

Why a Cold "Hangs On."

Stop and think a minute. The tickling in the throat, the tight feeling in the chest and that racking cough are only the results of the cold, not the cold itself. To apply a soothing medicine to the irritated membrane does not cure the cold. The lungs, throat and nose are nature's exits for the poison, but the cold is in the system.

Shiloh's Consumption Cure will Cure a Cold.

It will cure a cold when it has developed so far as to be Consumption. "Shiloh's" supplies the blood with the vitality necessary to kill the germs and drive the dread disease out of the system.

Why keep on treating the results of the disease. Take "Shiloh" and you will cure the disease itself, and leave the system strong to resist future attacks. "Shiloh" is guaranteed to cure. If you are dissatisfied after using two thirds of the bottle take the remainder back to your druggist, and he will refund the whole of the purchase money.

James South of Vancouver, writes:

"S. J. Wells & Co., Toronto—I suffered for years from a cough and tried scores of remedies. Occasionally it would disappear for a few days, but would inevitably return—worse than before—I tried Shiloh's Consumption Cure and from the first day my cough was relieved and finally it left me. For over eleven months I have been quite well and I never tire of praising your grand medicine."

Sold in Canada and United States 25c., 50c., and \$1.00 a bottle. In England 1s. 6d., 2s. 6d. and 4s. 6d.

OLD FLAG FLIES AT BLOEMFONTEIN

tional institution has a high rank. There is also St. Andrew's College, the Ladies' Government Institute and an academy for girls, St. Michael's Home. There are also many private schools in the city and an excellent public school system.

In Natal.

BOERS LOCATED.

London, March 14.—A dispatch from Ladysmith, dated today, says: "The Boers have been located in several strong positions near the junction of the Drakensburg and the Biggarsburg ranges. They have heavy guns in position at Pongwani Kop, Hlatikulu and in the Impati Mountains, as well as at Gibson's farm, near Cunduyeleugh. "Gen. Hunter now commands the division. Both men and officers of the relief column are completely recovered, and are now in the pink of condition. The reconstruction of the railway from Ladysmith to Dundee is progressing rapidly."

A private dispatch received here says that Dr. Jameson, who was critically ill at Ladysmith, is better and likely to recover. Dr. Jameson was anxious to have a military command in the campaign, but as the leader of the raid he was excluded from the service for political reasons, and was not welcomed when he arrived at Ladysmith a few days before the investment of the town. His opportunity came. When the garrison was fever-stricken, he reverted to medicine, and did ten men's work in caring for the fever patients and the wounded soldiers.

SUSPICIOUS WATERMELONS.

Cape Town, March 14.—Another plot has been discovered to free the Boer prisoners at Simonstown. The remarkable quantities of watermelons received by the prisoners, and an investigation showed that compromising letters were contained in the melons, the writers planning the escape of the captives.

BISHOP SEIZED.

The British troops, under Lord Methuen, have returned to Kimberley from the occupation of Boshof, Orange Free State. Guns and 70,000 rounds of ammunition were seized. A strong force was left to garrison the town. Nearly all the residents were weeping, mourning, as the Boshof commando lost 200 men at the battle of Belmont.

THE CANADIANS.

London, March 14.—The correspondent of the Morning Standard, cabling from Poplar Grove, Orange Free State, with Lord Roberts' force, on March 8, states that Gen. Colville, commanding the ninth division, is in command of the Canadians, captured a Krupp gun at the top of a large, flat kopje. It was taken by the Shropshire Regiment without opposition. The

WEAK, FAINT FEELINGS.

Serious Conditions that Milburn's Heart and Nerve Pills can Readily Cure.

One of the indications of serious heart trouble is the sensation of weakness or faintness that comes on at times. Sometimes it is simply a dizzy feeling that passes off, or it may be a state of unconsciousness with hands and feet cold and countenance ghastly pale.

These symptoms indicate a weakened heart. They are unmistakable evidences of the engine of life breaking down.

Now there's only one reliable remedy for restoring strength and vitality to weakened hearts and relieving all the distressing symptoms. It is Milburn's Heart and Nerve Pills.

The case of Mrs. A. Stratton, Fredericton, N.B., amply proves this. Here is her statement: "I suffered very much from an impoverished condition of the blood, coupled with extreme nervousness. A dizzy sensation on arising quickly or coming down stairs, often that I could not walk up them. The least exertion caused my heart to flutter and palpitate violently, and I sometimes felt a smothering sensation on going to sleep."

I doctored back and forth for my weakness, but I got no relief from any medicine until I tried Milburn's Heart and Nerve Pills, and I can say that they helped me wonderfully. Sometimes my face and arms would swell and puff, but all these troubles speedily yielded to the restoring influences of Milburn's Heart and Nerve Pills, and I am now strong and well. I did not use them long until I regained the blessing of healthful, refreshing sleep and it will always be a pleasure to me to recommend them to others."

DOMINION PARLIAMENT

Ottawa, March 14.—In the house today Sir Wilfrid Laurier introduced two bills from the senate, viz., a bill to provide for the liberation of penitentiary convicts, and respecting the supreme court of the Northwest Territories, which were read a first time.

Mr. Fleckling, in reply to Mr. Domville, said the total sum paid to Sir Charles Tupper as salary and allowance as high commissioner at London was \$127,000; that no deductions were made from his salary for the periods during which he was in Canada in 1887 and 1891, and that the question of taking steps to recover the amount paid him during those periods, if the same could be recovered, had not been considered.

