson Silo Filler NGW—before we are sold out—you will fill your own silo. This means that you will silo your own corn when it is just right for silage. Be independent of the cutter gang. You do not need big power to operate the "Gilson". Your own farm engine—4 h.p. or larger—will do the work.

WRITE FOR FREE SILO FILLER BOOK TO-DAY
It tells the Gilson Story from start to finish—points out the advantages of design, and describes the all-metal construction in such a way that you will understand why our machines cut and elevate more silage with less power than any other Blower Cutter. This is a matter of dollars and cents to you. A Gilson Silo Filler will, in all probability, pay for itself the first season. Beware of Imitations and Infringements.

GILSON MFG. CO., LIMITED, 389 YORK STREET, GUELPH, ONT.

You need this SILO FILLER

It is as much a part of your Farm Equipment as your Binder or Plow.

"My Silo is 40' high," writes FRANK BOLTON, Guelph, Ont., "but my 8 h.p. engine which I purchased from you nine years ago operates my 13' ensilage cutter splendidly, sending corn over the top in a steady stream. This outfit is the admiration of all who see it."

JOHN H. MURRAY, Sea View Farm, Cap La Ronde, C.B., N.S., writes: "Enclosed find picture of my 10' Gilson Silo Filler, 6 h.p. Gilson Engine and 30' Gilson Hylo Silo. I filled my silo with oats, peas and vetch, and it is coming out fine and not a bit spoiled. My outfit does splendid work and I am very well pleased with it."

FRED HEUTHER'S farm at Kitchener, Ont., showing his 8 h.p. Gilson Engine and 13' Gilson Ensilage Cutter filling his 30' Gilson Hylo Silo.

JACOB N. HAIST, Ridgeville, Ont., writes: "The enclosed picture shows our 13' Silo Filler and 12 h.p. Gilson Engine hard at work filling our silo. This outfit works beautifully and is as much a part of every farm as a binder or mower."

M. I. ADOLPH, of Gowans-town, Ont., declares that his silo filling outfit "is a source of real satisfaction and profit. I would not want to be without my 10' Gilson Silo Filler, 8 h.p. Gilson Engine and 12x30' Gilson Hylo Silo. I have used it for three seasons, and have had practically no trouble—it was always ready when wanted."

GILSON
POWER plus SERVICE
After 9 years of Service
Mr. H. TUTTON, of Branchton, Ont., writes:
Gentlemen—As my 6 h.p. Engine has been such a big saving to me during the 9 years I have had it, I thought I would write you. I have 275 acres, keep a lot of stock, and do all my own chopping, feed cutting, wood sawing, etc. My engine is as good as new n.w., and compared with other makes around me, I am perfectly satisfied with its superior fuel economy, power and reliability.

"MONARCH" ENSILAGE CUTTER

The ideal straw and ensilage cutter, being strong and simple, fast and durable. The "MONARCH" will stand all the heavy work and hard knocks that a machine of this type always receives.

It is built on solid metal frame, rigidly under-trussed, and cannot warp or deteriorate by exposure to weather. Flanges on all sides of feed mouth make it easy to gather feed into the rollers. All gears enclosed in metal covers. Quick, positive action, reverse lever. Semi-steel fan wheel, cast in one piece, no loose parts to come off. Highly-tempered knife has straight, heavy blades, easily removable for sharpening. Shear plate is made accident-proof. We can amply guarantee this machine, because we made it perfect.

See it at Toronto and London Exhibitions. At both fairs we will be in the same locations as last year, and cordially invite your visit and inspection.

Canadian Engines Limited, Dunnville, Ontario

OUR REAL GUARANTEE

We guarantee this machine to be made of first-class material by first-class workmen, and that it will cut and elevate as much or more than any other of the same horse-power. If any part breaks during the first year because of inferior material or workmanship, we replace it free, if sent to us, freight or express prepaid, for inspection.

VIKING Cream Separators of Quality (8)

The Bissell Disk takes hold of any soil, and has the "knack" of doing great work. The Disk Plates are of special design—they cut and turn the soil over. The draught is lighter, too, than any other Disk. In fact, you won't find another Harrow that can begin to compare with the record of the Bissell. Write Dept. W for free catalogue.
