**Sterling Silver Spoons AND FORKS.**

*Silverware was formerly a luxury of the few, now it is enjoyed by the many. The immense increase in the production of Silver from the mines of the world, has so cheapened the price that it is used more extensively than ever before. The great improvements also made in the modes of working silver have brought it within the reach of persons of moderate means for table use. Solid Silver is one of the articles that can be successfully worked in Canada, as the cost of the material is considerable as compared with the labour, and the duty is saved on both. The Spoons and Forks now produced under our trade marks, for QUALITY and FINISH, are almost equal to anything made, the public can, therefore, purchase them with safety, and at the same time encourage national industry. The variety consists of TEA SPOONS, DESSERT SPOONS and FORKS, TABLE SPOONS & FORKS, BUTTER KNIVES, PICKLE FORKS, CHILDREN'S SETS, CHILD'S CUPS, PRIZE CUPS, and*
