

- (3) If a Party considers that it has objections with respect to a matter referred to in this Article, that Party shall provide the other Party with an immediate opportunity for full consultations aimed at achieving mutual agreement.
- (4) Agreements to facilitate the implementation of the provisions of paragraphs (1) and (2) of this Article may be established by the Parties.

ARTICLE VI

- (1) Nuclear material, material, equipment and technology subject to this Agreement shall not be used to manufacture or otherwise acquire nuclear weapons or other nuclear explosive devices.
- (2) With respect to nuclear material, the commitment contained in paragraph (1) of this Article shall be verified pursuant to the safeguards agreement between each Party and the Agency, in connection with the NPT.
- (3) If for any reason and at any time the Agency is not administering the safeguards as in paragraph (2) of this Article within the territory of a Party in which there exist nuclear material, material, equipment and technology subject to this Agreement, the Parties shall immediately enter into an agreement for the establishment of
 - (a) multilateral safeguards equivalent in scope and effect to the safeguards being replaced; or, if this cannot be established,
 - (b) a safeguards system that conforms with the principles and procedures of the Agency's Safeguards System and provides for the application of safeguards to all items subject to this Agreement.
