A MAN AND WIFE

Agree Perfectly in Their Warm Praise of Dodd's Kidney Palls.

Napanee. Ont., June 24 .- (Special) .-It is pleasant to see a man and his wife agree as heartly as Mr. and Mrs. Simon Warner, of this town agree about Dodd's Kidney Pills.

"I would like to recommend Dodd's Kidney Pills to every one that I hear complaining of a pain in the back,'

says Mr. Warner.
"I was so lame in my back that my wife had to lift me out of bed. The doctors said they could do nothing for me. I was told by a friend to try a box of Dodd's Kidney Pills, and found they helped me right away. I recom-mend them to everyone and always after a trial the people are ready to recommend to others. My wife has used five boxes of Dodd's Kidney Pills and says exactly the same as I do. Neither she nor I feel safe unless we have a box in the house.'

London, June 25 .- Lord Kitchener cables the war office that since his last report 41 Boers have been killed, 27 wounded, and 160 prisoners taken. Seventy burghers surrendered, and the British also captured 41,800 rounds of small-arm ammunition and 264 wagons, besides horses and stock.

TOOK 200 PRISONERS. Bloemfontein, June 24.-Gen. Bruce Hamilton's recent movements between Petrusburg and the railway resulted in the capture of 200 prisoners and a large quantity of stock. During the operations the burgher police again rendered good service, and, led by Lieut. Bayly, captured a Boer laager.

RATHER A STIFF STORY. Cape Town, June 24 .- The Cape Argus of a recent date gives interesting details of the surprising of a Boer laager at Dordrecht. Capt. Lukin, of the Cape Mounted Rifles, acting with Scobell's column, accompanied by only

one man, accomplished the feat. The laager was situated in a deep valley, and the surprise was effected at four o'clock in the morning, while the moon was still shining. Lukin dashed into the laager, calling loudly, "Troop, gallop!" The enemy had already saddled, and were thrown into confusion before our men arrived. They bolted from the laager, leaving everything behind them. Fourteen Boers were captured, three of whom

were wounded. CANADIAN HAY FOR AFRICA. Ottawa, June 24.-The shipments of hay from Canada to South Africa, which have been in progress now for several months, are evidently so satisfactory to the imperial authorities that they have asked the department of agriculture to send 10,000 additional tons, to be shipped from St. John not later than the month of August. Arrangements for securing the fodder will be entered into at once.

London, June 25.-There is some discouragement over the military situation in South Africa without definite news of any fresh disaster. skirmish at Waterkloof is proof that the Boers are in fighting form, and are not invading Cape Colony merely for the purpose of obtaining supplies and remounts. The invaders clearly rallied their forces, and Gen French has work to do in the Dutch section, where his maneuvers were successful fifteen months ago. THE MATTER OF CHINESE INDEMNITY

No Allowance Made for Rich Hauls of Loot Made by the Allies.

London, June 25.—A dispatch to the Times from Pekin, dated June 24, says that the indemnity demanded by the powers from China does not represent the real amount of the money penalty inflicted on China, as no allowance has been made for the rich hauls of treasure in Manchurian cities and the con tents of the Tien Tsin arsenals secured by Russia, and the large sums which Germany has secured by sys-tematic raiding of Chi Li, and other

The China Merchants' Company,owners of the premises in Tien Tsin at first occupied by the marines, and afterwards by Luseum's command as barracks, have completed their claim against the United States Government for valuables which they aver were carried off by the marines. The company say that the premises, being a part of the foreign concession, were willingly lent for military necessities, but that they were not subject to looting, as they would have been if they had been in the Chinese city.

IN THE HILLS

Stray From Path When Exploring the Mountains and Searching Parties Bring Relief.

Chicago, June 25.-After a night and a day of wandering through almost impenetrable forests, with neither food nor water, Miss Emma Allen, of 4,059 Prairie avenue, Chicago, was rescued yesterday from the mountain near San Bernardo, Cal., by a searching party.

According to dispatches received last THE MINERS AND evening Miss Allen, when reached by the relief party was stumbling towards a masked precipice, to fall over which would have been certain death.

Miss Allen is a sister of Dr. Francis Allen, 4,059 Prairie avenue, and for many years has made her home with the doctor. She is 25 years old, and is frail and unused to hardships. an artist, having studied in New York at the Art Students' League and at She had been in Cooper Institute. California since January sketching among the canons and mountains about San Bernardino.

For some time Miss Allen has been visiting Miss Francis Fuller, 18 years old, in a camp at Squirrel Inn, a summer resort in the San Bernardino Mountains, 30 miles from the nearest railroad station, and in the heart of. a wild country.

LOST IN THE MOUNTAINS. Miss Allen, with Miss Fuller and the latter's 15-year-old brother. George. set out at daybreak on Friday to explore the adjacent region. When night came and they had not returned the parents of the Fullers and the friends at Squirrel Inn became alarmed, and relief parties were organized, 25 mining prospectors setting out at once to trace them, under the leadership of Gus Maner, guide and hunter. Bonfires were lighted to guide the

missing ones, but no traces of them were found until 11 o'clock, when the searchers came upon the unconscious body of George Fuller lying beside a mountain trail. He was three miles from the nearest camp, whither he was borne on a hastily constructed litter. The boy was restored to consciousness, but was unable to tell where the young women were. stated that they had early on Friday come upon a canon of great wildness and beauty. Desirous of seeing more of it they continued along it in a southerly direction, scarcely noting how late it was. Night comes suddenly in the mountains, and darkness overtook them while they were still in the canon.