Sir Richard Cartwright, replying to Mr. Fraser (Lambton), said that, including British Guiana, approximately 770,000 barrels of flour were imported by the British West India company, and that steps have been taken in connection with the imperial government for a fast steamship service to the West Indies, which will commence on July 1 next.

Replying to Mr. Davis, Mr. Mulock said that the government had taken tenders for the mail services between Eastern Harbor and Port Hastings, which up to 1896 cost \$11,500 per annum, with the result that the work is now done for \$7,073 per annum, a saving during the contract term of \$18,729.

Sir Wilfrid Laurier, in reply to Mr. McMullen, said that the operation of the Dominion franchise act was suspended eight times between 1885 and 1897; that under it there were four revisions of the voters' list, and that the net cost thereof was \$121,218 99. Mr. Foster moved the adjournment of the house after some 43 questions had been answered by the ministry, in order to bring up the question of again referring the West Huron and Brockville election cases to the committee of privileges and elections. He asked that the unopposed motions be taken up out of the regular order in which the business stood upon the paper.

Sir Wilfrid Laurier replied that owing to the abuse of the privilege when he last agreed to a variation of the regular order of the day, he could not accept the suggestion of Mr. Foster. Sir Charles Tupper asked if the unopposed motions on the paper would be gone through.

Sir Wilfrid Laurier replied that owing to the fact that when this privilege was granted last week, the government was accused of blocking the inquiry into the West Huron and Brockville elections, because of the fact that he did not propose to go through the order paper in that way.

Mr. Foster urged that this was contrary to all precedent. He contended that the course of the government in reference to questions had been unfair. He spoke in condemnation of Sir Wilfrid Laurier's action, saying that if the course was insisted on, parliament would be in a sorry state of affairs.

Mr. Speaker suggested that Mr. Foster was pursuing a line of debate that must lead to a bitter discussion. He said that no attempt was made by the government to call Mr. McMullen to order when he charged him with breaking all the commandments. Sir Richard Cartwright turned around and invited Mr. McMullen to go on.

Sir Richard Cartwright said that this statement was absolutely unfounded on fact. He suggested, however, that Mr. McMullen did not go into details on that occasion. Sir Charles retorted sharply, protesting against what he called an indecent assault on a member.

Mr. Foster reverted to the subject of his motion, saying that the evidence had shown that the officers of the government had done everything in their power to thwart the will of the people. The West Elgin disclosures were such that the premier of Ontario had to resign his premiership. The government should allow the matter to go to the committee as a matter of privilege.

There were two gentlemen in the house who would not be there if the truth were brought out in connection with this election. Sir Wilfrid Laurier said that he would not notice the extraordinary exhibition that they had had from Mr. Foster. He did not indulge in personalities; he left that to the small number in the house. He only to say that every man had a right to bring in a motion. They could not all be served at the same time; every man must take his turn. The motion for the inquiry was not for papers; he asked it to stand over, and because he did that it was said next day that he had refused an investigation. Eyes had been put on the speaker, and then said he would not again extend the courtesy unless it was understood that they should take only motions for papers, and nothing else. He had the sense of his own responsibility, and he intended to adhere to it.

Mr. Borden (Halifax), charged there had been a deliberate plan to prevent this matter being reached this session, although it was an unopposed motion.

Mr. Borden then analyzed the evidence taken last year at some length, in an effort to prove that grave irregularities had been committed. Mr. McMullen said that the Conservatives, knowing full well that it was a case of chickens coming home to roost, and he would not, for himself, consent to any reference which would be a single instance of wrong-doing by a deputy returning officers had been shown in West Huron. The whole responsibility for delay rested upon Mr. Borden, by reason of that gentleman not having placed his motion upon the order paper earlier.

Just before the speaker left the chair Sir Charles Tupper moved the adjournment of the house while he announced he had been informed by the agent of the Ocean Guarantee and Accident Insurance Company that the insurance of \$1,000,000 placed upon the motion of the first Canadian contingent would not be taken.

LAURIER PRAISED

His Speech Referred to by the British Press in Flattering Terms.

London, March 15.—All the morning papers refer in most flattering terms to the speech of Sir Wilfrid Laurier, the Canadian premier, welcoming the idea of colonial representation in London.

All the evening papers give Sir Wilfrid Laurier's speech marked prominence on the contents bills of their late editions. They also publish a full resume of the speech.

A Manitoba Tribute To Laxa-Liver Pills.

Miss Blanche Windrem, of Balduv, Man., Restored to Health After Her Mother Had Despaired of Her Recovery.

Here is Miss Windrem's statement: "Some three years ago the glands on either side of my neck swelled up and remained so in spite of all the Physicians could do. Then my eyes got sore and I was greatly troubled with pains through my head, particularly the temples. At last I became so weak and run down that my mother almost despaired of my recovery. I then heard of Laxa-Liver Pills and started taking them. The result is I am cured and I cannot speak too highly of the benefit I derived from those little pills." Price 25c.

Only eleven men have joined at Montreal for Halifax garrison duty, while 120 was the number looked for.

The Old Heintzman and Company Piano.

The year 1899 was a great year for the old firm of Heintzman & Co., a record-breaker in their half century history of piano-making. The early months of the new year have established the fact that 1900 will out-record 1899, for with continued good times people are not satisfied with a cheap piano. They want the best and now the Heintzman & Co. piano is rich in the front and shares as a high-class instrument in the good times.

The Heintzman & Co. has grand-children, parents and children. It is not an unusual thing to find that one generation following another, being satisfied with nothing less than a Heintzman & Co. piano. To quote Shakespeare the Heintzman & Co. piano is rich in its friends. London warerooms of Heintzman & Co. are at 217 Dundas street.
