The deceased, who formerly resided in Winnipeg, was well-known here. Many years ago he joined St. Mary's Branch No. 52 of the C. M. B. A. and he has retained his membership therein. Whilst living in this country he was connected with the Bridges and Building Department of the C.P.R. and only a couple of weeks ago letters were received from him in which he spoke of the possibility of his soon returning his untimely death is much to be regretted, but although we have received no particulars we are confident that the summons found him well prepared A. as he was an exemplary Catholics and

PURITAN DAMES.

We hear a great deal these days of our purifan fore-fathers, but little concerning the wives and moth-ers who landed at Plymouth Rock Plymouth Rock and founded that

and founded that colony which was destined to play such a large part in our history.

In 1621 Elder Cushman wrote from Plymouth that he "would not advise any one to come here who were not conone to come here who were not content to spend their time, labors and endeavors for the benefit of those who shall come after, quitely contenting themselves with such hardships and difficulties as shall fall upon them."

What self-renunciation and heroic purpose was this! They drowned witches to be sure, but that was no part of their puritanism. It is to the puritan women we owe so much for that spirit in our people which gives them the fortitude to endure hardship and stake life and fortune for their convictions.

life and fortune for their convictions.

The American women of to-day have the spirit of their puritan mothers, but their constitutions are not rugged or able to endure half the hardships of these New England ancestors. Very often they are rundown with weaknesses and irregularities peculiar to their sex, and the constant drain upon their vitality makes them chronic invalids. Many women hesitate to go to their family physician, because they dread the local examinations so generally insisted upon by practitioners.

Such women should write Dr R V

upon by practitioners.

Such women should write Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., giving a full description of their symptoms, history, etc., so that he can give them the best possible medical advice. If Dr. Pierce's Favorite Prescription seems to suit the case the Doctor will say so. If not, then he will give medical advice which will put such women on the rapid road to recovery and health. rapid road to recovery and health.

Boniface College.

THE ONLY Catholic College In America...

That competes annually with half a dozen Protestant Colleges & Collegiate Institutes

In proportion to the number of its pupils, St. Boniface College . .

Has Won... → More Scholarships

Than any of its Protestant Competitors.

Read the following extract from the Northwest Review, July 8th, 1897 :—

The students of St. Boniface College came off with even more than usual success. They captured the two scholarships for Greek, Achille Rousseau, of the previous year, win-ning the coveted \$ 40 over 26 competitors from his own and other colleges, and Jean Arpin the corresponding \$ 25 in the Preliminary over twenty competitors. As our candidates numbered only eight against forty from three other colleges, this double victory re dounds greatly to their credit. Moreover Achille Rousseau was fourth out of seventy-seven in Latin and Algebra, Antonin Du-buc was first out of one hundred and thirty from St. Boniface, Winnipeg, Portage La Prairie, Brandon and Regina, in the Latin of the Preliminary. The French and His Prairie, Brandon and Regina, in the Latin of the Preliminary. The French and History scholarship of \$40 in the Previous was won by Fortunat Lachance. In the Latin course of Mental and Moral science, Marius Cinq-Marstook his B. A. degree with first class honors and the Silver Medal, while Noel Bernier and E. J. Golden divided the two scholarships in the Junior B. A. year, receiving \$100 each. Phe only other student in this year, Gustave Rocan, obtained first class marks in all the honor papers of his course. The St. Boniface candidates maintained their long established reputation for thoroughness in the pass subjects, Cinq-Mars being second out of twenty-eight in Latin and first out of thirty-three in Physics. Not one of the St. Boniface men failed in anything.
