**NEWBORO.**

TUESDAY, Dec. 2.—We were thinking of entering the list as a competitor for the prizes to be given by the "Standard" but have concluded that the inducements offered are not great enough. I think my position in society entitles me to wear gold-rimmed spectacles. If a pair of these were offered I should be tempted to give it a whirl.

The genial "Tom" who for the past two years handled the ribbons, in Her "Majesty's" service, between Kingston and Newboro recently resigned his position and is now traveling for a well known firm of McLean & Clew. His reason for the change is not from any disability in connection with his former occupation, but as he says himself, it was getting monotonous as always.

He is a well known commercial life took the first opportunity of entering upon it. He arrived at the Ottawa House in his new role a short time ago but as his stock was not large and it was deemed unnecessary to enter the specially rooms. He accordingly exhibited his stock in the bar-room and which was in connection with the amount of paper he produced there is no doubt that the order given was a good one. The proceedings were suddenly checked by the untimely entrance of the proprietor who delivered in general, declaring that the fair ground was the place to exhibit live stock. He quickly passed the sample through the back door and as a result of the way out. "Tom" will make his next round before Xmas and all parties wishing to get supplies for the festive occasion would do well to give him a call. May health, wealth, and prosperity attend him in his new regime.

MONDAY, Dec. 8.—On account of the press of business the cash and door factory has been running day and night for some time.

The recent fall of snow has brought to our ears the ever joyous sound of the sleigh bells which is being thoroughly appreciated.

Mr. J. A. Shaver will have his new residence completed in a few days.

The ice on Mud Lake is now safe for traffic.

Mr. Chas. Greens who has been residing in Montreal for the past two years in order to recover his health, is expected to return home shortly.

Mr. Flanagan of Brockville is at present painting H. Laying's new house.

Great excitement prevails among the mineral men of this locality over the discovery of a valuable deposit of soapstone unearthed a short time ago. Preparations will soon be in progress to lay bare the wealth. Should shares in this mine be sold at a nominal figure Newboro has seen its darkest hours.

Minard's Liniment cures Colds, etc.

Another lot of these cheap Dinner Sets, just opened, at China Hall, Brockville.—T. W. DAVIS.

**THE MANTLE DEPARTMENT**

Amid the numerous claims of our Mantle Department, one fact stands out positive—We're doing the business. We never sold so many garments in one season and the general verdict is, they are the best fitting and most stylish on our streets.

The cloths we carry cannot fail to have your attention, that is, if you are thinking of buying. They are stylish and for as little money as we can possibly sell them. Ladies', Misses and Children's Ready Made Jackets, Pelisses, Dolmans, etc.

The Children's Jackets are made just to catch the mother's fancy and should one of these garments fit you, Miss—well and good—if not, buy the cloth and have it cut, fitted and basted together free. We will gladly accept the responsibility of doing your work and doing it right.
