**Why Don't You Buy a Car?**

Now you can have this big, powerful, five-passenger Overland touring car at a price much lower than that of any other car of the same size and power.

Its appeal is irresistible once you have learned how simple and safe it is to drive—how comfortable it is to ride in—how much pleasure it gives to you and your family.

Compare this four-cylinder Overland with other cars in its price class. Note its many superior qualities, its beautiful brown finish, with hood and boot to match.

In appearance and performance it outstrips them all.

And it comes to you completely equipped.

Electric lights, electric starter, electric control buttons on the steering column, cantilever rear springs, 4-inch tyres, Tillotson carburetor, very advantage and convenience of the highest priced cars—yet, this Overland costs only

Come in and see it today.

### A Comic Army.

The rocky islet of San Marino has an army of its own. It is a Republic under the protection of the adjacent peninsula of Italy. When Italy was last drawn into a quarrel with her ancient foe, Austria, San Marino did not require to send in an ultimatum. The old one still stood, issued fifty years ago. She was already in a state of legal war with Austria.

The explanation is that when the two countries, Italy and Austria, quarrelled many years ago, San Marino also chipped in, and declared war in sympathy with Italy. But when peace was made she was forgotten and never signed her bit at all. Hence she continued to be at war. Unfortunately she is not big enough to make much difference, still less to turn the scales of victory or defeat, for her whole army would not furnish a single battalion.

In this respect, however, she beats Monaco, the tiny sovereign State whose capital is Monte Carlo, the place whose "bank" somebody once "broke," the city sacred to gambling.

This State is in the happy position

## Use City Boys on Farms

Omaha World-Herald: The Canadian Government is adopting a very systematic way to increase the crops of the Dominion. An official commission, composed of professors of different universities, has been appointed to visit the high schools and colleges and enlist boys for agricultural work during the summer months. Attention will be given the physical ability of the boys and they will sign, with the consent of their parents, for six months' service, on the farms. A record will be kept of their work and efficiency, which will be credited to them the same as if it were in the regular classes in the schools and colleges. This looks like a pretty good scheme, not only to get intelligent farm workers, but for the real advantage of the boys. It was tried in a small way last year and the result was that the boys who worked on the farms outstripped their studies those who remained in the schools. That is the same sort of record that has been made in some manual training schools where the boys who spent half of their time at work and the other half at their studies, took nearly all the scholastic prizes in the inter-school contests, while they swept the platter almost clean in the athletic fields. If there could be a scheme invented that would put the large groups of boys who idle away their time in the pool halls and on the streets out on the farms during the summer months, it would be of incalculable advantage to them and their country.

## A Minister's Evidence.

That Piles, or Hemorrhoids, Can be Quickly Cured—A Justice of the Peace Cured Many Years Ago.

Toronto, Ont., April 23rd.—There has come to use recently these two letters from prominent men who bear unquestionable testimony in regard to Dr. Chase's Ointment as a prompt and lasting cure for piles.

These men give their evidence freely because they know what it means to suffer from the tortures of piles and then be cured. They feel it a duty and a pleasure to let others know how they too may be cured.

Rev. Frank N. Bowes, Methodist Minister, Priceville, Ont., writes: "In the winter of 1912, I was stationed in Cobalt. I went for a snowshoe tramp one day, and sat only for a few minutes on a cold stump waiting for some comrades to catch up to me. From sitting on the damp stump I contracted piles, and suffered so severely that it caused me great pain to walk. A friend recommended Dr. Chase's Ointment, and I immediately purchased a small box which very rapidly effected a cure. I always keep a box on hand and find it excellent for any kind of wound or sore."

Mr. W. H. Thoren, J. P., Alderside, Alta., writes: "It was twenty-eight years ago that I became acquainted with the merits of Dr. Chase's Ointment and would not be without it on any account as it never fails to do its work. I was first induced to try it for piles. Less than one box cured me and I have never been troubled since. That was twenty-eight years ago, so I think the cure is permanent. It is good for sore lips and hands, chafing and in fact, all sorts of sores. You are at liberty to use this statement for the benefit of others."

