A Tin of

Instant Postum

sold by grocers at 30c

makes about 50 cups of a delicious table beverage.

This royal flavoured food-drink not only saves money in these days of the high cost of living, but is preferred by many former tea and coffee drinkers because of its pleasing taste and freedom from the drug, "caffeine," in tea and coffee.

Instant Postum Requires No Boiling.

It is regular Postum in concentrated form-nothing added.

It is made by putting a level teaspoonful (more or less for strength desired) in a cup, then pour on hot water and stir until dissolved-adding sugar to taste and enough cream to bring it to a golden brown. Housewives appreciate the saving of time, work and fuss in the preparation

Instant Postum is sold in tins containing sufficient to make about 100 cups at 50 cts. Smaller tins making about 50 cups cost 30 cts.

Regular Postum, large pkg., (must be boiled 15 minutes) 25c.

Ask your grocer about it. If he doesn't have Instant Postum send his name and address and a 2-cent stamp to cover postage and we will send you a 5-cup free sample of this new food-drink.
