Price 25c a Box. Sold by Druggists, or Sent by Mail.

Send to DR. RADWAY & CO., 7 St. Helen street, Montreal, Canada, for Book of Advice.

IRISH SOCIETIES' PARADE.

Ottawa, March 11.—The parade of the Irish societies of Ottawa, Montreal, Amherst and Hull will take place on Sunday, March 16.—About 4,000 persons will march. The Chicago Irish contingent could not make train arrangements, and will go on to Montreal, where the parade will be on the 17th.

SECRETARY LONG QUILTS.

Washington, March 10.—Secretary Long today handed his resignation as secretary of the navy to the president. It is to take effect May 1. Congressman W. H. Moody, of Massachusetts, will be Secretary Long's successor.

FINED FOR FRAUD.

Toronto, March 11.—Northwest buyers of Ontario apples have been complaining lately of the practice of putting all the big apples at the tops, and so deceiving customers. This was the trouble with a carload shipped from Brighton by D. G. Bonter, and a conviction was registered against him, a fine of \$9.50 and costs being imposed. Mr. Bonter says the apples were bought from a third party, against whom he will take action.

Malt Breakfast Food

Is Invaluable for Invalids and Convalescents.

Not only is Malt Breakfast Food of great value as a food for invalids and convalescents, when prepared as porridge, but it makes the most nutritious and appetizing gruel or drink.

MALT BREAKFAST FOOD DRINK.

Take one cup of Malt Breakfast Food and stir into four cups of boiling water. Cook for one-half hour, then strain. Add sugar to taste. Malt Breakfast Food can be added when desired. The gruel makes a very valuable food for invalids, convalescents and young children. The weakest stomach will tolerate it, and it is very nutritious.

A DRINK FOR INVALIDS.

A very excellent and nourishing drink can be made in the same manner as the gruel, but take twice the quantity of water. A few drops of lemon juice will add a refreshing taste that will often be appreciated. Ask your grocer for Malt Breakfast Food.

There is a general crisis for wine growers, because of an overproduction in the entire world.

There is no form of kidney trouble, from a backache down to Bright's disease, that DOAN'S KIDNEY PILLS will not relieve or cure.

Farthing breakfasts, consisting of coffee, bread and butter and jam, are now being provided by the Salvation Army for poor children in Newcastle, England.

Before After Wood's Phosphatine.

The Great Kidney Remedy. Sold and recommended by all druggists in Canada. Only one medicine discovered. Six capsules guaranteed to cure all forms of kidney trouble, whether of excess, mental worry, excessive use of tobacco, Opium or Stimulants. Mailed on receipt of price, one package \$1.50. One will please send cure. Pamphlets free to any address. The Wood Company, Windsor, Ont.

Wood's Phosphatine is sold in London by McCallum & Co. and Anderson & Melles, druggists.

THREE KILLED BY COAL GAS

School Janitor, Wife and Sister Asphyxiated.

Falling Timber Broke a Hamilton Carpenter's Neck—Numerous Other Casualties.

Mr. Clemens, Mich., March 11.—Frederick Doeschler, aged 66, his wife aged 72, and his sister, Mrs. John Prink, aged 60, were asphyxiated at their residence, 122 Clinton street, some time between Friday night and Monday morning, by coal gas.

Mr. Doeschler was janitor at the Dickinson school, and as he did not appear yesterday morning, one of the teachers sent a scholar to the house.

As no response was made the neighbors commenced an investigation.

When an entrance was effected the house was found to be full of gas. The two old ladies were lying as though asleep, dead in the bed of the sitting room, and Mr. Doeschler sat in a chair behind the stove, his head evidently gotten up to fix the stove when overcame. The cover over the magazine was partially open and gas was still pouring from it.

The three had evidently been dead since Friday night, as that is the last time any of the family had been seen.

The gas was so heavy in the rooms that the plants in the next room from the stove were killed. Mrs. Doeschler and Mrs. Prink were sleeping in the second room, where the stove emitted the deadly gas.

CARPENTER KILLED.

Hamilton, Ont., March 11.—John Absley, a bridge carpenter, 30 years of age and unmarried, employed by the Grand Trunk Railway Company, while tearing down a veranda at the freight sheds on Strachan street yesterday morning, was struck by falling timber and fatally injured. He died before medical aid arrived on the scene. Absley had no relatives in this country. An inquest will be held.

