in the \$5,000 free-for-all at the Fleetwood Park Grand Circuit trotting meeting, and one of the most notable meeting, and one of the most notable contests in the history of harness racing ensued. These three horses were looked upon by turfmen as the three greatest trotters now in training. Azote and Beuzetta went to the post unbeaten this season, the big Whips gelding with a record of 2:06 1-4, and the little Onward filly with a mark of 2:06 3-4. Klamath had lost but one race since Tom Raymond brought him race since Tom Raymond brought him

over from California in June. The first heat was a fluke, Azote winning in 2:09 1-2 without a contest.

In the second round Azote went off in front as before, opening a gap of two lengths in the first furions, and trotting to the quarter in 30 1-2 seconds. Beuzetta chased Azote out this time, and was not more than two lengths behind when the big fellow passed the half in 1:01 1-2. Coming up the hill Azote lengthened his lead, and finished with speed in reserve in 2:05 1-2. Beuzetta, driven out in a hopeless chase, trotted the mile in 2:06 1-4, and Klamath dropped just inside the distance. The announcement of the time was greeted with enthusiastic cheering. Prior to Azote's fast mile the mark stood at 2:06 3-4, made by Nancy Hanks in 1893. Every horseman on the grounds agreed that Azote would have trotted the mile in 2:04 1-2 if he had been driven out, and all things considered it was undoubtedly the best performance ever made by a trotting horse. That Azote can beat the 2:03 3-5 of Alix is room for doubt. Immediately after this heat Beuzetta

was sold for \$18,000 to Peter Duryea, of this city. Many horsemen who saw her trot today believe her to be the coming trotter. The third race was conceded to Azote, and it was a mere formality as the big horse won again without a sign of effort, trotting the mile in 2:07. He will probably trot no more races this year. He is in the exhibition class, and is now under engagement to trot against the world's record of 2:03 3-4 held by

his stable companion, Alix, at Fleet-wood Park, next Friday.

BAD FOR THE BOOKIES.

Judge Bischoff, in the New York
Court of Common Pleas, has handed down a decision holding that the Percy Grav racing law is within the inhibition of the constitution against the authorization of any kind of gambling, and therefore unconstitutional. Lawyer A. H. Hummel says that Judge Bischoff's decision, if it stands, will stop all racing in the State.

WINDSOR RACES. Windsor, Ont., Aug. 29.—About 2,500 people attended the races today and saw five hotly-contested events. First race, 6 furlongs—Belle Foster 1, Aunt Lida 2, Susie B 3. Time, 1:14 1-2. Second race, 5 furlongs—Starbeam 1, Lillian E 2, Duchess of Montrose 3.

Time, 1:02 1-2.
Third race, 1 mile—Grannon 1, Midstar 2, Tuteli 3. Time, 1:44 1-2. Fourth race, 4 1-2 furlongs—Helen H. Gardner 1, Miss Kitty 2, Newhouse 3. Time. :56 1-4.

Fifth race, 1 1-16 miles-Begue 1, Tip-

pecanoe 2, Brahma 3. Time, :50 3-4. NEW HAMBURG RACES. New Hamburg, Ont., Aug. 29.—The fall races under the management of the New Hamburg Turf Club began yesterday, and will continue today, Thursday. The weather was fine, and attendance and sport was excellent. avis & Haskins conducted the betting privileges. The programme includes the best trotting and pacing stock in the country. The 2:50 class had four-Walter Medium, of St. teen entries. Thomas, was favorite and won in three straight heats, but the busy going little pacer Sodona, of the Mountain View Farm, Ottawa, driven by Frank Webster, made it interesting for him every inch of the way, capturing second money, Little Mack showing up well in the third heat. In the 2:18 race Nellie Bruce and Payrock were great favorites with the crowd. At the start there was not much choice among the seven entries, as all had good records. This race created great excitement from the fact that Nellie Bruce came in first in the third heat, lowering the track record to 2:18 3-4, but she was set back for swerving and Payrock got the heat. Then in the fifth heat Chloe skipped past Nellie just before reaching the wire. Many thought the mare should have been awarded this heat, as she paced squarely throughout the race. She won the next heat and race, making her decidedly popular. The 2:27 class was not completed owing to darkness coming on. Favette and Mat each won two heats.

RECORD BREAKING. Sheepshead Bay Race Track, Aug. 28. The attendance today was fully 8,000. The track was fast. Wernberg established a new world's record at 6 1-2 furlongs in the second race in 1:19 2-5. This knocks off one-fifth of a second from Geraldine's famous record made for the same distance in California in 1891, and in a second better than the track record, which was held by Anisette. In the third race Rey del Carreres traversed the futurity course in a big gallop in 1:11 2-5.

ATHLETICS. MAY FIGHT IN MEXICO.

El Paso, Texas, Aug. 29.—It is understood that matters have been fixed at Mexico City with the federal officials so that the Corbett Fitzsimmons fight can be pulled off in Juarez, across the Rio Grande from El Paso. Governor Asumada, of Chihuahua, favors having the fight at Juarez, but has been held back by President Diaz heretofore. Twenty thousand dollars, Mexican money, must be put up as a guarantee for local expenses and evidence of good faith.

OUTSIDE VIEWS

The Toronto Papers on the London Bicycle Meet.

Conflicting Opinions of the Track-The Accommodation Praised.

The Toronto Globe says of the bicycle races in London yesterday: "The L. A. W. circuit meeting here to-day was characterized by the theorem." ized by the poorest racing of the week. The track was in a measure responsible for it, as it was as bumpy as a corduroy road in places. In addition to that deterrant to fast time, the curves were rather abrupt. By a curious oversight the sanction for the meet was not obtained until this morning, and in all probability if one of the officers of the association had not been present the meet might have been postponed. The races were witnessed by nearly 2,000 people, ladies being in the majority. Excepting Toronto, London is the only place where the promotors have cleared expenses." The Toronto Mail-Empire says: "Cham-

pion McLeod will need to look well to his aurels before many more days be passed. Indeed, keeping pace inversely with Wells' improvement, it would seem that McLeod is retrograding in form. Several times on the track today he seemed slightly stale, notably in his mile against time. The races yesterday were under the auspices of the London Bicycle Club, and were the fourth fixture in the Canadian loop of the National Circuit. The sport was witnessed by 2,000 people, and if anything was even better than at the three preceding meets on the circuit, the finishes nearly all being of an electric order. There was, however, no record-breaking. This was largely due to the fact that the new third-mile track had never been ridden on before, and was somewhat lumpy and heavy. The surface is of brick dust, and the corners are well banked and with use the track is likely to become an exceptionally fast one. The grand stand and dressing-room accommodations are splendid. Another militation against record time was a breeze that caught the riders in the home stretch. The Canadian riders have not complained, but their friends and trainers aver that even if they had speed sufficient, it would be almost impossible to win races from the Chicago coningent. Certain it is that Canadian competitors became pocketed with a frequency that breeds suspicion.
