

LITTELL'S LIVING AGE.

Judging by the numbers so far issued, the 197th volume of *Littell's Living Age* will equal, in the richness and variety of its contents, any of its predecessors. Not one of the fifty-two weekly issues that go to make up a year's subscription but contains something that the intelligent reader would not willingly miss and which would be lost to the great majority of American readers if it were not for this magazine, which gleams with so wise a discrimination from the wide field of foreign literature the choicest and the best.

The most noteworthy articles of recent issue, representing the departments of science, finance, geography, history, politics, biography and general literature, are 'Israel,' which is a review of a work recently published in five vols., by Prof. H. Graetz, covering the whole history of the Jews to the present time; 'Inaccessible Valleys,' by Alfred R. Wallace; 'The Sacred Nile,' by J. Norman Lockyer, F.R.S.; 'Hippolyte Taine,' by Gabriel Monod; 'The Fairchild Family and their Creator,' by L. B. Lang; 'The Financial Causes of the French Revolution,' by Ferdinand Rothschild; 'Politics and Progress in Siam,' by Hon. Geo. Carzon; 'Some English Characters in French Fiction,' by Arthur F. Davidson; 'Scenery and the Imagination,' by Archibald Geikie, and, in the number dated 17th June, No. 2555, another of those very valuable articles on 'Recent Science,' by Prince Paul Kropotkin.

Here are enumerated a series of articles, which, if they alone constituted the contents of a month's numbers would make the magazine well worth its subscription price of \$8.00 a year. But this is only a small part of the contents of *The Living Age* for a month. Besides these are many other articles of nearly or quite equal merit, to say nothing of the numerous delightful stories, the choicest of current fiction, and the poetry, with which they are pleasingly interspersed, making the periodical one of unequalled value and interest. A sample copy may be obtained for 15 cents. Published weekly by Littell & Co., Boston, Mass.

A well-known Berlin physician states: "A healthy stomach is cholera-proof." K. D. C. will restore your stomach to healthy action, and fortify you against cholera.

Courage is the quality which all men delight to honor. It is the energy which rises to all the emergencies of life. It is the perfect will, which no terrors can shake. It will enable one to die, if need be, in the performance of duty.—*Smiles*.

Gen. Booth has passed over his son, Lieut.-Gen. Bromwell Booth, and nominated his daughter Lo Marechale Booth Clibborn, to succeed him in command of the Salvation Army, and explains himself by saying that "women make the best rulers."

GRATEFUL—COMFORTING
EPPS'S COCOA
BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack us wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."