STRIKE BY A CAR.

Hamilton, March 11.—John Nally, 15 Smith avenue, was struck by a radial electric railway car on Birch avenue on Saturday night, as he was walking on the track, bound for the smelting works. He had one leg broken and was badly cut and bruised, but will likely recover.

NEARLY STRANGLED.

Toronto, March 11.—About noon yesterday a middle-aged man named John Henry, a commission merchant from Calgary, was eating dinner at a King street restaurant, when a large piece of meat stuck in his throat and nearly killed him. The police ambulance was hurriedly called, and he was taken to the hospital where the doctors manfully battled the obstruction. He had been drinking as well as eating.

DEATH-DEALING EXPLOSION.

Keokuk, Iowa, March 11.—The I. E. Dupont, Demours & Co.'s powder plant, near here, was badly damaged by an explosion yesterday. Two men were killed outright, a third will die, and three others were seriously injured. The damage amounts to \$75,000.

EXPLOSION AT BRAMPTON.

Brampton, Ont., March 11.—Yesterday afternoon the town was startled by a great explosion, and dense volumes of smoke were seen pouring from the third-story window of Peaker & Son's hardware store. The fire alarm was sounded and the firemen quickly ran a ladder up to the window, but probably ten minutes elapsed before they could enter on account of the dense smoke. Wm. Peaker, jun., was found lying insensible and his clothing on fire. He was hastily carried downstairs and several doctors summoned. He had several dangerous burns on the face, hands and breast. The building was badly damaged. It is conjectured that Mr. Peaker had gone to the powder room to ascertain the quantity of powder in stock prior to giving an order to a traveler whom he had left in the office. Opening the door he is thought to have struck a match to obtain light, and into the powder. At 8 o'clock Mr. Peaker is still living, though unconscious, and it is feared he cannot recover.

BURNED TO DEATH WHILE PRAYING.

Warsaw, Ind., March 11.—While kneeling in prayer before a stove in her home in this city, Charlotte Lee, a spinster, 80 years of age, was fatally burned. The woman's clothes caught fire in some manner, and as she was alone in the house help did not reach her for some time.

FIVE CHILDREN PERISHED.

Binghamton, N. Y., March 11.—"Dig one large grave; children all dead." So reads a telegram received today by his sister in this city from Thomas Scanlon, whose five children were burned to death at Shinnepoke, Delaware county, last night. They were: Mary, aged 13; Thomas, aged 12; Nellie, aged 8; Dennis, aged 4, and Michael, aged 2. The bodies will be brought here in one large coffin for burial tomorrow. No details of the accident have been received. Shinnepoke is a small settlement near Hancock, comprised of only a few houses, and the Finch-Ross Chemical Company's works, where Scanlon was employed. The family removed there from this city five months ago. It is presumed the home was burned at night, while Scanlon was away, and that all the occupants except Mrs. Scanlon perished.

DIED ON A TRAIN.

Aylmer, March 11.—Henry J. Matthews died Saturday afternoon on the G. T. R. train while en route from St. Thomas to this town. He had been suffering from consumption for the past two years. His wife was with him on the train, and his brother, J. Matthews, of Malahide, was waiting for him at the depot here to take them to his home. Matthews was well known throughout Eastern Elgin and Oxford, having conducted a livery business in Aylmer and Tilsonburg. At one time he was in the hotel business in Orwell. Besides his wife he leaves two children, a son and daughter. The deceased was about 37 years of age.

FOUND TWO DEAD MEN.

New Brunswick, N. J., March 10.—The fast freight, east-bound, due here at 6 o'clock this morning, had a rather unpleasant experience between Trenton and this city. The run from Philadelphia was uneventful until, as the train approached Princeton Junction, it hit and killed a man. The train stopped, and the body was cared for and left at the junction to be sent to Trenton.

When near Monmouth Junction the train was stopped again at a signal from the head brakeman, who said it had hit another man, and he had seen

the body hurled into a ditch. A search of the tracks for a mile back failed to locate the supposed victim.

