

ALDERMAN WARD GAVE NOTICE OF MOTION THAT HE WOULD INTRODUCE RESOLUTION TO REVERT TO OLD TIME

Says That He Thinks Daylight Saving is a Failure - Quite a Discussion on the Matter at Last Night's Council Meeting, Which Decided to Meet Next Monday to Dispose of it, Then Adjourn For Two Months.

COMMITTEE'S REPORT ON PRISONER'S RELEASE

Finance Committee Empowered to Negotiate With Film Concern to Obtain Moving Pictures of the Local Battalions - Erie Avenue Pavement Matter Under Discussion Again.

Though not scheduled as being a particularly important meeting of the Council, last night's session of the City Fathers was on the whole much more than usually interesting. Several features were interesting, the most notable being the following:

A notice of motion by Ald. Ward that at the next session of the council he would introduce a resolution that the city revert to standard time again and abandon the daylight saving scheme.

The presentation of the report by the special committee of the council on the action of Mayor Bowly's releasing a prisoner in the goal by having the city pay the balance of the fine, which report was referred to the Finance committee.

A perfectly incomprehensible discussion of the matter was had in connection with the local topography of the land abutting Erie Avenue, on the paving matter, and as a result the whole council as individuals, the city clerk and the street railway commissioners go down and look over the ground in person to arrive at a solution.

A resolution moved by Ald. Dowling that the city obtain moving pictures of the local battalions and keep them as the property of the city in some fireproof vault.

A strong objection from Ald. Pitcher to the finance committee placing its hands on the fire truck without consulting him as the chairman of the street and fire committee, or any of its members. He was not satisfied with the claim that the Finance committee was empowered by resolution to do what it did.

The council will meet next Monday, July 3rd, and will adjourn then until September.

Ald. A. O. Secord and Ald. Minshall were absent members last night.

Communications.

The usual time lists were confirmed. The Hydro-Electric Power Commission has sent in another bill for \$302.82 in the matter of its charges for drawing plans re pole removal from Colborne street. Referred to the Board of Works.

The Board of Health has recommended that certain sewers and water mains be laid and wrote to the council to that effect. Referred to Board of Works.

Letter Filed.

Dr. (Capt.) L. H. Coates of the 215th asked for a remission of business tax on his office on Brant Ave., since he had given up his practice prior to going overseas. Filed.

The Hydro Electric Railway Association repeats again its request to the city to join the association. Referred to the Railway committee.

Regarding Smoked Meat.

Dr. Devereaux stated that a great deal of trouble is caused by people being allowed to sell smoked meats after one o'clock, because they will sell fresh meats as well. He wishes a stringent penalty attached to any breach of the by-law committed by vendors. Referred to the Buildings and Grounds committee.

A petition was presented objecting to the erection of a bill board on the

"Livingston" property in Holmedale. The petitioners claim the boards were unrightfully and were often the scene of carousing and drinking.

Deputation Heard.

A deputation representing the petitioners was then heard. Mr. Alfred Jones speaking for them. The petition, he explained, was to object to a permit being issued for the erection of the board, although the location was already put up. The bill board spoiled the beauty of West Mill St. and residents claimed it was a shelter and a resort for drunks, and a serious menace to the neighborhood. Much hidden behind the board called out insults to women while passing by, asserted Mr. Jones.

No Objection to It.

Ald. Welsh said he had been told by Ald. Harp just after the last council meeting there were some objections to issuing a permit for the erection of this board. As a result he had refused the permit until he had himself seen it. The board stands twenty feet back from the street. The people who objected lived on Waterloo St. and he could see no reasonable objection to it, so he allowed the permit to be issued.

Objection to It.

Ald. Jennings said that as a bill board it was a credit. There were no residences near by. It was up of the ground, and anyone could see under it.

Ald. Bragg admitted it was a fine-looking bill board, and he could not see any reasonable objection, since no residences were near.

Trouble Over Insurance.

The usual batch of accounts was passed. Ald. Pitcher objected to a payment of insurance premiums on the new motor fire truck. He was not satisfied on the matter, and he declared he would not allow the payment to come out of the fire and light committee's appropriation, despite the mayor's explanation that the matter, by resolution of the council, lay wholly with the finance committee.

Acted in Usual Manner.

Ald. Dowling explained that since the Finance committee had the disposition of the matter, it had been done in the usual manner. The mayor said it should have consulted the chairman of other committees affected, and Ald. Pitcher declared again that he would be consulted in this and all other matters pertaining to his committee.

A Dirty Insult.

