JACOB MEYERBEER died 1864, aged 73. German musical composer. His most important works are perhaps his operas, notably "Les Huguenots," "Le Prophete," "L'Alcazar." CABOT sailed for Newfoundland in the "Matthew" 1497.  
They who think only of themselves waste a great deal of thought on a small subject.

The Science of Servant-Finding is now reduced to the last word in simplicity. Our small Want Ads. act as a "Magnet for Maids."

## Notes and Comments.

The Home Rule Bill which was rejected by the House of Lords is to be introduced again into the House of Commons next week in the precise form it left the lower chamber. It is expected that it will be rejected a second time by the Lords, but on passing the Commons a third time and after receiving the King's assent, of which there is no room for doubt, it will become law, and a parliament will in due course be established in Dublin, and put an end to a long continued and unedifying strife.

"For refunds on other goods" (except coal) "imported into the Colony and exported out again, we took a vote of \$16,000. That vote is overdrawn to-day about \$8,000. This is the reason for the \$20,000 vote put down here. For instance, we have been paying refunds on tea, sugar, etc., exported out of the Colony and we would find ourselves in an awkward position if we did not take the vote to pay back these amounts between now and the 30th of June." So said Mr. Cashin in his reply to some criticism of the Supplementary Supply by Mr. Kent.

This brings out one of the situations in which the Government has landed itself by its reckless bid for votes in putting tea, sugar, etc., on the Free List without counting the cost. Not only has the Government lost the revenue from the old duties on new imports after the date of the Free importation, but it has been losing duty on the old importations which have been sent out of the country by importers who wished to get the duty back and bring in the same articles under the Free List.

In addition there will be the loss on the revenue on glucose which paid 40 per cent, which the cheaper sugar is now displacing in the manufacture of confectionery, and there will naturally follow a smaller importation of confectionery and jam. The duties on these goods remain, and with sugar free of duty will give confectioners and jam manufacturers a great chance to cut out the imported articles, the effect of which will be to jeopardize

PEKING, May 1.  
The States will recognize the Republic of China to-morrow. The Chinese Government will testify its appreciation by an elaborate reception and luncheon to the legation staff at the Winter Palace.

CETTINJE, May 1.  
The Russian Minister to Montenegro, to-day presented a note to the Government, urging compliance on the part of Montenegro with the demand of the European Powers for the evacuation of Scutari, and intimating that a policy of defiance will likely lead to the ruin of Montenegro.

OTTAWA, To-day.  
Col. Hon. James Allen, Minister of Finance and Defense in the Massey Cabinet of New Zealand, was the guest of honor to-day at a luncheon given by the Canadian branch of the Empire Parliament Association. In his address he referred to the evacuation of Scutari, and intimating that a policy of defiance will likely lead to the ruin of Montenegro.

LONDON, May 1.  
From now on it will be war, real war. This was the deliverance of the presiding officer, Miss Macaulay, of the militant suffragettes at a weekly meeting at Essex Hall last night. The women cheered the announcement. That belligerent suffragettes were not daunted by the capture of their stronghold and the arrest of their leaders was evidenced by the attendance which far exceeded the capacity of the hall. Hundreds of women were unable to get in and remained outside the gates throughout the meeting. In attempting to suppress the militants' union, Miss Macaulay declared the Government had tackled a bigger job than it was able to carry through. No amount of imprisonment of its members, or torture by forcible feeding, would make them abandon the fight until victory had been won.