Then they realized that they were lost and knew not which way to The girls became terror-strickturn. en and young Fuller offered to travel back to camp and get pack animals to bear them home. The girls promised to remain and the boy struck out alone. At last he stumbled into a little-used trail, but was unable to keep in it, and at last fell senseless where he was found by the rescue party.

FLEE FROM WILD ANIMALS. Meanwhile Miss Mason and Miss

Fuller found themselves alone in the darkness with every sort of terror about them. Fear that Fuller would not get to camp, that they never would be found, or that they would die before help came was suddenly augmented when the cries of wild animals in the hills reached their ears. Unable lenger to endure standing still, they set out in the direction they believed the camp to lie, but which in reality was the opposite direction. So it happened that the searching party which had heard young Fuller's story came to the spot the young women

came to the spot the young women were no longer there. A posse was made up at San Bernardino, whither the news had been telephoned, and preparations were made for putting every available man into the search.

From midnight to daybreak the young women struggled through the forest. At times, exhausted, they would sink to rest on a bed of rock or sage brush, only to be aroused again by the roars of the wild beasts about them. They had no food, and could find no water, though their throats were parched, and they were nearly famished. By daybreak neither could

articulate. FOUND BY THE RESCUERS. When they were not found where Fuller had left them, Gus Mamer and Charles Boyd struck out into the woods in pursuit of them, though it was feared they had been carried

away by the wild beasts. At daybreak the searchers came up with them in Dead Man's Canon. They were gradually making their way down a steep decline and every step took them nearer death. The young women were unable longer to help themselves and the two men carried them six miles back over the mountains to Squirrel Inn.

Miss Fuller, Miss Allen's companion is a society leader at San Bernardino and Los Angeles, and is the daughter of W. H. Fuller, a prominent and wealthy attorney of the latter place.

IN THE INUNDATED ELKHORN DISTRICT

Trains Have Begun to Travel, But Wires Are Down in All Directions—Earlier Reports of Loss Considerably Modified.

Montgomery, W. Va., June 25.—For 48 hours there has been no communication with the catside world. Telephone and telegraph wires are down, and no mail trains or express has passed for 36 hours until last night. The loss here and in the immediate vicinity will be close to \$100,000. At Smithers' Creek a train of cars belonging to the Kanawha and Michi-Railway were washed off the

track and tied around the Smithers bridge. The Chesapeake and Ohio was covered with slides.

Blue Hole tunnel fell in and tied up everything on the line.

A slide crashed out on the mountain at Crescent and carried a man away.
The track of the Kanawha Traction Company is washed away for miles. Trains have commenced now to go through and are running frequently. Telegraph and telephone lines can not be operated for some time to come. Richmond, Va., June 25.—A special from Tazewell, Va., says that at Cedar Bluff, west of there, nine houses were washed away, but no lives were lost, as far as known. Many mill dams are

gone.
The town of Liberty, nine miles west of Tazewell, is badly damaged.

The flood seems to have EMBRACED THE WHOLE COUN-

TRY. extending into the eastern part of Russell and Forty Mile road. Richmond, Va., June 25.-A Dispatch correspondent, who returned to Blue-field from the scene of the disaster, at 3 o'clock this morning, describes the havoc as most appalling. He says that hundreds of people are missing or re-ported missing, but discredits the idea that the loss of life is anything like

that at first rumored. FROM RAILWAY OFFICIALS. New York, June 25.-The Norfolk and Washington offices in this city have received the following from the general passenger agent at Roanoke,

"Latest information as to the storm at Pocahontas coal field put the damage to property at \$300,000. Loss of life about 60. No loss of passengers or trains. We expect to resume the running of trains on Wednesday.

Non-Union Men Join the Miners' Union and the Strike is Settled-Trouble in P. and R. Co.'s Shops.

Wilkesbarre, Pa., June 25.-The strike of Miners at the Mosanaqua colliery of the West End Coal Company has been settled and the six hundred employes returned to work today.

The men struck because non-union miners had been employed. Yesterday the non-union men joined the union. Reading, Pa., June 25.-The striking shopmen of the Philadelphia and Reading Company did not return to work today, as they had been urged to do by President Baer in his letter of Saturday. On the other hand there were some accessions to the ranks of the strikers, and if President Baer's threat that all men who failed to report for work this morning would be discharged is carried into effect, there is likely

to be trouble before the shops are again in operation. The company's clerks worked until a late hour last night prepara-tory to paying off those who disregarded the president's order. The car shops are crippled, and the boilermaking and the blacksmith departments Jackson, Mabel Robinson, Pearl Tait. are idle. Molders and machinists are waiting for orders to strike.

Today the officers of the strikers admonished the men to keep away from saloons and company property. situation is becoming grave, and a general strike over the greater portion of the company's system, if the griev ances of the men are not heard, is predicted. The impression is current that in order to win the strike not only the shop employes still at work, but the trainmen also, must be called out.
