

What is Scrofula

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings, which cause painful running sores on the arms, legs, or feet; which develop ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of gonorrhea, cancerous growths, or many other conditions usually ascribed to "humors."

It is a more formidable enemy than consumption, for it attacks the system in its most vulnerable points, and being the most ancient, it is the most general of all diseases or affections, and very few persons are entirely free from it.

How can it be cured? By taking Hood's Sarsaparilla, which, by the cures it has accomplished, proves itself to be a potent and powerful medicine for this disease. For all affections of the blood, Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial.

FIFTH AND LAST MILITARY LEAGUE RIFLE

The Fuglers and "D" Company fired their last match at the Cove range on Saturday. The weather was very favorable for good shooting; the wind and light were excellent, and the riflemen gave a good account of themselves. The score of the Seventh was as follows:

Col. Payne, five matches,
