## Prospects Poor; Bait Is Scarce

Same Old Discouraging Stories Still Coming in From the Westward

June 20th. From J. F. Williams, (Bay Bulls, Southern Head to Long Point)—Sixteen traps are in the water and 47 dories and skiffs with 18 motor boats fishing. The total catch is only 35 quintals. No bankers or schooners from the grounds have arrived.

Prospects are poor and no bait is obtainable. The lobster catch is very small to date. One cod trap to-day had 12 quintals and four others from 3 to 5 each. This is practically the first fish caught. A few large fish were jigged in the offing, but it is too windy to do much in that line.

June 19th. From a Hollett (North Hr., Placentia)—One trap is out and seven skiffs fishing. Only 5 quintals have been landed to date. Prospects are poor, bait being scarce, no caplin being taken up to the present. The lobster fishery is nearly a blank.

June 20th. From A. S. Du Bordieu, (Shoal Point to Lewis Brook)—The total catch is 300 quintals. Prospects are poor but there is sufficient caplin for bait. Sixty-five dories and skiffs are fishing. The lobster catch is the worst on record, it never having been poorer in the district of St. George.

## HORSE SHOW IS PROPOSED

To Be Held by the S. P. C. A. Under The Patronage of The Governor

The Society for Protection of Animals and some friends are making arrangements for a work-horse parade and show.

This is the first of its kind ever held in St. John's and we are pleased to say that truckmen and others are already taking a deep interest in the movement.

It is the intention to hold it, weather permitting, on Wednesday, September 9th.

His Excellency the Governor and Lady Davidson are taking a deep interest in it and have kindly offered the grounds of Government House for the occasion.

Mr. Dunfield, of the S. P. C. A., kindly furnished us with details yesterday. Entries are especially desired from small owners. Entries will not be judged on the cost or quality of the harness or equipment; but the points for consideration will be: First, whether the horse is in good condition, and well cared for. Secondly, whether the harness and equipment are comfortable, suitable and well cared for. Unnecessary ornaments should not be used. It is not intended to encourage those who can afford the best fit out, but to encourage those who take the best care of their animals.

Entries are desired from all classes of stables. This is an opportunity for owners of work-horses to awaken the pride of their employees and increase their efficiency.

### Prizes

In each class there will be some money prizes: \$5.00 for the 1st Prize in each Class. \$3.00 for the 2nd. \$2.00 for the 3rd. Together with badges and rosettes of different grades.

Lady Davidson has kindly consented to present the Prizes.

### Classes

Express and Delivery Horses. Cab Horses. Farmers' Horses. Ponies.

(Special) Old Horse Class (10 years or more in same service).

(Special) Best complete outfit. Each driver must enter the horse he proposes to show. Money prizes will not be awarded to any driver who has not been in charge of the horse he owns for at least two months before the Parade; but the horse may receive a badge.

Money prizes in any case go to the driver who has had charge of the horse, not to the owner, unless he is driver also.

Entry cards and information may be had from Mr. E. A. Bostow, Agent of the S. P. A.

No entries will be received after August 12th.

It is hoped that the arrangements will include a parade through the city.

### NOTES FROM JOE BATT'S ARM

The much desired codfish has again made its appearance and several of our men have secured a few with the jigger.

Slack ice is still lying around the shore which prevents the traps from being placed in the water. Undoubtedly some would have secured a few quintals of fish but for this. The Union men here are feeling sure of a high price for their fish this season.

We are pleased to know that the Union is making rapid strides of progress on the South and West coasts, as we can assure them that we of the North have positive proof that there is much indeed to be gained by co-operating and assisting in every possible way this noble and glorious organization. Come then North, South, East and West, let us join hand in hand and make this Fishermen's Union a glory, an honor to our country, and let onward and upward be ever our ambition.

Unionism is stronger here now than ever before which is proven by the rush of business at the Union store. Some of our friends are now waiting a favorable time in the Bay to bring wharf material, which was cut for our premises during the winter. Upon arrival of material friends will, no doubt, do as they have done before, rush to the scene and push our Union wharf, etc., to completion.

Herring is now very plentiful here, but lack of herring barrels prevents our people from going into the business.

### —FIDUS ACHATES.

## C.E.I. VICTORS LAST NIGHT; SCORE 3 TO 1

Feildians Scored First But Could Not Follow It Up and Went Down To Defeat

GAME MOST EXCITING ONE SOME FAST PLAY SEEN

C.E.I. Won the Match Through Their Excellent Combination Work.—Feildians Need Practice

In the football match last evening the C.E.I. were the Winners, beating the Feildians. The score was 3 to 1.

### Line Up

C.E.I.—Marshall, goal; Hussey, Fox, backs; L. Stick, Drover, Jupp, halves; Bartlett, Hunt, R. Stick, Churchill, Evans, forwards.

Feildians—Lush, goal; F. Rendell, Strang, backs; Strong, Tait, Ryall, halves; Winter, C. Rendell, Pinsent, E. Rendell, Trebble, forwards.

Referee—W. J. Higgins. Linesmen—R. A. Edwards (Feildians), W. Auckinlock (C.E.I.)

### The Game

At 7.09 the ball was set spinning with the Feildians defending the western goal. A dash was made on the C.E.I. quarters and a fast exhibition was witnessed when Ryall sent a hot one to Marshall and landed first blood for his team in four minutes.

The C.E.I. now bucked up and made several attempts on Lush to equalize but failed to do so until a corner was secured. Bartlett taking charge of it, landed it in the mouth of the goal and Churchill did the needful, lodging it safely between the posts by a slight touch of the head, scoring the equalizer after 11 minutes hard play.

