

ters should receive careful and prompt attention. Auditing and Financial Committees should be "instant in season."

Deputy J. M. Forrest of Tangier writes: "The Order in this jurisdiction looks prosperous at present. "Tangier Division has quite revived and is in good working order." "Champion" is still going on in the even tonor of its way, increasing slowly."

HANT'S COUNTY.

At Windsor "Arvon" is not frozen up—but alive and active, getting along swimmingly." Our Rev. brother, D. G. W. P. J. McLeod writes:—"Our division is in better working order than it ever has been; at no period has there been a deeper interest in, or a better attendance on our meetings; we have admitted 20 lady visitors, and hope before the end of the quarter the number will be doubled."

Brother R. S. Blois, writing from the Gore, states that "Marine" is in good working order. Have a new Division room at an expense of \$125. About 80 were present when he visited it. "Vesper" is also looking well—although small in number, yet true to the cause." "Welsford" is languishing.

FROM KING'S COUNTY

We have good accounts. Our venerable and long tried friend, the Rev. Dr Cramp, writes very hopefully. Hear him:—"Wolfville" though weak is still holding on. Deputy Clark writes me that "Port Williams" has suffered dimunition in numbers—but that those who remain are true hearted men, and they hope yet to recover their strength." Deputy W. C. Bill's exertions are well known. He has effected a noble work. The new Divisions instituted by him are going on remarkably well, and receiving continual accession to their numbers." "Sackville" and "Centreville" also under brother Bill are reported of favorably. This county is looking up." "Scot's Bay Division although not increasing in numbers is increasing in power. Their meetings excite much interest in the neighborhood."

ANNAPOLIS COUNTY.

D.G.W.P. Wilson, of "Cunningham," No. 134, writes hopefully of that Division—and of a very interesting Lecture from our Rev. brother McArthur, and attributes its present good condition to brother Barratt's visit. The Division is gaining slowly—but we are still in hopes of seeing others added to our membership."
