DO YOU WANT

To invest a small sum every month where it will be safe and yield you in eight years

\$500 OR \$1000

Or more, according to amount saved per month. It is the Dollars saved, not those Earned, which measure the degree of our future wealth and prosperity.

CAN YOU AFFORD TO SAVE

1 Cent a day for 1 year and get \$100?
10 Cents a day for 1 year and get \$300?
20 Cents a day for 1 year and get \$1000?
You can if you will.

So long as the masses of the people do not save anything out of their earnings, just so long will their expenses go into the hands of those who do save, and they are the capitalists. This is why the few own the houses and the many pay the rent. Do you wish to remain one of the "masses," or do you wish to become a capitalist?
