

MAINE NEWS.
Hop Bitters, which are advertised in our columns, are a sure cure for ague, biliousness and kidney complaints. Those who use them say they cannot be too highly recommended. Those afflicted should give them a fair trial, and will become thereby enthusiastic in the praise of their curative qualities.—Portland Argus.

WHAT DOES IT MEAN?
New York, March 1.—An important conference has been in session in this city for two days, between the Western Union Telegraph Company and various press associations, respecting the relations subsisting between the press and the Company. On a satisfactory conclusion of the negotiations pending, the Executive Committee of the Telegraph Company invited the representatives of the press to meet them at dinner at Delmonico's this evening. Dr. Green presided, and there were present Gould, Dillon, Sage, Field and Durkee, on behalf of the Western Union, and representatives of New York, Western, New England and New York State Associated Presses. Speeches were made by Dr. Green, D.M. Stone, Whitlaw Field, Richard Smith, Russell Sage, Sidney Dillon, Carroll E. Smith, R.M. Pulsifer, W.W. Clapp, B. Worthington, William P. Nixon, Cyrus W. Field and others. The past relations between the press and the telegraph were recounted by gentlemen of long experience in both services, and universal satisfaction was expressed at the harmonious (!) relations which have resulted from the present conference.

REGULATIONS FOR LENT.
From Ash Wednesday until Easter Sunday, every day is a fast day except Sunday. Palm Sunday is not a fast day, though it is a day of abstinence. The use of flesh meat is allowed on three meals on every Sunday in Lent except Palm Sunday. The same is allowed once a day only, on every Monday, Tuesday and Thursday, between the first Sunday in Lent and Palm Sunday.

On these days meat can be used at the one meal only, and no fish allowed at the same meal. We can only take one full meal on a fast day. In the morning we may, according to the prevailing custom, take a cup of tea or coffee with a small piece of bread.

In the evening we can take a collation, which must not be a full supper, and must consist of light, meagre food.

On days of fast and abstinence we may cook meagre food with dripping, even with pork, but pork itself must not be eaten. In families where soup is used for dinner, pork, grease or fat can be put in it (no other kinds of meat). If any of this soup remains after dinner it may be used at the evening collation. Pork, lard or grease cannot be used in its natural state.

On meagre days pasty cooked with dripping or fat may be eaten. Such as are exempted from fasting from their meals through infirmity, age or hard labor may use meat three times a day, when others use it only once.

The above privileges authorized in the Diocese of Montreal (circular of Feb. 10th, 1872) facilitate the observance of Lent very considerably; and with a little good will many can keep the solemn fast that the Saviour sanctified by fasting 40 days and 40 nights and that was ever sacred in the Church from primitive Christianity.

Consumption Cured.
Since 1870 Dr. Sherar has each year sent from this office the means of relief and cure to thousands afflicted with disease. The correspondence necessitated by this work becoming too heavy for him, I came to his aid. He now feels constrained to relinquish it entirely, and has placed in my hands the formula of that simple vegetable remedy discovered by an East India missionary, and found so effective for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Diseases; also a positive and radical cure for Nervous Debility and all Nervous Complaints. Its remarkable curative powers have been proven in many thousand cases, and, actuated by the desire to relieve suffering humanity, I gladly assume the duty of making it known to others. Address me, with stamp, naming this paper, and I will mail you, free of charge, the recipe of this wonderful remedy, with full directions for its preparation and use, printed in German, French or English.—W. A. NORRIS, 149 Power's Block, Rochester, N. Y. 16-13caw

HANLAN IN PRACTICE.
London, March 2.—The Sportsman says:—"Hanlan's feet are blistered, thus preventing him from taking exercise on land and he consequently now weighs seven pounds over, although last week he was down to racing weight. His work lacks its usual liveliness, and he is altogether out of shape."

THE U.S. NAVY.
WASHINGTON, Feb. 28.—In the House the Committee of Naval Affairs to-day authorized the Chairman to report to the House, with a favourable recommendation, a Bill for the construction of six cruising vessels, one ram, four cruising torpedo boats and four harbour torpedo boats, at the cost of \$10,000,000. The vessels are to be constructed of open heart steel of domestic manufacture. Two of the first named vessels shall each be armed with four breech-loading, rifled cannon of full power, of not less than eight inch calibre and not more than twenty-one breech-loading rifled cannon of full power of not less than six-inch calibre. Four of the vessels shall be armed with four breech-loading, rifled cannon of not less than eight-inch calibre, and not more than fifteen breech-loading, rifled cannon of not less than six-inch calibre. The Secretary is empowered to organize a Board of naval officers and experts for advice and assistance, to be called the Naval Board of Advice and Survey to serve during the construction of said vessels. The Secretary is authorized to cause either or any of the six cruisers to be provided with interior defensive steel armour, if the same, upon full investigation, is deemed practicable and desirable. The appropriation is to be immediately available.

EPPE'S COCOA—GRATEFUL AND COMFORTING.
By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are arising around us ready to attack wherever there is a weak point. We may escape many a fatal ailment by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette. Made simply with boiling water or milk. Sold only in packets and tins (1 lb. and 1 lb.) labelled "JAMES EPPE & CO., Homeopathic Chemists, London, England." Also makers of Eppe's CHOCOLATE BARS—see advertisement.

