BARGE BUMPS AGAIN

Lake Craft in Trouble for Second Time in Few Days.

Windsor, Sept. 23.—For the second time on her present trip down the lakes, the barge Smeaton today collided with and nearly sunk a steamer. The Canadian freighter, bound up, encountered the Smeaton in tow of the steamer Bessemer, just below the cut in Lake St. Clair. As they were passing, the Smeaton's steering gear went wrong. She took a sheer and bumped into the Corunna's port bow side forward, cutting a hole about ten feet long, and leaving her anchor thrust through the Corunna's side.

Several plates were started, and the Corunna began leaking. When she arrived at the Ecorse plant of the Great Lakes Engineering works she had settled so far that the hole torn by the Smeaton was but a few inches above the water. Had she been obliged to go much further, it is believed, she would have sunk. The Smeaton was dropped off near the Great Lakes plant She was in collision with the passenger steamer Lakeland, just below Sault Ste. Marie, a couple of days ago.

London, Sept. 23. — Among the passengers on the Tunisian are Engineer-Commander Howe and family, Archdeacon K. B. Mackintosh, and Weedon Grossmith.

THE TURKISH LOAN.

London, Sept. 23.—The question of a Turkish loan of $30,000,000, which it was reported was to be handled by a foreign group, headed by Sir Ernest Cassel, hangs fire. No contract has been signed to place the loan in London, and English financiers do not believe that it will be placed here.

The feeling in the British Government and financial circles is as strong as in France against encouraging Turkey's military policy by enabling her to purchase German guns and warships, especially in the face of the existing strained relations of Turkey with Bulgaria and Greece.

PARENTS ORDERED TO SPANK BAD BOYS

Four Young Chathamites Get Whipping For Stealing Soap.

[Special to The Advertiser.]

Chatham, Sept. 24.—Three young men, named respectively Pickering, Banks and French, charged by B. J. Newkirk, Chatham Township, with stealing a quantity of melons from his fields, settled their case today by paying the farmer $10 and settling their costs. Newkirk withdrew the charge.

Contractor John Connibear had two of his fingers badly crushed while putting down some cement work on the river front. He will be without the use of his hand for some time.

Four very young boys were sentenced to a whipping by their parents by Magistrate Houston yesterday. They came up in juvenile court on a charge of stealing soap from Brewster's five and ten-cent store. The boys were caught dividing the spoils at the rear of Baikie's photograph studio. Mr. Baikie was throwing some water from his window when it struck the boys, and their actions were noticed. The police were notified and the boys rounded up and brought to police court. Their parents promised to give them a whipping.

EXPRESS PLUNGES INTO 30-FOOT GAP

Bridge Swept Away By Flood Just Before Train Was Due.

WRECK ON ROCK ISLAND

Sixteen Perish in Accident Near the Town of Clayton, Kansas.

Clayton, Kan., Sept. 23.—Sixteen known to be dead, probably others killed and their bodies washed away, and eleven injured, is the result of a terrible railroad wreck which occurred on the Rock Island, two miles east of this place at an early hour Friday morning, when a fast train on the Rock Island ran through an open bridge into 20 feet of raging water. Nine of the dead have been identified, while seven are still unknown. Yet others may have been washed away by the torrent.

The stream which wrought the destruction is at ordinary times simply a dry aroya with no water, but with its bed thirty feet below the level of the railroad bridge. Early last night a tremendous rain fell, and the dry bed was soon filled to the brim with a wild torrent. The bridge itself was quickly broken up and carried away.

Shortly after 1 o'clock this morning, while the storm raged, the fast passenger train from Kansas City to Denver, travelling at 40 miles an hour, rushed headlong into the gap and the forward end of the train took the plunge into the water-filled ravine.

Crew Perished.

The locomotive, tender and baggage car disappeared entirely under the water, and the engineer, fireman, baggageman and conductor were instantly killed.