Ald. Pitcher asked what nature of insurance was placed on the fire truck. "Fire and property damage," said Ald. Dowling.

"I take it as a dirty insult that I was not consulted," said Ald. Pitcher. "The finance committee handled it," Ald. Dowling said. "The finance committee is handling too much and it will have to stop it," declared Ald. Pitcher.

He further said that Chief Lewis stated that he was against accident insurance as too expensive, and that fire insurance on the truck was unnecessary. Ald. Pitcher said he him-

self had obtained rates of accident insurance from several companies, and the rates were prohibitive. As for fire, the men were always there to protect the truck either in or out of the hall.

\$20 a Year.

Ald. Dowling said that the rate as applied to the truck cost \$20 a year, covering property damage up to \$1,000.

Ald. Ward suggested that the matter be allowed to go through, and the item was included in the rest of the accounts passed.

Committee Reports.

The finance committee reported that the sum of \$1,794.38 be remitted as taxes against the hotelkeepers, liquor dealers and breweries of Brantford, as provincial statute prohibits any collection of taxes from these people for 1916. The report of necessity was adopted.

Buildings and Grounds Committee Report.

The Buildings and Grounds Committee reported as follows:

That the tender of D. McDonald for the supply of coal for the City of Brantford, as per his letter of the 23rd June, 1916, be accepted, in accordance with the terms and conditions as set forth by the city in their instructions to bidders dated June 20th, 1916.

The report was adopted.

Board of Works Reported as follows:

1. That on the City Engineer carrying delivery of the \$122,000 account of James Richardson and Sons, limited, of Toronto, the \$200,000 of bills of exchange, amounting to \$200,000, less the \$10,000, freight, charges, \$500, which deduction leaves amount due at \$599,22.

2. That the tender of J. J. May, 25 Port St., be allowed 25c per foot for curb retaining wall.

3. That the letter of the Chief of Police of June 23rd, 1916, in connection with safety white lines on the streets, be referred to a committee consisting of Ald. Ward and Pitcher with power to act.

Discharge of Signals.

In explanation of Clause One, Ald. Ward said there was every indication of the price of oats becoming higher, and as there was ample facilities for storing the oats, the Board of Works decided to buy in a considerable quantity.

Ald. Bragg asked if it were not possible to buy the oats in Brantford. Ald. Ward said the matter was left altogether to the overseer.

Traffic Lines.

Regarding Clause Four, Ald. Ward said that Chief Slein wished white lines drawn across the streets at intersections, with the idea that pedestrians should keep within the lines. The Chief wished them as far as Brant Avenue. Ald. Ward was also informed that to keep the white lines plainly in view, they would have to be repainted twice a year. The cost would be about \$75 to \$100.

Discharging His Signals.

A square would be enclosed at Colborne and Market street within which the motion of the law would stand to deliver his signals," as Ald. Ward explained it.

Ald. Bragg was opposed to clause four. The taxes were high enough now; the cost would be too much. He would vote against it.

No Big Expense.

Ald. Pitcher explained that the

STRICKEN IN THE STREET

Completely Restored to Health By "Fruit-a-tives"

382 St. Valere St., Montreal.

"In 1912, I was taken suddenly ill and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 160 pounds. Then several of my friends advised me to try 'Fruit-a-tives'. I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pain and Constipation were cured. Now I am 208 pounds and I can eat 'Fruit-a-tives' enough." H. WHITMAN.

50c. a box, 6 for \$2.50, trial size, 25c.

All dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

special committee, or the board of works would not pay any \$75 for any such thing. Ald. Ward said again that he certainly was not in favor of any high expense in the matter. Ald. P. H. Secord said he was against any high prices, and to facilitate matters it had been left in the hands of the special committee. Ald. Ward said he would not pay more than \$25, so \$25 was set as a limit in the report.

The report was adopted. Ald. Bragg dissenting.

Report on Mayor's Action.

The special committee appointed to enquire into the conduct of Mayor Bowly in liberating a foreigner from jail, reported as follows: Ald. Wiley presenting it, and by resolution to open discussion, referred it to the finance committee.

Your committee beg to report, as follows:

Police Department: This department reports that they were trying for some time to locate someone who was apparently supplying liquor to the foreigner in West Brantford, and they finally got enough evidence to suspect an Austro-Hungarian, and upon searching his premises recovered a quantity of liquor. The man was arrested and brought up for trial, the police finding about \$100 in money on the spot.

City Court: At the court held on the above charge, and a fine was inflicted of \$300.00 of three months imprisonment.

The man was sentenced to the penitentiary for 30 days, and the fine was sent to the county treasurer.

