Dan Cupid refuses to allow his sentiments to be expressed on a cheap flimsy writing paper. To show respect and refinement and to pass Cupid's O.K. we must pen our words on a good substantial paper—one which takes the ink easily and of which we need not be ashamed.

It is easy to write on a bad paper; but it is easier to do so on a good one. The cost is so little and the benefit so large, that you

can't afford to use the bad. Carry your personality into your correspondence. Try our popular

Strange Wave, the fast running horse owned by Dave Cockerill, of this city, has not lost a race since going south. At Ford du Lac county fair a few days ago the little bay was in last company but took first money. He has been given a mark of 13 and a quarter. Mr. Dougherty, secretary of the trotting association at Ford du Lac, wrote Mr. Cockerill complimenting him on the success of Strange Wave at their meet. On his return from the south Strange Wave will run a matched race against John Storm of Moose Jaw for \$500 a side.

Dr. McMillivray of Maniton, Man., was in the city over Sunday returning from the coast. The doctor has made two trips west this season. One was to follow a bunch of horses on which he held mortgages and which were taken across the line south of Broadview. He traced the animals to the mountains in Montana and located them near a railway construction camp. He brought out five of the eight.

Mrs. D. Woodward and daughter, Miss Olive, of New Westminster, formerly of Regina, who are spending the summer at their residence here, are at present entertaining a house party consisting of her sisters, Mrs. David Cowan of Great Falls, Montana; Mrs. J. C. Blayney and her husband, of Simcoe, Ont.; Mrs. Woodward's two brothers Messrs. Robert and Thomas McKine of Lyndoch County, Norfolk, Ont. This is the first time the two latter gentlemen have visited the west and they are greatly charmed with the country.

The death of B. Baker of the Dominion Express staff occurred last week and the body of his wife who died a few weeks previous were exhumed and the remains of husband and wife were taken east for burial. This was one of the saddest cases which resulted this season from the fever which has been somewhat prevalent of late. Mr. and Mrs. Baker were married in the east during the early part of the summer. They took up their residence on Rae street and about the middle of August they were both stricken with typhoid. Mrs. Baker died in a few days and he was removed to the hospital without knowing the sad fate of his wife. He remained very low and the death of his helpmeet was kept from him. A few days ago Mr. Baker passed away without knowing that his wife had gone before.

I. C. Wakelin of Lajord was in the city yesterday. He has two sections and a half of land in that district, and it is nearly all under cultivation. Mr. Galloway who is farming on a very large scale and who is working some of Mr. Wakelin's land, has sold 6,000 bushels of oats in Minnesota at \$1 per bushel. This grain will be used for seed by the American farmers.

Alex. Ross has returned from an extended visit to Scotland, and he is looking well after his long vacation. Speaking to The West Mr. Ross says that they have had an exceptionally cold summer in the Old Land. He found the people very anxious to learn about the conditions of life in the Canadian west and we may look with certainty to a larger influx from Scotland next season. This year twenty-six thousand people embarked from Glasgow on Canadian boats.