The smoker, which stopped on the brink of the stream, was telescoped by the chair cars, and many passengers were killed outright. Others were thrown into the stream and were drowned.

With the exception of the last Pullman, the entire train left the track, and the cars and coaches were piled in a big heap or rolled into the ditch alongside the rails.

The uninjured passengers made their way to the brink of the stream and rendered what aid they could, working by the light of the few lanterns which could be found.

Other passengers and trainmen walked to Clayton in the search for help.

The little stream lost its water as rapidly as it had found it, and this afternoon the ravine was practically dry again.

Lying on its side in the centre could be seen the locomotive. Piled across the cab was the baggage car, just where it had fallen when the leap from the tracks was made. Down stream, for half a mile, the dead and injured were found and removed to the improvised hospital.

None of the known dead or injured are from east of the Mississippi River.

Toronto, Sept. 24.—A deputation from Oxford County Council interviewed Attorney-General Foy yesterday, and asked for a royal commission to probe the recent charge of graft. Sherbrooke, Que., Sept. 23.—An attempt was made to kidnap the young daughter of Mrs. Egg, near Foster, yesterday, when four men approached her house in an auto, when the mother and grandmother were alone in the yard. The mother put up quite a fight until her deaf and dumb brother arrived on the scene. One of the party threatened to shoot Mrs. Egg's brother, but he finally succeeded in rescuing his niece, and ran with her to a neighbor. The mother was injured in the fight.

Toronto, Sept. 23.—Abram Wishart, of Dublin, an ex-sergeant in the Royal Irish Constabulary, was arrested in the city this morning by Detective Wallace and Provincial Detective Boyd on the charge of embezzling money belonging to the King. Wishart's arrest was requested by the imperial authorities, who cabled instructions to the provincial police, and Superintendent Rogers asked the assistance of the local police. Johnansen worked for the company with John Tyberg, who is held here in connection with the same case. Johnansen and Tyberg came out on the same steamship, the Senator, from Nome last Friday.

A report from Nome says four other workmen for the company have been arrested charged with complicity.

PEOPLE ARE INTERESTED IN THE PROPOSED DAM

London Engineer in Conferenee at Detroit in Regard to Matter.

[Special to The Advertiser.]

Amherstburg, Sept. 24.—Considerable interest is being evinced just now at Amherstburg and the surrounding points, in reference to the proposed dam which the United States Government are requesting permission to have built in Canadian waters at the head of Bois Blanc Island, for the purpose of protecting the Livingston Channel, now under construction, from serious cross-currents. The construction of the dam is meeting with much opposition from the residents of Amherstburg.

Mr. Lamb, of this district, and Col. Townend, U. S. Government district engineer, at Detroit, had a long conference in reference to this matter a few days ago, and on which Mr. Lamb is about to report fully to the Canadian Government.

RELATIVE OF ENOS RAN DOWN JACKSON

Found Him Working in a Restaurant at Toledo—Pleads Not Guilty.

[Special to The Advertiser.]

Chatham, Sept. 24.—Frank Jackson, the negro who was arrested in Toledo and brought to this city charged with the murder of Jacob Enos, came before Magistrate Houston for his preliminary hearing yesterday morning. He pleaded not guilty to the charge, and has retained O. L. Lewis, K. C., to defend him. He would make no statement either to the police or to the crown attorney. His counsel also refused to give out anything.

Jackson has been working in a restaurant in Toledo for the past two months, and was apparently in perfect safety until the arrival in that city of a relative of Enos, the murdered man. This relative had been on the trail of Jackson ever since the murder, and when he caught sight of him in the restaurant window he immediately notified the Toledo police. Jackson waived extradition proceedings, evidently saving his money for his defence.

In the restaurant in Toledo it is said that he gave excellent satisfaction and was a sober and steady employee. His father, who was present in police court this morning, said he did not believe his son was guilty of the murder. Some of his former friends, who were also standing around when he was led out to the cells, refused to recognize him when he greeted them.
