THREE ESSENTIALS

"We must have courage and determination and must summon the necessary unanimity," said a distinguished British statesman the other day, in counselling his countrymen on the necessity of maintaining her trade. These words might just as well have been uttered by a Canadian statesman, for the qualities named are all essential to this country at the present juncture. Canada is now offering the 1919 Victory Loan and it must be pushed through to success with courage, determination and absolute unanimity, if Canada is to prove worthy of her opportunity.

Great opportunities for trade lie within the grasp of Canada if her farmers, wage-earners, merchants and manufacturers have foresight enough to reach for them. On the maintenance of our great overseas trade built up during the war rests our ability to carry on. One of the great objects of the loan, apart from the rehabilitation of the returned soldier, is the raising of the capital necessary to enable the government of Canada to continue its system of credits to Great Britain, France, Belgium and other countries, and at the same time pay cash to the Canadian producer. On these credits our present and future trade depends and all Canadians must unite to ensure an ample subscription to the 1919 loan, which alone will render them possible.

FARMERS' SUN ON THE ELECTIONS

"While the result in some constituencies is still somewhat uncertain, there can be no doubt that the United Farmers will form a larger body in the new Legislature than will any one of the other three parties. The number of members elected by the farmers' organization, gratifying as it is, would have been still greater had the fight been on anything like equal terms. Holding back the date of election until the last possible moment put farmers at a disadvantage. They were further handicapped by lack of speakers and inexperience in the business of conducting a campaign that was Province-wide. And great rallies and town weeklies alike, if not openly hostile to the farmers' movement, were in hardly any case friendly thereto.

"Still in the face of this, organized farmers have achieved a really great victory. They have been put in a position to control the course of government and of legislation in the Province for next four years. With that victory there has come, too, a grave responsibility. Pledges of economy in public expenditures, promises of equal rights for all and special privileges for none, assurance and rigid adherence to faithfulness in public service, must now be made good to the full.

"To the U.F.O. has been given the great privilege of introducing a new era in the politics of Ontario and of the Dominion and that opportunity will, the Farmers' Sun feels assured, be used to the full by men in whose hands a sacred trust has been placed."

POLITICAL NOTES

Dr. H. A. Stevenson's majority in London over Sir Adam Beck is 1901.

In North Middlesex Brown, U.F.O., received a total majority of 69 over the combined vote of his two opponents.

The official count in West Middlesex gives J. Lothbridge, U.F.O., candidate, 2,975 majority over D. C. McKenzie, Conservative.