You can put Dr. Chase's Ointment to the test in any case of piles with the utmost assurance that you will obtain relief from suffering and ultimately lasting cure. 50 cents a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

## Your Boys and Girls.

The early evening is story time for the very reason that children are then so tired that a restful pose and fairy tale are about as near to heavenly bliss as anyone will ever reach in this world. How unspeakably cruel to deprive the tots of this great pleasure.

Towards the end of the day the normal child is in a condition of physical exhaustion and if we could examine his brain cells we would find them so changed as to be unable to stand any great strain.

It is a well known fact that in such a condition any effort to learn is either impossible or accomplished at an undue expense of energy, resulting in pathological exhaustion which sleep does not relieve. The child becomes neurasthenic in time and when it neglects its school work is called a bad scholar.

W. E. Bearns, the popular grocer, says that his trade on Arbuckle's Breakfast Coffee, is increasing rapidly, that many of his customers prefer this brand to any other.

Arbuckle Bros. are the largest Roasters of Coffee in the United States.

Religious Reception.

Again it is our privilege to chronicle the entrance of another Newfoundland young lady into the novitiate of the Irish Sisters of Charity in the person of Miss Isabel Grant, daughter of Mr. and Mrs. Thomas Grant, Water Street West. Having graduated at St. Bride's Academy, Littledale, this young lady applied and was accepted on the nursing staff of the infirmary, lately opened by the Sisters in St. John. The attractions of the cloister proved too strong to resist longer, and after spending a very successful year in the duties of this institute, she entered the Convent on Sept. 8th, and on March 28th received the habit of the order and the name of Sister Mary Bernard. We extend our congratulations to the young religious, her parents and many friends.

## A Religious Reception.

A popular young lady of this city received the holy habit and white veil at Clinton, Iowa, on the 25th of March, the Feast of the Annunciation, in the person of Miss Mollie McGrory, in religion Sister Mary Cretoria, daughter of David and Mrs. McGrory. The young lady was a pupil of St. Patrick's Presentation Convent, and is just in her sixteenth year. Her many friends wish her happiness in her holy vows.

## Big Novelty Act

At Rossleys.

There is a splendid entertainment at Rossleys Theatre, a negro minstrel first part, the dardies wedding and down on the old plantation. It speaks of long hours of training by Mrs. Rossley's clever little troupe and will be seen to great advantage. It has some very funny situations. It opens with the negroes having a real happy time, as two of their friends Pete and Dianah have just been married. The daughter of their master gives the plantation hands a good time in her parents absence. The clever dialogue was written by Mrs. Rossley. It is clean, bright and sparkling, good songs and dances. The Country Store on Tuesday night promises to be a big affair as there are some nice little silver presents to be given out; on view to-night in the lobby. Don't miss The Darkies' Wedding.

## PROHIBITION CASE DISMISSED.

Two drugists were before court at Briggs on Saturday, charged with not keeping records of liquor supplied by them on scripts given by doctors since the enforcement of Prohibition. The defendants pleaded "not guilty" and produced the "goods" in court on request. Forthwith the case was dismissed.

Minard's Liniment Cures Diphtheria.

# The Cost of Tea

## HAS ADVANCED

sharply and considerably lately, after a previous earlier rise, but still it looks like even much higher prices for teas.

# MOUNT VIEW TEA,

in 1 lb. air-tight packages, which we retail at

# 50c. per lb. only,

is the best value on the St. John's market. We have kept this tea at the square price of 50c. lb. for some time, despite various advances in landed cost, and will do so as long as our present stock lasts. At present market quotations the price should be 70c. lb., and it follows that prices must advance later.

# MOUNT VIEW TEA

is a comparatively new arrival in St. John's, but has been gaining many patrons and holding them. The flavor is right, and the quality is shown by the fact that a pound of Mount View Tea will go as far as any other tea on the market selling from 60c. to 70c. lb., and at least half as far again as any tea selling at 45c. lb. Wise housekeepers who try our Mount View Tea will find they save much money and get a delightful tea.
