## UNIQUE MEETING OF SIX SISTERS

Six sisters, who have not been all together at one time for sixteen years, met at the station in Annapolis Royal on Tuesday, the occasion being the arrival of one of them, Mrs. C. S. Rice, from Palm Beach, Florida.

These sisters, who, previous to their marriages, were the Misses Littlewood, of Lower Granville, are Mrs. James Rhodes, of Granville Ferry; Mrs. James Rice, of Lower Granville; Mrs. S. H. Blaney, of Stoney Beach; Mrs. S. V. Melanson, of Lower Granville; Mrs. C. S. Rice, of Palm Beach, Florida, and Mrs. Stewart Farnsworth, of Lynn, Mass.

The only other member of their family was a brother who died in childhood. They are, therefore, practically a family intact and each one is in good health.

## OBITUARY

Rev. R. S. Whidden.

Rev. R. S. Whidden, who was inducted pastor of the congregation of Kennebec, Gore and Five Mile River, Hants Co., on July 26th, last, passed away suddenly on Saturday evening, the 18th inst., at the home of Mrs. Theodore Forbes, Five Mile River, to which section of his field he had gone on Friday to visit his parishioners there and conduct service on Sabbath morning. He had complained during the day of being unwell and remained in his room much of the time. When he did not come downstairs at dark, someone went to his room and was greatly shocked to find that he had passed away, evidently in his sleep. He was lying on his bed, his glasses on and the sermon he had prepared for the Sabbath service in his hand, fully written out.

Mr. Whidden's appointments on Sabbath were taken by Rev. C. D. MacIntosh, a former pastor, who was spending part of his vacation at Kennebec. He made use of the manuscript sermons Mr. Whidden had prepared and delivered to the people at the Five Mile River and the Gore the messages their pastor had intended for them. A short service was held at the house on Monday afternoon, a large concourse of people from all parts of the congregation being present. At the church the service was conducted by members of the Presbytery. Interment was at Selma. He was highly respected and greatly beloved by his people, having spent several months in this congregation more than a year ago.

Mr. Whidden resided for many years in the West. He is survived by his widow and seven children. One daughter is in France and the rest of the family reside on the Pacific Coast. The youngest son was accidentally killed in the West.

The above account, summarized from that in the Morning Chronicle of the 22nd inst., will be of interest to readers of The Monitor, for though many years have passed since Mr. Whidden was the pastor of the then United Presbyterian congregations of Bridgetown and Annapolis, there are still those who hold him in kindest remembrance and will join in the deep sympathy extended to Mrs. Whidden and her family by friends in other places. In Mr. Whidden's time the Presbyterian service at Bridgetown was held in the afternoon and was, as a rule, largely attended by members of other denominations as well as his own people. In this way, and through his cordial, genial manner, Mr. Whidden gained many friends. His large family made the Presbyterian Manse and grounds a place of gladness for the young people of the community and pleasant also for the older ones. One who played there years ago wishes to insert this notice in memory of the unfailing kindness and gentleness received from "The Minister".

## PROMINENT VALLEY FRUIT GROWERS VISIT SACKVILLE

(From the Sackville, N. B. Tribune) Mr. and Mrs. S. B. Chute, of Berwick, N. S., and Mr. and Mrs. Manning K. Ellis, of Port Williams, spent a day in Sackville last week as the guests of Mr. and Mrs. William B. Fawcett. Mr. Chute has the distinction of owning the biggest apple orchard in Canada and one of the largest in the world. He has 24,000 trees at Berwick and expects to harvest this year upwards of thirty thousand barrels of choice apples. Mr. Chute is also the owner of orange groves at Hanes City, Florida, where Mr. Fawcett has an orange plantation.

Mr. Ellis is a prominent apple man, being a large producer and buyer. He is also interested in small fruit, producing this season about a thousand crates of strawberries.

