Most People Want The Best of Everything. Why?

Take Cream Separators, for instance! Why are Magnet Separators used in preference to others? That they are is easily proven. Our factories are now making from 25 to 30 Magnets per day to supply a steadily increasing demand. There must be some good reason for their universal adoption. **There is!** Every farmer wants a Cream Separator that is made very strong and simple. Magnet Separators also turn easy and are made with spur gearing, not worm.

The **PETRIE MFG. CO., LTD.**, Guelph, Ont.
Gentlemen,—I am pleased to inform you that the Magnet Cream Separator which I bought from you several months ago has been in continuous use in my dairy of forty cows. It has been very carefully and severely tested, and I am glad to inform you that it has given perfect satisfaction. It runs very lightly, skims well, and separates beyond the capacity guaranteed by you. I have no hesitation in saying that Canadian farmers would find it to their interests to buy machines made in Canada, rather than those imported from foreign countries and assembled in Canada. The reasons are obvious and need no explanation. Yours very truly,
F. W. HODSON,
Live Stock Commissioner.