The City Treasurer reported that after an interview with the Mayor, the City Treasurer, who is the only one who has been in the city since the Mayor's departure, has received from the Mayor a check for \$100.00, which was intended to be used for the purpose of paying the City Treasurer's expenses on the above charge.

The Mayor's check was cashed by the City Treasurer, and the money was placed in the City Treasurer's hands. The Mayor's check was cashed by the City Treasurer, and the money was placed in the City Treasurer's hands.

JUNE SAVING SALE J. M. Young & Co. JUNE SAVING SALE

J. M. YOUNG & CO.

right to make any investigation, but we believed the principle involved in this case establishes a most dangerous precedent, and we are of the opinion that, as the whole council is held responsible for the financing of the city's affairs, a consultation with the Finance Committee or, if necessary, the whole council, should be held before such matters are dealt with.

The Mayor's Comments.

"All I have to say, gentlemen, is what are you going to do about it? The whole thing is a piece of absurdity," said the Mayor's spokesman.

"Stop some one else from doing the same thing," said Ald. Harp.

"If some one else did, then they would not be blamed," said the Mayor.

Ald. Ward declared the report would relieve the public mind. He was not now under such suspicion. However, the mayor should have consulted the council on the matter.

Not Two Straws.

"I don't care two straws for anybody's opinion," said the mayor. "The only guide I follow is whether it is right or wrong." The report was referred to the Finance Committee.

Back to Standard Time

Ald. Ward moved that at the next session of the Council he would move that the city revert to standard time. He was convinced the Council had adopted the new time in good faith and with an open mind, but he was sure by now that it was of no benefit, and the people were tired of it. Should Ald. Ward's motion carry at next session, the old time would again be adopted at midnight July 15th.

Why Not Factory Census?

Ald. Pitcher advocated a census of the factories be taken before the council voted again the matter. He still was of the opinion that daylight saving was a fad, but nevertheless if many or most of the factories were in favor of keeping to the standard time, then the new time should be kept for this year. That census-taking

Classified Advertising PAYS

The waste paper basket in some offices is emptied once a day, sometimes twice a day. Besides scraps of paper and envelopes it usually contains many circulars addressed to the man who seldom opens them.

Thousands of dollars are wasted by circular publicity. There is no surer method of reaching the people you want than through the CLASSIFIED COLUMNS OF THE COURIER. There is no waste publicity in CLASSIFIED ADVERTISING. You can reach a greater number of possible buyers at a cost far below that of sending circulars, and the only time needed is to write your copy.

Eliminate office basket waste and turn your money into CLASSIFIED ADVERTISING.

SPEAKING of Hatch One-Button Union Suits—what if that button came off? Horrible thought, isn't it? But don't worry. You would not have to sacrifice your manhood by using a safety pin. There is an extra button-hole just beside that One-Button and a long-necked collar button will "function" perfectly. The one button is conveniently placed in front.

Hatch One-Button Unions come in Zimmerknit quality. Each is worthy of the other.

FRONT, FLANK AND IN RE

General Smuts' Way of tacking the Enemy Positions.

London, June 27—An impressive success for the British forces following in the northeastern part of German East Prussia was announced yesterday. The Germans were engaged forty miles south of Handen, on the Likigra River June 24, and were "heavily defeated" by Gen. Smuts' troops, says official statement. The announcement says—

"The enemy occupied a strong position in the dense brush on western side of the river and frontally attacked in the morning. Another column arriving at night night marched attacked the enemy flank and in the rear. We took pom-pom, two machine guns, various munitions and many prisoners, including 11 Germans. "Our losses were four men killed and 20 wounded. The enemy's losses were severe."

TO EAT PENGUINS TILL RESCUED

Sir Ernest Shackleton able to Reach Party on Elephant Island.

London, June 27—Lieut. Sir Ernest Shackleton has been unable to rescue the men, numbering 22 comprising the main body of the arctic expedition, who were left on Elephant Island. This information was received in a despatch from Port Stanley, land island.

The explorer has evidently reached the steamer which had placed at his disposal by the Uruguayan Government for the purpose of effecting the rescue of his men. According to his despatch the conditions have so increased in a way that he was unable to get more than twenty miles of the island, thinks that there is still hope for men, however, as there is a slight chance that they will be able to survive on short rations, supplied by penguins, until another party, provided with an ice-cream can push through to them.

The steamer Instituto, commanded by the Uruguayan Government left Montevideo on June 8. Lieut. Shackleton aboard, and sent the men on Elephant Island.