The train was again started east, and as it neared Millstone the glare of the headlights revealed the body of another man lying by the rails. The engineer stopped, the body was picked up and brought to this place, and it proved to be that of Howard R. Brees, of New Brunswick. He is supposed to have been struck by another train while walking home from Franklin Park.

TRIED TO DIE, BUT FAILED

John W. Russell Cut His Throat in a Denver Hotel.

Embezzled Funds Gone, He Tried to Suicide—Failing, He Surrendered to Police.

The following dispatch from Denver, Col., bearing the date of Sunday, March 9, tells how John W. Russell, wanted in this city for embezzlement, tried to commit suicide rather than face the consequences of his misdeeds.

The dispatch reads: "With his throat cut from ear to ear, John Russell, a self-confessed embezzler, has been cooped up in the city jail since yesterday without medical attention. He is in a small cell, where only the most desperate criminals are confined, and nothing is being done to relieve his pain. Russell cut his throat Wednesday night in an attempt to commit suicide, and it was only due to his highly nervous state that he did not succeed.

About a week ago Russell came to Denver from London, Ont. He had about \$500 with him, and most of this money he embezzled from the John Garvey wholesale grocery establishment at London, for which firm he worked during the last three years. Russell registered at the Albany Hotel. Monday and Tuesday nights he spent in the gambling houses and Wednesday morning he was 'broke.' During Wednesday Russell had several drinks and little to eat, and about 7 o'clock in the evening he retired to his room. Then, sharpening his razor, he stood before a mirror and deliberately slashed his throat three times. Blood spurted in every direction, and Russell laid down on the bed to die.

About 9 o'clock, however, he changed his mind, called a bellboy, and notified the office. County Physician Brown and Dr. Sherman Williams were called, and they sewed up the man's throat.

"Yesterday morning Russell called at police headquarters and asked to be locked up. He told of his attempt at suicide and added that he was wanted in Ontario for embezzlement. The police knew Russell was wanted, and thinking their visitor was crazy, locked him up on that charge under the name of John Jones.

"A telegram was then sent to John Garvey at London, and last night afternoon word came back to hold Russell, as he was wanted for embezzlement.

"High living and gambling caused my downfall," said the prisoner today. "I got deeply in debt back home and then stole about \$400 from my employer to come here."

"The prisoner is a rather good-looking fellow, about 25 years of age, with a pleasant address. Today he suffers much from his wounds and has agreed to return to Ontario and face the charge against him. An officer with a warrant is on the way from Ontario. For three years Russell has been employed as traveling salesman by the John Garvey Company, and was a trusted employee. Just how he secured the money Russell will not say."

KIDNEY DISEASE

EVERY YEAR THOUSANDS SUFFER AND DIE FROM KIDNEY DISEASE THAT NEVER KNEW THE EXACT NATURE OF THEIR AILMENT.

Among the Most Easily Noted Symptoms Are Pain in the Back, Frequent Desire to Urinate, Constant Headache, Sleeplessness and Nervousness.

When these signals of danger are unheeded, and proper precaution is not taken to prevent more serious results, the worst form of kidney trouble will develop, namely, Bright's Disease, which is almost incurable.

To obtain quick relief and a sure cure you must at once commence to take Ferrozone. It is a treatment for kidney and bladder troubles of undoubted merit, and is prescribed now by all doctors and physicians who are abreast of their profession. It is a powerful, sanitarious, and all public health institutions rely on Ferrozone in all dangers of the kidneys, and claim that it effects a cure in all chronic cases than any other remedy.

The action of Ferrozone is very mild and efficient, and can be depended upon to give satisfactory results in every case. It brings about a healthy condition of all the organs of the body, causes the kidneys to eliminate all poisonous products and wastes of the body, it purifies and enriches the blood, reconstructs wasted tissues, excites healthy appetite and promotes good digestion. By the regular use of Ferrozone nutrition is improved, and strength to ward off disease is established and maintained.

No remedy for the alleviation and cure of kidney disease can possibly equal or surpass Ferrozone. This fact is conceded by all those who have used it, and a trial will convince you of its merits. Don't be misled into accepting a cheap, unworthy substitute, but insist on having the genuine Ferrozone. It is the very best that money, brains, skill and scientific research can produce, and that is the sort of remedy you want. Price 50 cents per box, or three boxes for \$1.25, at druggists, or N. C. Polson & Co., Kingston, Ont.

