## LET BORDEN DO FOR CANADA WHAT WHITNEY HAS DONE FOR ONTARIO

### No Scruples Left

It is quite evident that in their desperation the government newspapers have cast aside all scruples and are making any sort of statement that seems likely to catch a vote for the government. Only the most thoughtless can be deceived by the reckless assertions published, wholly inconsistent with each other and frequently in direct contradiction. The Globe and The Star's pet free trade theory is that the higher the duty the more expensive the living, while in a free trade country, they have argued, food is cheaper of all. Reciprocity exigencies have changed all that, and now we are told that food is much cheaper in the United States than in Canada. The Star, which makes this assertion, not asking us to put our tariff to the United States level to cheapen our food, quite the reverse. Take away the duty altogether, says The Star, and get cheap food, because the United States, with the highest tariff in the world, has cheaper food than Canada. How can these things be? asks the bewildered elector. They cannot be and they are not, except in the tales of an electioneering agent, who sees defeat staring his party in the face.

### Workingmen.

Editor World: Can you spare space for an appeal to workingmen, and especially union men, to assist in crushing this reciprocity serpent? True Canadians will have nothing to do with Taft or his pact, and will vote the treacherous document into oblivion on Thursday.

### Under Which Thimble?

The market gardeners, the farmers, the wheat growers, the horse breeders, the cattle men, the hog raisers, the sheep farmers, the poultry men, the orchard owners, the small fruit men, these are the people who are engaged in some special line of breeding—fancy horses, for example—have declared themselves in support of reciprocity. But they are the exceptions and the great mass of the producing class recognize clearly the disastrous consequences that must follow reciprocity.

Workingmen. How can this possibly benefit Canada? Never mind Canada, replies The Star in spirit; we will keep our agreement with Taft, and Laurier in office. True Canadians will have nothing to do with Taft or his pact, and will vote the treacherous document into oblivion on Thursday.

### WARNING FROM PULPIT AGAINST RECIPROCITY

Rev. W. H. Andrews Declares Canada is in Peril and Urges Duty to Empire.

"Canada is face to face with the most important question that has ever been placed before the people since federation—reciprocity—and our country is in peril," said Rev. W. H. Andrews at East Queen-st. Presbyterian Church last night.

"The man who shirks his duty on next Thursday, is a coward. You asked me how to vote? I will tell you conditionally. If you believe, if by the ratification of the reciprocity agreement on next Thursday, the solidity of the empire will be impaired or the ties which bind us to the motherland, it is your solemn duty as loyal Canadians to bury the pact with your ballots, for our country's future depends upon its being one of that community of nations which encircles the globe with the Union Jack. One fear, one land, one heart, one hand, one nation evermore."

The speaker deprecated the idea of men voting for their own interests and loving sight of the future of the nation. "These men are selfish and their action is against the law of God. If the interests are not continental or imperial, then it is your duty to vote on this measure for the interests of your country." His congregation was counseled to vote for clean men who would not become rich at the expense of their countrymen and men who would appeal to their intelligence and not to their passions.

Rev. Mr. Andrews took the view that politics and religion were not antagonistic, but interdependent and that the followers of Christ could be religious only in a narrow sense unless they were vitally interested in the politics of their country. He said a man had no more right to shirk his duty at the ballot box than he had to shirk his duty to his family.

WHITE PLUME VS. BRAINS.  
Big Chief Laurier: "Brothers, look at me. The winds of 69 years have blown over my head and silvered it over with grey, even with a white plume, and in all that time I have never done harm to any man. As your friend, I ask you to sign this reciprocity treaty."

Jack Canuck: "My friend, look at me. The winds of more than 69 winters have blown over my head and silvered it with grey, BUT THEY HAVE NOT BLOWN MY BRAINS AWAY."

FLY THE FLAG.  
In this crisis of Canada's history it would not be out of place for every citizen to fly the flag from now till after election day. The present political light is for Canada, or not for Canada. The time is ripe to fly the flag.

DECLARE A HALF-HOLIDAY.  
Mayor Geary would do well to declare a half holiday for Thursday, Sept. 21, in order to allow every man to poll his vote. Many business houses and merchants would be glad to aid by giving their employees the half day off. Canada expects every man to poll his vote.

W. F. MACLEAN'S MEETINGS.  
W. F. Maclean will speak at Swansville (in front of the public school) to-night, and also at Devins' Hall, Humbler Bay. On Tuesday night a meeting in his interest will be held at Runnymede Schoolhouse.

Three Noted Artists.  
Seldom have three such noted artists as Constance Collier, Tyrone Power and Julian L'Estrange been seen in the same cast. The three stars named are at the head of the big company producing "Thais," which opens a week's engagement at the Princess to-night.

### PORT ARTHUR PROTESTS AGAINST LIBERAL TRICK

Conmee Machine Must Have Known of Postponement Weeks Before—Carrick Will Win Out, However, in Spite of Disgraceful Tactics of His Opponents.

