HE most effectual Worm Destroyer known, pleasant to the taste, and as they contain no minera may be administered to the most deficate constitution.

Dr. Abernetily, notwithstanding his abrupt and eccentric manners, was considered one of the most skilling physicians that ever adorred the most extensive practice in London. England together with its very superior natural talents, placed him at the head of the Faculty. It has always been difficult to form a combination with which to expel worms from the human system. Abernetby overcame this difficulty when he discovered the formula from which the Venimituge Candy is prepared. Whether worms exist or not, the Gandy will at all times be found beneficial when a purgative medicine is required.