In the United States the number of miles of railway in proportion to the number of inhabitants is nearly double that of any European country.

DR. A. W. CHASE'S 25c CATARRH CURE

Is sent direct to the diseased parts by the killed germ, and it requires a powerful, penetrating remedy to reach the diseased parts. Polson's Catarrh Cure exactly meets the requirements, for it is both powerful and penetrating. The pain is expelled as if by magic. Polson's Catarrh Cure is a strength five drops of other remedies. You won't often call the doctor if Nervine is in the house. Price 25 cents.

A Dawson dispatch says a petition to the governor-general has been forwarded, signed by 2,500 miners, requesting the cancellation or modification of the Thredgold concession. New and large bodies of gold-bearing quartz have been discovered.

A Preailing Scourge.

The "Blighting White Plague." How Catarrh Does Its Deadly Work.

Cooling Off—Taking Cold. Doctor Says It Is Catarrh. Has Developed Bronchitis. In the Grasp of Consumption.

It is just the same old story of exposure to cold. The neglected cold becoming chronic catarrh. Catarrh extending along the delicate mucous membrane to the bronchial tubes and developing chronic bronchitis, causing coughing and expectoration. Still neglected, further extension, the lungs are reached, catarrhal consumption is established. The "White Plague" another victory over the grave conceals the record of neglected catarrh. A well-worn road to a withering blight and untimely death. Thousands upon thousands have traveled it, and thousands upon thousands more will travel it. Every year develops a multitude of new victims. Consumption the fell destroyer is most St. Vincent's disease, and it is dire in its results for it annually summons to their long rest over 300,000 victims in the United States alone. It is a disease which snatches neither age, nor sex, rank or fortune. It is like the vampire that drinks up the vital stream and flutters with its wings the hopes which perpetually flutter in the hectic breast. It is a terrible and insidious foe, marching down the aisles of time, blighting, devastating, destroying, establishing a gloomy empire of misery and death. You can buy Stuart's Catarrh Tablets at any drug store for 50 cents.

The presence of catarrh is evidence of a predisposition to the "Blighting White Plague." Do not let it progress, stop it, cure it. Before it has reached the lungs you can do this with very little effort and expense. Stuart's Catarrh Tablets are a sovereign remedy for the popular constitutional condition of chronic catarrh. They cure catarrh of the system and heal the evidences of its ravages so long as the destructive processes have not been allowed to progress to a point beyond possibility of repair. They cure catarrh of the head, nose, throat, ears, bronchial tubes, and the alimentary tract, but if one lung substance is destroyed and in the checks the hectic spots burn brightly like signal lamps of death, then they are powerless to save. There is a point in the destructive processes of progressive catarrh beyond which no medicine can cure, where no agency yet discovered will arrest it.

Be timely while you cure your catarrh while yet it may be cured. Take no chances of some exposure fanning the smoldering fire of chronic catarrh into a devastating conflagration of consumption. You can buy Stuart's Catarrh Tablets at any drug store for 50 cents.

box. Try them and you will become their advocate and friend.

Mr. P. N. Benton, whose address is care of Clark House, Troy, N. Y., says: "When I run up against anything that is good I like to tell people of it. I have been troubled with catarrh more or less for some time. Last winter more than ever. Tried several so-called cures, but did not get any benefit from them. About six weeks ago I bought a 50-cent box of Stuart's Catarrh Tablets and am glad to say that they have done wonders for me and I do not hesitate to tell all my friends know that Stuart's Catarrh Tablets are the right thing."

Mr. Geo. J. Casanova, of hotel Griffin, West 4th street, New York City, writes: "I have commenced using Stuart's Catarrh Tablets and already they have given me better results than any catarrh cure I have ever used."

Mr. A. R. Fernbank of Columbus, Ohio, says: "I suffered so many winters from catarrh that I look it as a matter of course, and that nothing would cure it except a change of climate, which my business affairs would not permit me to take."

"My nostrils were almost always clogged up, and I had to breathe through the mouth causing an inflamed, irritated throat. That thought of eating breakfast often nauseated me and the catarrh gradually getting into my stomach took away my appetite and digestion."

