Mr. Robert Hodgson, an old and faithful public servant, having been for the last thirty seven years in the Excise Department in this City, besides serving as Prize Master for several years during the War, died at his residence, Jacob Street, on Friday evening last, and was interred at the Camp Hill Cemetery on Monday at 3 o'clock, p.m., and followed to his last resting place by a large number of relatives and friends. Mr Hodgson was acknowledged to be one of the most efficient and obliging officers attached to the Department; indeed it has fallen to the lot of few men to live a more inoffensive or irreprouchable life. Peace to his memory.—Chron. Nov. 11.

There is good reason to hope that the abominations of Mormonism will not be long tolerated in any country. It appears that a late decision of the U. S. court at Utah, pronouncing the Polygamy of that sect an offence against the laws of the Union, is likely to produce a commotion, and perhaps to lead to the shedding of blood, and the extirpation of the lawless community.—Journal.

The Eastern State commended her fortnightly trips for the season on Wednesday last.

Capt. Bayfield, R. N., who has been so long and with such beneficial effects employed in surveying the Lakes of Canada and the Atlantic coast of British America, is promoted to the rank of Rear Admiral.—P. E. I. Gazette.

CHICAGO, Oct. 27.—There has been a tremendous gale blowing on Lake Michigan for the past two days. The propeller Toledo has been totally lost off Port Washington—Forty lives were lost—Three saved—cargo lost.—News Room Slate.

NEW LIGHT HOUSE.—The British Government have recently caused to be erected a new Light House on Cape Race, Newfoundland, which will be lighted for the first time, on the 15th December next, from sunset to sunrise. The light, which is a fixed white one, is elevated 180 feet above mean water level of the sea, and may be seen in clear weather 17 miles from a ship's deck. The tower is striped red and white vertically. A toll will be levied upon all vessels benefitting by this Light.

The California Herb Pills are causing as much excitement among the sick as the discovery of gold in that country caused among fortune hunters; but the hopes of the former are not doomed to the frequent disappointment of the latter, as these pills are certain to give relief, and cure nearly every variable disease when properly administered.

Consumption, with all its envenomed terrors, finds an effectual barrier to its progress in G. W. Stone's Cough, Consumption and Bronchitis Elixir. It is disarmed and vanquished at once, even an old Goliath was dismayed by young King David. Let the afflicted try it. Agents in Halifax, G. E. MORTON & CO.

So many express their conviction that they have been benefited and cured by the use of G. W. Stone's Vegetable Liquid Cathartic, we are forced to believe there is at least one patent medicine which performs all that it is recommended to do.—(Lowell Advertiser). Agents in Halifax, G. E. MORTON & CO.

General Debility and Lowness of Spirits.—Thousands of individuals of both sexes suffer a martyrdom with these complaints, and are at an utter loss to know what to do to alleviate their sufferings, having resources in many cases to the very last thing in the world likely to benefit them. Holloway's Pills are the most celebrated medicine for general debility, and lowness of spirits, as well as for all diseases to which the human frame is liable, and they will most certainly effect a cure of bowel and liver complaints, indigestion, and all other derangements of the intestines in a remarkably short space of time, after every other remedy has failed.
