A herrible accident occurred at the launching of a ship at Quebec, on Wednesday. While three men were working one of the highest topgallant yards, something gave way, and they were pre-cipitated to the deck. One was instantly killed, and the other two severely injured.

jured.

Active operations have been commenced on the Toronto, Grey and Bruce Bailway. The laying of the track between Owen Sound and Orangeville is completed, and the work of ballasting has been commenced. The construction of the Teeswater branch is being vigor ously pushed forward, and it is expected that that branch, as well as the one from Orangeville to Owen Sound will soon be completed, and the whole line of the road in operation.

DESTRUCTURE FIRE— On Thursday

Destructive Fire.— On Thursday morning at 3:30 a fire broke cut in the flouring mills of Mr. Parkyn, Cote St. Paul, Montreal, caused by the mill stones being let run dry, and thus throwing of sparks. In half an hour the whole of the six storey building was a mass of flames, and before the steam engine could come from the city the west wall had fallen. They, however, saved the neighboring factories. There were in the mill at the time 2,900 barrels of flour, and 20,000 bushels of corn and wheat, which were all consumed. Messres Batters & Co. rented the null from Parkyn.

The total loss is \$80,000; insured for \$40,000.

A specimen returning officer of the.

A40,000.

A specimen returning officer of the John A pattern, is Mr. R. J. Bell, who distinguished himself in connection with the late Muskoka election. A gentleman of this city, whose word is a guarantee of the correctness of the statement, informs us that during a recent visit to the Muskoka district he ascertained that the party who had been selected by the Ottava Government to discharge the important and responsible duties of returning officer was not only without standing as a reliable citizen, but was also untrustworthy as an individual, his employers being under the necessity of discharging him for drunkenness—in fact, just such a character as would make a fitting tool to carry out any disgraceful design his superiors might concect.—London Advertiser.

Every one should take an interest in

Every one should take an interest in the world he lives in. One interesting fact in regard to this earth upon which we reside, is stated by the great Professor Winchell. The respectable old terrestial ball, it appears, is constantly cooling and in doing so is absorbing water (and other things) when they get hot. The ocean is going, not slowly, but otherwise, and will finally be gone. After this, everybody will die—even Campbell's "Last Man." Then the earth, without a living thing on its surface, "will go revolving through space all cracked, parched and wrinkled"—like a withered old maid at a ball. Now, really, don't let anybody get nervous on reading this, because it must be understood that the cracked and withered stage will not be reached until after the expiration of one million years; and it is reasonable to suppose that none of us will be living at the time to be much troubled by these changes.

BREAKFAST.—EPPS'S COCOA.—GRATEFUL by this work the tru AND COMPORTING.—"By athorough know-ledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocon, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills."—Civil Service Gazette. Made simply with Boiling Water or Milk. Each packet is labelled—"JAMES EPPS & Co., Homeopathic Chemists, London."

Useful information.—It is said that olive oil administered internally is an excellent remedy for the gout, and is also beneficial in paralysis and epilepsy; but for the cure of rheumatism, neuralgia, colds and colie, and the removal of pain generally, there is nothing like the Canadian Pain Destroyer, it is the most reliable remedy. Health is Strength. — To prevent or conquer disease is one of the grandest attainments over aimed at by man; and Bryan's Palmonic Wafers will as sure cure coughs, colds, ticking in the throat and pulmonary complaints, as war and pestilence will destroy. Severe colds, it not attended to sooner or later lead to incurable consumption, and the strength of the strongest soon fails if neglected. The readiest and best means known for the cure of these complaints is Bryan's Pulmonic Wafers, which have been thoroughly tried for the last twenty years, and have nover been known to fail. Singers and public speakers will naiso derive great benefit from the use of them. Sold by all medicine dealers at 25 cents per box.

Somebody Says.—"There is something peculiarly attractive in a horse. His intelligent eye and ear, is lofty carriage, his free and graceful motion, his vast strength, his boddent temper, and his indispensible use, all endear him to us. We have to look at his fine proportions, and take in the inspiration of his energy and power, but it is only—when the horse is properly cared for—when he is free from disease or unsoundness of any kind that he will exhibit these points of attraction, and without which he is of but little value. A package of "Darley's Condition Powders and Arabian Heave Remedy" should be in possession of every man who cwas a horse, to be used in case of emergency. Don't fail to get it. Iron in the Blood

MAKES THE WEAK STRONG.

The Permijan Syrup, a Protested Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures 'athousand itls,' simply by Toning up, Invigorating and Vitalizing the System. The enriched and vi dized blood permicales every, and of the body, repairing dame, as and twaste, scarching out navital secretions, and leaving withing for disease to feed upon.

This is the secret of the remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoen, Bolis, Nervous Affections, Chills and Fevers, Humors,

Chills and Fevers, Humors, Loss of Constitutional Vigor, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a loos state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and outling.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cumot reasonably hesitate to give it a triat.
