as anything but iniquitous. The result of this is that if an agricultural laborer, making fifteen shillings a week, suddenly finds illness has broken out in his family, and calls in the latest the latest has loses his vote for that year parish doctor, he loses his vote for that year. It is simply out of the question for such men to pay for medical service above the sum of the highest agricultural wages. The amendment was not based on principle, but on two reasons. First, the Lords are anxious to dis-miss the reform, by any and every means, and since, if the debate had been renewed, the holidays of the Queen, the Lords and Com mons might possibly have been curtailed. It is pertinently asked, where is the difference or principle between a laborer receiving medical relief and a duke receiving perpetual pen-

The rock on which many a constitution goes to pieces is Dyspepsia. The loss of vigor which this disease involves, the maladies which accompany it, or which are aggravated by it, the mental despondency which it entails, are terribly exhaustive of vital stamina. Its true specific is Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which likewise overcomes bilious maladies, female ailments, and those coupled with impurity of the blood.

# TERRIBLE CRIME COMMITTED IN THE CHARLOTTETOWN CEMETERY.

HALIFAN, N.S., May 27.—A Charlottetown, P.E.I., special to the Halifax Herald gives details of a brutal murder at that place. The keeper of the Charlottetown cemetery is Patrick Callaghan, nearly 70 years of uge, and reported to be worth \$1,000. Besides being a miser he is a hermit and lives alone in the keeper's lodge in the centre of the cemetery, and is seldom seen ever by those visiting the city of the dead. Brenton Longworth, son of the late flon. John Longworth, visiting his father's grave to day, required Callaghan's assistance and called at the lodge. Getting ro answer, he entered the house and was horrified at the stench. In the bedroom he found the old man's remains horribly mutilated The body was partially hidden under a mattress. The skull had been battered in with a heavy iron bar. Brains and blood were spattered all over the bed clothes, the floor and the walls. The victim's throat had been cut from ear to ear by a dull butcher's knife. The spectacle was a snocking and sickening one. Appearances indicated that the old man made a desperate fight for life. Callaghan was reported to have eighteen hundred dollars in the house, recently returned by a prominent Charlottetown merchant, to whom it had been loaned, and, it is supposed, that the knowledge of this alleged fact was the incentive to the terrible crime. The affair has produced intense excitement in Charlottetown. The cemetery is four miles from the city. The remains were much decomposed, and the murder had evidently been committed some days ago. An inquest is being held.

The best of physicians could not help her, and we were advised to try Dr. Thomas' Electric Oil, which we done, and the benefit was at once apparent; after using two bottles the pain left, her limbs assumed their natural shape, and in two weeks she was as well as ever. It has not returned.

BITTER PROTESTS FROM THE COUNTRY.

LORDON, May 27 to Members of Parliament are scattered over England and the contingent, so no political news is obtainable, though, all parties are busy with correspondence trying respectively to heal or emphesize the present dissensions. From the soundty everywhere are coming bitter protests against the action of the House of Commons in Tatifying the vote of the House of Lords, which distributed any elector receiving free medical relief. This can hardly be described as anything but iniquitous. The result of this state of Galton for the result of this is that if an agricultural laborer, making the country, of Galton for the result of the result o of watches, rings, etc., were stoler. William Hampton, of Syracuse, deposed to Donohoe's asking him if he could dispose of some stamps, of which he said he had over a thousand dollars' worth. In reply to questions Donohoe stated to him that they came from Peterboro' and that Charley Lowry was "in it," that Raynor, an "Irish Jew" at Buffalo, had offered him fifty cents on the dollar for them, but that was not enough. Witness, in cross examination, admitted having been in jail several times. Evidence was also given showing the prisoner's connection with the other crimes laid to his charge, when Mr. Hill committed him for trial at Welland. Hampton, one of the witnesses, came here in company with Detective Morgenstein, of Butfalo. Donohoe's friends had a warrant issued to arrest Hampton on his arrival here for some Port Hope job, but Hampton being promised immunity by the Canadian Government during the taking of his evidence, the plan was frustrated. The Charley Towery mentioned in Hampton's evidence is at present serving ten years in the Philadelphia prison for the Osceola bank robbery. John Beau-cleigh, alias "Bokay Johnnie," a notorious thief and confidence man, boarded the train at Niagara Falls, N.Y., for the purpose of in ducing Hampton not to cross into Canada to give evidence against Donohoe. He was promptly arrested as soon as he made his apbearance in the coach, by Detectives Margen stein and Battle, of Buffalo, and taken back to Buffalo to answer a charge of stealing \$6,400 in St. Louis.

### INDIANS OR THE WARPATH.

JENNING, N M., May 27 .- A luckboard from Alma came through to Silver City tonight, bringing news of additional murders by the Apaches. An old man named Benton, two Satter brothers. Pete Anderson, Jim Montgomery, M. Smith, W. E. Lyon, and an unknown man were killed recently. A number have been killed who cannot be recog nized. Mr. Cooney writes to John Swift as follows: There is bad business here: 24 men are already burned in a radius of 24 miles; by the troops and 17 by citizens." The following are reported wounded above Alma: Juo. Walworth, Tom Welch and a woman. Woods, Poland, Tom McKinney, and Baxter, of Pinus Altos, were camped above Hot Springs, and during Woods and Poland's absence the camp was attacked. When Poland returned he found Baxter dead and McKinney missing. Poland hastened to Gile river to warn the citizens and was shot on the way. The bodies of five Americans, killed by the Indians, have been found at Blue river. The stage running to Eagle Grafton mining camp, in the Black range, has not been heard from. It is supposed to have been taken by the Indians. Despatches from Santa Fe say the Apaches killed two men at Cantwell and Petiere ranch and Gila, and Sunday afternoon killed Chas. Stevenson, foremen at By and Ingersoll ranch, and Harvey Moreland, son of James Moreland, living between Grafton and Fairview. It is reported they are making preparations to join Geronimo's Apaches. The latest informa-tion from the front indicates that the hostiles are on Diamond Creek, north east of Fort Bayard, in Black Range. Col. Morrow and San Carlo's scouts are in that vicinity, and Col.
