HOTEL BURNED AT CAMPBELLTON.

Firemen Worked Hard, to Save the Other Buildings in the Vicinity—No loss of life.

Campbellton, N. B., Dec. 10.—A fire broke out in the well known Commercial Hotel near the I. C. R. depot about 6.30 tonight, and it was completely destroyed. It was with much difficulty that a house on the west side was saved. The Royal hotel, on the east side, was saved, but not without great effort by the firemen, who kept several streams of water on the building for nearly three hours. The fire is supposed to have caught from the electric wires in a bed room. Mr. Murray is the proprietor of this hotel. He saved a large portion of the contents of the building. Insurance, 1,500. The hotel is owned by Frank Matheson, insurance \$3,500. This building is valued at about six thousand dollars. Much praise is given to the fire department, who worked nobly. There was no loss of life. A large number of sympathizers witnessed the building burning, which was about 60 feet square and three stories high.

Mr. Currie accepted the nomination, and thanked the delegates in a brief speech for the confidence they had placed in him. HEAD ON COLLISION NARROWLY AVERTED.

Conductor Bliss Sears and his crew have been suspended as the result of an investigation into the close call from a head-on collision between numbers 75 and 76 trains between Petit Rocher and Bathurst early in the week. Conductor Sears, who was running as a special conductor on Number 76, got off his train at Petit Rocher while a hot box was being packed and went into the station. Meanwhile an order came for the train to cross No. 75 at a siding between Petit Rocher and Bathurst. While the conductor was in the station the engineer got the signal to proceed and the train started without the conductor. The engineer whose order read to cross at Bathurst, thinking that the conductor was on the train proceeded to run for that point. When he had gone a short distance he noticed the headlight of 75 coming towards them. The engines were stopped and a collision was narrowly averted.

McMurdo's is the place the boys go to be well clothed the man who wears a McMurdo over-coat is sure of being well fitted at a small price.

SANTA CLAUS SENDS MESSAGE

Will Meet Newcastle Children In Opera House Wednesday Dec. 26th.

To the children of Newcastle— "I am leaving my home at the North Pole, today and expect to be in Newcastle, the evening of the 26th of December—the night after Christmas.

They tell me that the Opera will not hold all the young people. The returns from your town show five hundred and fifty children between the ages of five and twelve years.

I am very sorry but I cannot possibly invite the children of thirteen or over that age.

There may be little ones, under the school age, who would not be allowed to come alone. In such cases, I especially invite the mothers to come with them; if there is no older brother or sister invited with whom the little ones could be trusted.

"Now we're ready—one, two, three—very soon we'll set things humming—Hip hurrah! Look out for me."

(Signed) SANTA CLAUS.

Mr. Clouston is a son of Mr. John Clouston of Lower Derby and although he has been in the west for over twenty years is remembered by many who will be glad to learn of his success.