The game became exciting and some very fast play was seen. Rendell sent a splendid shot to Marshall who was well prepared for it and sent it back to mid-field. Play was stopped for a while, Jupp the C.E.I. forward receiving a blow which caused a delay for a minute.

The C.E.I. forwards now worked well together, combination being the play which gave the C.E.I. the game. Lush was in a dangerous position for a while as shot after shot was sent to him.

The Feildians worked east again and several shots were tried but they failed to find the posts. The half time sounded and the teams crossed over with one goal each to their credit.

### Second Half

Two minutes breathing spell was allowed and they faced each other again for the winning period. The C.E.I. pressed the Feildians and the ball found its way into the goal by striking off Hunt's arms; no goal was given as it was foul play.

Bert Tait played a splendid game and brightened the game up for the Feildians but they were unsuccessful in scoring.

Bartlett and Evans brought the ball east again and after a fine display of combination Bartlett succeeded in landing No. 2 for the C.E.I.

Play now became even, the Feildians worked hard to equalize but failed. Hunt this time tried his luck and before long landed No. 3 for his team.

The Feildians then went to pieces, the C.E.I. playing all around them; the final whistle sounding leaving the C.E.I. victorious by a score of three goals to one.

### Notes on the Game

Hunt and Bartlett played a splendid game for the winners.

Tait and Strong for the Feildians played a good game.

Practice is needed by the Feildians to improve their dash.

### EMPRESS DISASTER

(Editor Mail and Advocate) Dear Sir,—Please give space in your paper to make a few remarks concerning that wonderful disaster which happened to the Empress of Ireland, which went to bottom with nearly all of her precious cargo.

What a gloom it cast over Botwood when the dreadful news was made known.

Just as the people were beginning to forget our dreadful sealing disaster the awful news came about the Empress being sunk with over a thousand souls. How quick those precious souls were launched into eternity!

God moves in a mysterious way His wonders to perform; He plants His footsteps in the sea And rides upon the storm.

## Diocesan Synod Now in Session

(Continued from page 1.)

too familiar with ocean tragedies of all kinds, great and small, but year by year too many of our hardy fishermen "go down to the sea in ships," but return to their homes no more.

It was wisely resolved at the recent public meeting to establish a Permanent Fund for the Relief of Subscribers from Marine Disasters in Newfoundland, and to organize branch committees throughout the Island to collect funds from year to year with this object in view, and to seek such charter from the Legislature of the Colony as may be deemed necessary or advisable.

Visitation of the sick as it effects the clergy and laity was dwelt upon. His Lordship exhorted all to visit the sick and afflicted.

The growth of the work of the Hospital and other institutions was referred to and provision may be made for a Chaplain.

Mission abroad were also dwelt upon.

In connection with the Kykuyu incident. That, the Bishop said, was subjudice, and he would not give an opinion thereon, but on the question of Church Union he spoke as follows:

"My brothers, there is no doubt a larger question and a grander hope which is present to many of our minds, and very dear to our hearts—I mean the Re-union of Christendom. It is the hope of bringing together under the banner of one common Lord, the divided forces which in more than 200 religious communities are fighting independently against the power of evil, apart from our own branch of the Holy Catholic Church. There is no hope or desire in this lower world that is nearer to my own heart than that of Home Re-union, but it is a matter requiring the utmost caution, for it is one in which the best of us may be misled by the generous impulses of the heart. There are certain conditions which, to my mind, are essential in dealing with this question. First of all, and above all, we must be absolutely loyal to our common Lord and His Truth. Last Synod there were 74 clergy on the roll. The number to-day is the same.

In touching language the Bishop referred to the death of Rev. Willis Loman Mossell, Priest; Rev. G. H. Bishop, Canon of the Cathedral; Rev. W. Pilot, D.D., Canon of the Cathedral; Charles S. Pinsent, Lay Secretary of the Synod.

Religious Teaching in the Day Schools was referred to. At last session a committee was appointed, but it had not reported.

His Divine Order for any other organization nor break down the battlements of the City of God, of which He has laid the foundation by the hands of the wise master builders of the Apostolic Church. It would not be large hearted charity, but culpable disloyalty, if we were to surrender or even to extenuate lightly the Apostolic Order, of the Catholic Church, ab omnibus, of the first fifteen centuries of the Church of Christ. But further, we must take our stand upon the great creeds of the undivided church without addition, and without diminution. . . . On these terms and with these concessions we may go forth with loving hearts and open arms to meet those who are divided from us, to remove, if possible, any needless stumbling blocks which may lie in their way; to amend and purify whatever is amiss in ourselves; and then to leave the issue in the hands of Him who prayed that His Church might be one."

**Read Invitation**  
His Lordship read an invitation from His Excellency the Governor Sir Walter Davidson, and Lady Davidson, to an 'At Home' at Government House. This was accepted for Monday, June 29th.

Rev. Canon White, on behalf of the Synod, moved His Lordship's permission to have the charge printed and incorporated with the journal of the session. Permission granted.

Canon Bolt gave notice of a Bill to amend Chapter XVIII of the Constitution and Rules of the Synod, and explained the new procedure in reports to the Synod's Committees re-ports.

It was read a first time and will be read a second time to-day.

Rev. Frank Smart gave notice of a Bill to amend Chapter XVII of the Constitution and Rules of the Synod. The session hours will be 3.30 to 5.25, and 7.30 to 10.

At 10.50 the Synod adjourned with Benediction.