Speaking of conditions in the Annapolis Valley, Mr. Chute said that a bumper crop of apples was expected and the outlook for good prices was bright. The apple crop in England is said to be small and the price for Valley apples should therefore be satisfactory.

Messrs. Chute and Ellis spent several hours on the farm of the Tarramar Fruit, Limited, and sampled the strawberries that have been shipped in car lots this season. They were delighted with the flavor, which is recognized as being equal to, if not superior to, the flavor of any strawberries produced in American.

Mr. and Mrs. Chute and Mr. and Mrs. Ellis left by motor Friday afternoon on their return home.

## RHEUMATIC SUFFERERS

May Obtain Relief by Enriching the Blood Supply.

In the days of our fathers, rheumatism was thought to be the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism as well as many young people. It was thought that rheumatism was the mere effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief, but did not remove the trouble. In these days there were many cripples. Now, medical science understands that rheumatism is a disease of the blood, and that with good, rich red blood any man or woman of any age can defy rheumatism. There are many elderly people who have never felt a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood-enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and the more general use of these pills has robbed rheumatism of its terrors. At the first sign of poor blood, which is shown by loss of appetite, dull skin and dim eyes, protect yourself against further ravages of disease by taking Dr. Williams' Pink Pills. They have helped thousands—if you give them a fair trial they will not disappoint you.

You can get these pills through any dealer in medicine or by mail at 50 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

## NEW WATER TANK NEARLY COMPLETED—OTHER IMPROVEMENTS BEING MADE

The Dominion Atlantic Railway Co. are now well along with the construction of a new water tank being built some distance West of the old structure which has long and faithfully served the day and generation. It is understood to be the intention of the company to dismantle the old structure and extend the station platform some distance over its present site, thus meeting demands made by the greatly increased length of trains now running over the road.

## LET THE PAPER DO IT

The other day several prominent citizens of Yarmouth were discussing a local situation and thought something should be done. After it was found that it was unpleasant, unprofitable and risky for any direct or civic group, it was the consensus of opinion that it was an opportune time for the newspapers to jump in with action to be taken by any individual with both feet and force action.

There isn't anything strange about such proceeding as this, comments the Yarmouth (N.S.) Sentinel. There is hardly a week passes but the mail brings a letter to the editor asking him to "jump on" somebody and nearly always the writer wants his own name kept secret. If the newspapers were to do all that is asked of it by these people, it would be a growling, snarling thing—and would accomplish nothing. The newspapers are ever ready to oppose wrong, or fight for the right to demand practical reforms, to praise the worthy and blame the unworthy. They are unafraid. But the truth is, most of the demands that the paper "jump in with both feet and force action" are selfish propositions and are usually urged by the people who themselves are unwilling to do exactly what they request the newspaper to do.

## AN ELEGY WRITTEN IN A TOURIST CAMPING GROUND

(Spokane Spokesman-Review.) A horn blast sounds the knell of parting day.

Some late arrivals through the dust clouds creep. And three hours after we have hit the hay

The noise calms down so we can get to sleep.

Save where, from yonder pennant-clad sedan, The radio set emits its raucous squeal. And, underneath a nearby light, a man Pounds until daylight on a busted wheel.

Beneath those tattered tops, those patent tents, Where falls the dust into each sun-burned pore. Each on his folding bed of slight expense.

The rude explorers of the highway snore.

Let not ambition mock their creaky cars.

Their khaki clothes, of vintage obscure.

Nor grandeur view, with hauteur like a czar's.

The short and simple flivvers of the poor.

The host of shiny paint, the pomp of power, And all that charms the motorist's top.

Await alike the inevitable hour— The paths of touring lead but to the shop.

Can streaming hood or silver-plated hubs

Back to its mansion call the missing spark?

Can push upholstery fill the clumsy dubs

Who hang into your fenders in the dark?

Full many a boob of purest ray serene Succumbs each Summer to the touring itch; Full many a car is doomed to blush unseen

And waste its sweetness in a Western ditch.
