Export Contact:

Martin Blanchet Vice President, Sales & Marketing

Artopex Inc. manufactures and markets a large selection of office furniture such as ergonomic office chairs, chairs for waiting rooms or cafeterias, filing cabinets, wood furniture and office systems. All these products, manufactured in the province of Québec, Canada, are 100% Canadian and their quality and competitive prices are renowned throughout the country.

A crew of skilled designers, well-trained on the CAD system, is available to assist the customer on large project specifications. Furthermore, knowledgeable customer service personnel is always on hand to service its customers. All Artopex personnel can easily communicate with their clients either in French or in English.

The company has many showrooms in various North American cities as well as in Mexico and a distribution network, through agents and representatives, all across the continent. In addition to the USA, export markets include Venezuela, Saudi Arabia, Africa and Japan. Primary markets for Artopex are South and Central America and secondary markets include Europe, the Far East and Africa.