LORD ARTHUR OLINTON.
MILWAUKEE, Feb. 28.—Persons have arrived in this city who are supposed to have found some traces of the missing brother of the Duke of Newcastle, and who are prosecuting the search in this vicinity, where it has been reported that the long-lost scion of the Olinton family had sought refuge, it being supposed that he was a workman in the Bay View rolling mills. Upon the success of their expedition, it is stated rests the final settlement of the question as to whether Lord Arthur Olinton really committed suicide or fled to America.

ROUGH ON THE PEERS.
LONDON, Feb. 27.—The Daily News says:—"If the Opposition and Irish members prolong the debate in the House of Commons on Mr. Gladstone's motion concerning the action of the House until Easter recess, and the discussion of the rules of procedure has to be postponed until after Easter, it will be impossible to pass a single measure announced in the Queen's speech. It will be no wonder, under these circumstances, if the people will begin to ask what is the practical benefit of the existence of the House of Peers." The Daily News says the object of to-day's Liberal meeting was to demonstrate that Mr. Gladstone has the entire Liberal party behind him.

THE LORDS AND THE COMMONS.
LONDON, March 1.—It is said that the invitation which Mr. Forster received from the House of Lords Committee to give evidence at the inquiry into the working of the Land Act was considered by the Cabinet in council and it was determined he should decline it. The Committee's invitation included a statement regarding the scope of their inquiry, which was obviously designated as a basis of agreement on the issue raised between the House of Lords and the Commons. The Cabinet decided neither the form nor the substance of communication justified their acceptance of it as a settlement of the question raised. It is stated that the Committee will not inquire so much into details as into the general principles which the working of the Act illustrates. They will not examine the particular reasons upon which the decisions of the Land Commissioners are based.

Spain Cure.
KENDALL'S SPAVIN CURE

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. Read proof below.
From COL. L. T. FOSTER, YOUNGSTOWN, Ohio, May 10th, 1880.
Dr. E. J. Kendall & Co., Genls.—I had a very bad case of Spavin which had been very high, but had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of our regular veterinarian about two years ago. I was one day reading the advertisement of Kendall's Spavin Cure in the "Chicago Express." I decided to try it, and got our druggists here to send for it. They ordered three bottles; I took them all and thought I would give it a thorough trial. I used it according to directions and the fourth day the colt ceased to be lame, and the lumps have disappeared. I used but one bottle and the colts limbs are as free from lumps and as smooth as any horse in the stable. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Very Respectfully,
L. T. FOSTER.

KENDALL'S SPAVIN CURE.
WILTON, Minn., Jan. 11, 1881.
E. J. Kendall & Co., Genls.—Having got a horse of you by mail a year ago, the contents of which persuaded me to try Kendall's Spavin Cure on the hind leg of one of my horses, which was badly swollen and could not be reduced by any other remedy. I got two bottles of Kendall's Spavin Cure of Prestout & Luddick, Druggists, of Waseca, which completely cured my horse. About two years ago I used your remedy as given in your book without swelling, and I must say, to your credit, that the colt is entirely cured, which I prize not only to myself, but also to my neighbors. You sent me the book for the trifling sum of 25 cents, and if I could not get another like it I would not take twenty-five dollars for it.
Yours, truly,
Geo. Matthews.

KENDALL'S SPAVIN CURE
ON HUMAN FLESH.
PATTON'S MILLS, Washington Co., N. Y., Feb. 25th, 1878.—DEAR SIR—The particular case on which I used your Kendall's Spavin Cure was a malignant ankle sprain of sixteen months' standing. I had tried many things, but in vain. Your Spavin Cure put the foot to the ground again, and, for the first time since hurt, in a natural position. For a family Balm it exceeds everything we ever used.
Yours truly,
REV. M. P. BELL,
Pastor of M. E. Church Patton's Mills, N. Y.

KENDALL'S SPAVIN CURE
is sure in its effects, mild in its action, as it does not blister, and it penetrates and prevails to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, callosities, sprains, swellings and any humors and all enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a Balm is used for man or beast. It is now known to be the best Balm for man over used, acting mild and yet certain in its effects. Send address for Illustrated Circular, which we think gives positive proof of its virtues. Price \$1 per bottle, or six bottles for \$5. All Druggists have it or can get it for you, or it will be sent to any address, on receipt of price, by the proprietors, DR. E. J. THE BEST REMEDY
FOR
Diseases of the Throat and Lungs.
AYER'S

CHERRY
PECTORAL.
In diseases of the pulmonary organs a safe and reliable remedy is invaluable. AYER'S Cherry Pectoral is such a remedy, and no other so eminently merits the confidence of the public. It is a valuable combination of the medicinal principles and curative virtues of the finest drugs, chemically united, of such power as to insure the greatest possible efficiency and uniformity of results. Disturbances at the foundation of all pulmonary diseases, affording prompt relief and rapid cure, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of AYER'S Cherry Pectoral are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.
Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases will assume when so trifled with, become deeply seated or incurable. AYER'S CHERRY PECTORAL, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its curative preparation and ingredients will allow. Physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
