THE BURDEN OF BUSINESS

Canada's industries are burning up. Its wage and wealth producing properties are being destroyed by fire. Buildings and products worth millions of dollars are annually reduced to worthless ashes. That is why the people of Canada are paying absurdly high insurance rates. The insurance companies know all about this destruction of wealth. They pay out huge sums because of it. Mind you, they are not the losers—they make a profit on the transaction. They merely pay out the money we foolishly furnish them with. By carefully constructed tables they can estimate the approximate amount they will require. Those figures enable them to make out the bill.

That bill is rendered with grim regularity. It commences, "Your Fire Insurance Premium is Now Due" And we pay it—pay it to the last dollar, no matter what it amounts to. Every property owner in Canada is as helpless before the demand as the unarmed wayfarer before the automatic of the thug.

These premium payments pour into the giant fund that goes to reimburse the sufferers by fire. We pay our contribution because we are afraid that some day we shall need to draw upon that fund. We pay heavily in proportion as the companies estimate that "some day" will be "soon."

Are we going to continue longer in this bondage of fear? Shall the devouring greed of preventable fire rob us further of the earnings of our industry?

Can we stay this tremendous waste of our National wealth? We Can by Preventing Fires. **WILL YOU HELP?**

This week October 2nd to 9th is Fire Prevention Week, and if we all do our part in cleaning up etc. the danger of fire through the coming winter months will be greatly lessened.

FEARED THAT BIG MASSACRE IMPENDING AT SMYRNA

Earl of Balfour Warns League of Nations That Great Calamity is Threatening Greek and Armenian Refugees

ASSEMBLY AFFECTED BY APPEAL

Geneva, Sept. 25—Earl of Balfour brought before the assembly of the League of Nations today information that a great calamity was threatening the Greek and Armenian refugees in Smyrna. He said Great Britain was ready to give £50,000 to a relief fund and he appealed to the other countries to contribute to this fund.

Lord Balfour especially asked the Persians representing the only Muslim nation here, to do what they could in the special situation they occupied towards relieving this situation, and Prince Dowleh, of Persia, offered to give him all the help he could in promoting the relief work and to serve as mediator, if necessary.

The assembly was much affected by Lord Balfour's appeal and by reports from British sources that a massacre was impending at Smyrna. According to the British report such a massacre had been set for September 30.

A Smyrna despatch on Sunday said Mustapha Kemal Pasha had set September 30, as the date by which the evacuation of the 50,000 or more refugees remaining in Smyrna must be completed. If vessels were not sent by that time, it was added, the refugees would be taken into the interior.

Want Union Jack For All Parades

SHOULD DO THE JOB WELL

If you work for a man for heaven's sake work for him. If he pays wages that supply you your bread and butter work for him, speak well of him, think well of him, stand by him, and stand by the institution he represents.

I think if I worked for a man I would work for him. I would not work for him a part of his time but all his time I would give an undivided service or none. If put to a pinch an ounce of loyalty is worth a pound of cleverness.

If you vilify, condemn and eternally disparage, why resign your position and when you are outside, damn to your hearts content. But, I pray you, so long as you are a part of an institution do not condemn it. Not that you will injure the institution—not that—but when you disparage the concern of which you are a part you disparage yourself.