PORT ARTHUR, Sept. 17.—(Special.)—Indignation, free and openly expressed, was the keynote of a meeting at the Auditorium Saturday night, when over 10,000 people gathered to hear the storm of protests that were being raised against the action of Returning Officer Horrigan, in postponing the election. All rose to their feet, hats were waved, and loud cheers given for J. J. Carrick, who was present and made a stirring speech. He read the resolution passed Friday night at a mass meeting in Winnipeg, endorsing Conmee's candidature and condemning Conmee's action. Also a telegram from Hon. Robert Rogers, congratulating him on having "driven Conmee to search for cover." The Auditorium was packed from floor to ceiling and hundreds were unable to gain admission. This is taken as indicative of the interest taken in Carrick's candidature, as the meeting was called in a hurry and erroneously advertised as being in the Arena Rink, not in the Auditorium. Nevertheless the hall was packed long before the hour of opening.

With everyone on his feet and loudly cheering, the following resolution was passed: Moved by F. S. Wiley of Port Arthur, seconded by Alf Cooper of Fort William: A Strong Protest.

That the action of the Liberal executive of the district of Thunder Bay and Rainy River, and the Liberal executive in Ottawa, in postponing the federal election from Sept. 21 to Oct. 12, is not in the best interests of Canada; therefore, be it resolved, that we place ourselves on record as being opposed to any such pernicious and iniquitous methods being used or introduced into Canadian politics; for the reason that they are bad for a business point of view. They are detrimental to that feeling of fair play which goes so far to build up a community; they are destructive of that feeling of British fair play that builds nations; they are calculated to foster and bring trickery; and finally any party should be above using the returning officer to postpone for the moment the defeat they see staring them in the face.

Tangled Himself Up.  
The feature of the meeting was the short address given by A. J. McCombe, Conmee's lawyer, who was given ten minutes in which to explain Horrigan's position. He took 20 minutes.

### MACKENZIE KING WILL GO DOWN TO DEFEAT

Great Meeting at Berlin Addressed by Hon. Adam Beck—National Policy Gave Canadians a Chance to Win—A Challenge to Mackenzie King.

BERLIN, Sept. 16.—(Special.)—Tonight's meeting in the rink in the interests of W. G. Welohel, Liberal Conservative candidate for North Waterloo, surpassed in attendance any meeting so far held by Hon. W. L. M. King. There is but one thought among the people of Berlin, and it chiefly takes the form of an estimate of the size of Welohel's majority. The big meeting to-night was practically unanimous. Once when Hon. Adam Beck mentioned the prime minister, a few feeble cries arose in one corner from not more than six friends of Laurier. The conviction that Borden will sweep Canada as Whitney swept Ontario, weighs heavily on the Liberal machine. They see no legitimate way to defeat Welohel. The spirit communicated itself to the great audience, much over 3000 in number, which filled the rink, and the enthusiasm was proportionate.

Hon. Adam Beck was the hero of the evening, but owing to some mismanagement, did not get a chance to speak till nearly eleven o'clock. Every one stayed, who had not a train to catch, till the meeting closed, at quarter to 12, and Mr. Beck aroused intense feeling and ardent sympathy.

### FIRE PANIC IN THEATRE POLITICS WAXED WARM

Ald. Maguire's Jewish Followers Invaded Meeting and Wild Disorder Ensued.

One of the most tumultuous scenes which have marked political meetings, even within the precincts of Old St. John's ward, occurred last night in the Lyric Theatre, on Agnes-st., when the Jewish followers of the rival candidates in Centre Toronto made the atmosphere sultry with verbal attacks and countercharges. While physical violence threatened, the only actual outbreak of it was when certain zealous lieutenants of Ald. Maguire tried to scale the platform and were thrust back.

The meeting was called by Jewish Conservatives on their own initiative to discuss reciprocity and would have proceeded in orderly fashion had not Ald. Maguire's adherents invaded the crowded theatre with shouts of "Maguire."

The similarity between the sound of the last syllable of the name and the disturbing word "fire," almost caused a panic, a number of those in the audience leaping from their seats and making a frantic rush for the exits. Then the orchestra struck up and alarm was quieted, but a red hot debate took its place and disorder ruled.

Speeches which were heartily cheered were made by Jacob Cohen, J.P., Arthur Cohen, Dr. John Shyne, Joseph Birenbaum, E. Stone, B. Memon and M. Sanders, the last named being chairman. Dr. Shyne, who had just arrived from England, was given an ovation. He declared that if reciprocity reduced the price of food, it would also reduce wages as in England.

### WHERE YOU VOTE IN SOUTH YORK.

Mr. W. F. Maclean is sending out a circular letter, addressed to every voter in South York, and also a card, stating where the voter is to cast his ballot. The envelopes go into the postoffice this morning and ought to reach everybody by to-morrow, so if you do not get a letter on Tuesday morning telling you where to vote, call up Mr. Maclean's headquarters in The World office, and the information will be given you.