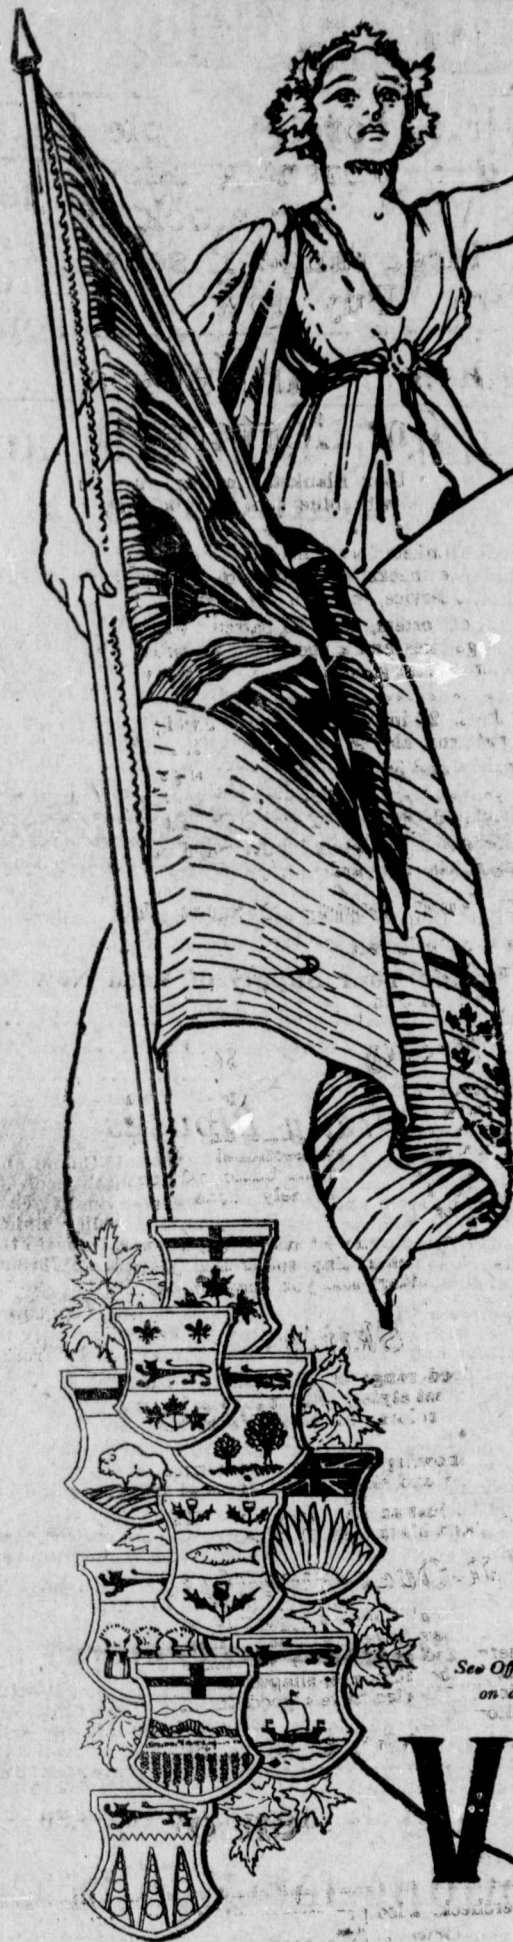

In West Kent, R. L. Brackin, successful Liberal candidate, had a majority of 13,927 over Elliott W. Hardy, the United Farmers' representative, and 4,589 over Milton W. Shaw, the Conservative candidate.

H. Buxley, returning officer for East Elgin, has summed up the votes cast in the recent election and gives the majority of Malcolm McVicar, U.F.O., as 1,573. Yarmouth alone gave him a majority of 787. In the referendum the total vote against liquor was 28,594, and for 5,960.

As the result of the bye-elections held on Monday for the Commonsense Party of farmers' organizations were repositioned Liberal and three candidates turned, the latter winning in Glenora and Stormont, Carleton, N.B., and Assiniboia, Sask., and the former in Quebec East. Hon. Dr. Tominie, Minister of Agriculture, was returned for Victoria, B.C., by a majority of 2,100.

At a meeting in Windsor to discuss the question of the street railway system being purchased by the Ontario Hydro Commission, when Sir Adam Beck was present, a resolution was adopted asking him to accept the premiership if it was tendered to him. The resolution was supported by O. E. Fleming, Q.C., a leading Conservative, Ald. F. L. Howell, a prominent Liberal, and Reeve M. Renaud, one of the leaders of the U.F.O. movement.

Dividing the people of Canada into three classes—the comparatively poor, the moderately wealthy, and the very wealthy—it would seem that if contributions to the Victory Loans constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1918, two hundred and seventy-one million dollars were in bonds of \$5,000 and under, ninety-four millions in bonds of between \$5,000 and \$25,000, and three hundred and one millions in bonds of \$25,000 and over.

Our Motto:

Organization—Education—Co-Operation

It has been said that the Farmers' Movement is a farce.

Is It?

The people of Ontario did not seem to think so election day.

It has also been said that the farmers wouldn't stick together.

Are They Sticking?

Yes, and will stick more than ever from now.

Politicians will now have to listen to the farmers of Ontario for economy with public money.