"My druggist advised me to try a fifty-cent box of Stuart's Catarrh Tablets because he had had so many customers who had been cured of catarrh by the use of these tablets, that I felt he could honestly recommend them. I took his advice and used several boxes with results that surprised and delighted me."

"I always keep a box of Stuart's Catarrh Tablets in the house and the whole family use them freely on the first appearance of a cough or cold in the head."

"With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off croup and colds, and with other people I have known of cases where the catarrh had been seriously impaired by chronic catarrh cured entirely by this new remedy."

Send a postal card to F. A. Stuart Co., Marshall, Mich., requesting their free book on catarrh. Write for it to-day.

LABOR TROUBLES

Molders at Work Again at the Moore Foundry, Hamilton.

Hamilton, March 10.—The trouble between the molders of the D. Moore Foundry and the company is practically settled. The men went back to work this morning, after being assured by Mr. W. J. Robinson, the president, that the company would pay as high a scale as is paid in Canada. A committee of the men, consisting of J. J. Brown, vice-president of the International Molders' Union, is busy today over the details of the settlement. The men are now working on the new foundry, which is being built on the site of the old one. The new foundry will have a capacity of 100,000 pounds of work, and will be a great asset to the city.

THE DEATH RECORD

Philadelphia, May 11.—Rev. Douglas Kellogg Turner, a lineal descendant of Elder Brewer, one of the Mayflower pilgrims, is dead at his home in Hartsfield, Pa., aged 79. Mr. Turner was the author of numerous historical works.

Wingham, March 11.—Mrs. Thomas Holmes, wife of Thomas Holmes, a pioneer of Huron county, died suddenly on Saturday night. Mrs. Holmes Cathoon died the same night.

Toronto, March 11.—Wm. Boyd, aged 45, a laborer, who frequented the Salvation Army lodgings house, was found dead on the floor of an upper room there tonight.

Westport, Ont., March 11.—Wm. H. Garret, for the past six years proprietor of the Wardrobe House, died Sunday afternoon after an illness of two weeks. He leaves a widow and two children.

Halifax, N. S., March 10.—Dr. W. L. Muir, of Truro, one of the most prominent physicians in Nova Scotia, died Sunday.

Twenty Years of Itching Piles

Sufferings Ended Seven Years Ago—A Permanent Cure by Dr. Chase's Ointment.

Mr. Alex. McLaughlin is well known and highly respected in Bowmanville, Ont., where he has resided for about thirty years. His cure of itching piles after twenty years of almost constant suffering, is a remarkable one. There can scarcely be a stronger recommendation for Dr. Chase's Ointment, and his letter will be read by many who are still victims of this dreadful malady.

Mr. McLaughlin writes: "For twenty years I suffered from itching piles, and only persons who have been troubled with that annoying disease can imagine what I endured during that time. About seven years ago I asked a druggist if he had anything to cure me. He said the Dr. Chase's Ointment was most favorably spoken of, and on his recommendation I took a box."

"After three applications I felt better, and by the time I had used one box I was on a fair way to recovery. I continued the treatment until thoroughly cured, and as that was seven years ago, and I have not suffered since, I am firmly convinced that the ointment made a perfect cure. I consider Dr. Chase's Ointment an invaluable treatment for piles. In my case I think the cure was remarkable, when you consider that I am getting on in years, and had been so long a sufferer from this disease."

It is all nonsense to talk about a surgical operation as the only cure for piles. Scores of people are being cured every day by Dr. Chase's Ointment. Not merely relieved—though relief itself is a great thing to the sufferer from piles—but cured thoroughly and permanently, as Mr. McLaughlin has been. Dr. Chase's Ointment has no worthy rival. It stands alone as an absolute cure for piles of every form: 50 cents a box, at all dealers, or Edmanson, Bates Co., Toronto.

SCROFULA.

"Scattered consumption" is a good way of describing this disease. It is in fact a real consumption of the little glands under the skin.

Scott's Emulsion cures it. Scott's Emulsion is good for all kinds of consumption but especially good for scrofula.

It heals the sores—but doesn't stop there for the weakness and loss of flesh is the worst part of scrofula.

Scott's Emulsion feeds and strengthens scrofulous children.

Society Folks

People of fashion do things sometimes that cause pains in the back and aches in the muscles. Hard work and hard pleasure have pretty near the same results. A lame back or shoulder, aching
