WANT AD HOROSCOPE
JULY 11
The sign governing this birthdate and all others from June 21 to July 22 is cancer, which is symbolized in the zodiac by the crab and is the head sign of the water triplicity.

It is difficult indeed to understand people born under this sign. They are sensitive, go to extremes, are ambitious or else show no interest in life whatever and are stubborn.

They are extremely nervous and irritable at times and will make sudden changes without giving any reason for so doing. Unless this restless spirit is conquered, it is better that the man or woman under this sign should not be married until late in life, when they will better appreciate the security and quiet of a home.

This coming week will be favored by all planetary conditions for the finding of lost articles through the Want Ads. Sales of all automobiles will be satisfactorily made through the Want Ads. House lots will be well advertised through the Wants for the coming three days.

Men DO Read Advertisements
There has been some lively discussion on this subject lately, and at a dinner of advertising men in one of the larger cities recently a prominent advertiser rose and asserted that "after all, the very few men read advertisements."

"You are absolutely wrong," retorted another advertising man, the manager of advertising in a department store. "We had a sale of shirts one day last week that was the most successful in the history of our business, 99 per cent of those who came in and bought were men. They came in direct response to our newspaper advertisement."

Everywhere in every station of life men find interest in advertising. It may not be clothing, shoes or hats; but it may be something that relates to real estate, banking, the stock market, to automobiles—to any of the thousand and one things that constantly form the subject of wide-awake advertising.
