MILK CRUSADE IS **GAINING STRENGTH**

Hamilton Women in Earnest Over Fighting High Cost of Living.

NEW HOSPITAL PLANS

Edward Stevens of Toronto Will Be Engaged as Expert Adviser.

HAMIL/TON, Nov. 4.—(Special.)—The result of Mayor Allan's crusade against the increased price of mik in this city was evidenced today when some of the retailers stated that they had lost about 15 per cent. of their regular trade. His worship is convinced that this will increase to about 50 per cent. in a few days, and urges the women of Hamilton to continue the good fight, feeling sure that ultimately the companies will have to give in.

"I have just heard of a woman, not many miles from here, who is selling milk to the 'ocal dealers for four cents per quart, and we are being charged filme cents for it. There's a profit of one hundred and twenty five per 'cent,'' added his worship.

A large wholesale concern of Toronto as written to the mayor offering to supply a carload of condensed milk at eight cents per ton.

Boards Talk Together.

At a meeting of the board of control this morning, Dr. Storms and Chairman T. H. Fratt of the board of hospital governors were present to discuss hospital plans. Dr. Storms urged the appointment of Edward Stevens of Toronto as an expart, advisor, whose work he had seen and could recommend. The board agreed to engage Mr. Stevens and to secure Stewart & Witton as local architects for the new hospital.

The Democratic leaders claimed a complete victory for state offices and the returns as far as tabulated seemed to support this caim. The legislature continues Republican in both branches, with slightly increased majorities.

Mr. Walsh, who succeeds Gov. Foss, after one term as lieutenant-governor, was elected to his present office a year ago by nearly 200,000 votes, the greatest number ever received by a Democratic candidate for that office in this state. He was born in Leominster in 1872 and was educated at Holy Cross College and Boston University.

COMMISSIONERS TO VISIT U.S. PRISONS

Penitentiary Inquiry May Possibly Go Over Until Next Month.

(Special to The Toronto World.)

KINGSTON, Nov. 4—John Mills of Kingston, who died at Mountain Grove, almost reached the century mark, being 98 years and six months old. He was born in Aberdeen, Scotland. A carpenter by trade, he assisted in the building of many vessels here in the olden days, and worked on the erection of houses. Three sons and two daughters survive.

Next week the members of the prison reform commission will start out to visit several prisons in the United States to get information. They intend to visit stillwater, Minn; Mansfield, O., snd Concord, N.H. This means that the essions for hearing evidence will not be resumed until the end of the month, and it may be, early in December before work is again taken up. There is plenty of evidence yet to be heard, in addition to hearing charges that have been preferred against H. S. Begg, assistant overseer of the penitentiary hospital.

John Elliott, a resident of Kingston for sixty years, died this morning, aged ninety. He was for many years a prominent cattle buyer, known from one end of Canada to other. He served the city as councillor in 1856.

Reid & Hambrook, Queen's caterers, had to put up a turkey supper for the members of the Rugby team. They stated that if Queen's defeated McGill they would do the honors. Accordingly the boys started off work this week with a good feed.

schools of eight rooms each. The new central school, now in course of construction, will contain 12 class rooms and also rooms for domestic science and manual training, together with an assembly room. The central school and the Elmwood School are to be completed in 1914, while at least one more eight-room building will be added to the list in 1915. The problem of school accommodation is becoming a serious one thruout this section of the west, but the local school board is facing the situation with vigor and foresight.

LETHBRIDGE, Alta., Nov. 2.—In the opinion of C. C. Snowden, the well-known Calgary oil man, who was in Lethbridge a few days ago, the Calgary oil strike is a substantial reality, and oil will eventually be discovered in commercial quantities, he believes, all along the eastern slope of the Rockies from Okotoks to the boundary. Mr. Snowden calls attention to the fact that since the first important strikes at Calgary, lands in the Okotoks district also are being filed upon thru the Lethbridge land office; and this, he says, is only the beginning. A rush of the fortune seekers to Lethbridge within the next few days should surprise no one, says the oil operatior.

WESTERN CONDITIONS

General Prosperity and Steady Growth With Increased Immigration.

"Even with the completion of the Canadian Northern and the National Transcontinental, making three transcontinental roads in operation and the Panama Canal route open, it would still be a great advantage to the Canadian west for the wheat growers to have free access to the United States market," said Premier Sifton of Alberta to The World at the King Edward Hotel last night.

He asserted that free wheat would mean millions of dollars to the wheat growers in addition to its influence on the general reduction of treight rates.

Speaking of the present conditions in the west, he said that the west was now more solidly prosperous than at any time in its history. The demagnetic for real estate for immediate use was excellent and a general feeling of confidence prevailed. The building activity was fully equal to that of any previous fall.

Premier Siffon said that the outstanding feature of the present year's immigration to the west was that the largest proportion were Americans, the total migration from across the border being equal to that of the British and foreign European immigration combined. He was pleased to say that British immigration was coming in at a much faster rate than that of the foreign European, altho this, too, was quite large.

The Alberta Department of Agriculture had recently commenced the purchase of thorobred cattle by wholesale, which are being retailed at cost to the farmers of the province.