## Cowboy Act at Rossley's.

Last night one of the finest acts ever staged was put on at Rossley's Theatre. The hall was so crowded that a great many had to go away disappointed at not being able to get in. It is the greatest comedy and funniest of all the acts seen here. Joe Burkhardt as Buffalo Bill, Percy Orth as Big Chief Battle Axe, Mr. Shadrack as the nigger and Jack Rossley the Indian. The Indian Man on the war path, scalping Indians was one scream. The songs and choruses were very fine; the beautiful new stage settings and electrical effects gave it the effect of a Broadway production. But the best of all was Rossley's Indian dance. The whole show is without a hitch; the singing of Julianne Talbot was loudly applauded. Her song "I'm the Girl from the Golden West," was very appropriate for the act. Mrs. Rossley is at work on another big act that promises to outshine anything done by her yet, and that's saying a lot. There will be a big matinee Saturday for the children. As they all like to see the Indians, Cowboys, Squaws and Buffalo Bill, send the youngsters.

## The Police Court.

A man charged with assaulting and beating another man on Water Street was fined \$10 or 30 days, and was ordered to sign a bond to be of good behaviour.  
A drunk, for his fourth offence, was fined \$4 or 14 days.  
A married woman had her husband before the Court for refusing to support her, the case was postponed.

### Chicken Hatching.

Mr. Howard Parsons Replies to Cock-a-doodle-do.  
Editor Evening Telegram.

City.  
Dear Sir,—Just to satisfy the mind of "Cock-a-doodle-do" will you please publish the facts of that record hatch of chicken mentioned in your paper of the 30th April.

The incubator I use holds 120 eggs, more or less according to size of eggs. At the start I had 121 eggs, and at the first test on the 14th day I took from the machine only 1 unfertile egg, leaving in six others that I marked doubtful. On the 18th day these were removed, leaving 114 tested eggs, and on the 21st day I took from the machine 104 chicks, the remaining 8 eggs contained weaklings. Evidently Cock-a-doodle-do has been having poor success with his incubator.

Yours truly,  
HOWARD PARSONS.

## Deserters Give Trouble

The Dorothy Laird was ready for sea yesterday morning, but was detained in port all day owing to some of the crew absenting themselves. When one of the deserters would be found and put on board, another would make his escape from the ship, consequently there was no end to the trouble and delay caused. Eventually the mate got ashore and joined the seamen. Capt. Keeping had warrants issued for their arrest and last evening Constables Nugent and Stamp rounded them up and put them on board the vessel which left for Brazil fish-laden from Jas. Baird Ltd.

## Coastal Boats.

The Argyle left St. Lawrence at 2.45 p.m. yesterday, coming east.  
The Bruce left Port aux Basques at 9 p.m. yesterday.  
The Clyde arrived at Lewisporte at 7.50 a.m. to-day.  
The Ethie left Clarendville at 6.15 a.m. to-day.  
The Home left here at 12.15 p.m. yesterday.  
The Invermore left here at 6 p.m. yesterday.

## Rumor Denied.

It was rumored in business circles to-day that the s.s. Terra Nova was re-purchased by the firm of Bowring Bros., but we are informed by Mr. Munn that the report is not correct. The Terra Nova was well known in St. John's as a seal hunter and was sold to an English firm, later figuring prominently in the Antarctic Expedition.

## May Devotions.

Devotions for the month of May began at the R. C. Cathedral on St. Patrick's Church at 7.30 p.m. yesterday. At the Cathedral the Litany of the Blessed Virgin was sung by the choir boys of St. Patrick's Hall Schools to the accompaniment of the great organ manipulated by Prof. Hutton. Benediction of the Blessed Sacrament was given by Rev. Fr. O'Callaghan. At both churches large congregations were present.

## Answer: MICHELIN

As a Time and Money-Saving Proposition, 77 per cent. say MICHELIN. As an Experimental Proposition, 23 per cent. are undecided, still experimenting with various makes, with the consequent loss of time and money.

Fancy pattern covers are no doubt attractive, they are intended to be; they are also a good advertisement.

To the shrewd buyer the very fact of such a great variety of Fancy Pattern Tyres proves conclusively that none of the patterns are correct.

Either one is best and should be universally adopted, or all are unnecessary.

MICHELIN are not fancy pattern covers: Quality is their watchword, and in their merits they stand or fall.
