

## DUKE PAYS VISIT TO NIAGARA CAMP

His Excellency Addressed the Men, But Held No Inspection or Review.

### POLES GOOD SOLDIERS

First Court-Martial of the Season Held on Nine Conscientious Objectors.

Niagara Camp, Ont., May 31.—The Duke of Devonshire, governor-general, motored over from Niagara Falls at 11 o'clock. He was accompanied by Colonel Henderson, military aide. The troops were drawn up on the headquarters camp parade ground, where his excellency made given the royal salute and the bands played six bars of "God Save the King." The duke addressed the men and afterwards met the officers. There was no inspection of the troops, no review of the troops most of whom are raw soldiers. The troops were without arms.

The organization of the camp here for the training of the Canadian expeditionary force this summer is now complete, the last of the units, the railway construction depot, having reached camp from Hamilton today, and there is general animation where, a few days ago, there was simply the movement of a few advance parties preparing for the coming of the troops. Niagara camp is better set than ever before, better equipped in a sanitary way, and altogether a better camp than in 1916, when the last C.E.F. trained here. It is worthy of note that the improvements which have been made, chiefly as to sanitation, are for the benefit of the men. The camp headquarters are practically unchanged. Colonel McLaren, camp commandant, believes that in the process of making soldiers out of men taken from civilian life, the conditions should be as pleasant as possible. After the period of training, the men are in shape to stand war conditions, he says, but not at the start-off.

Weekly Band Concert. One of the enjoyable features of the camp will be the weekly band concert, participated in by the three battalion brass bands. These concerts will be held Wednesday evenings, from 7 o'clock to 9, and are for the benefit of the men of all ranks.

Interest here is divided between the Canadian camp and the Polish camp. Lieut.-Col. Le Pan is commandant of the latter. The Polish camp has been here since last September, and its numbers have gone over the 12,000 mark. At present there are about 12,000 Poles training at Niagara. The Poles are good soldiers. They are bright and alert, and they take to soldiering with an intelligent interest that must be very gratifying to their officers. The majority of the officers of the Polish Camp are C.E.F. soldiers and French, but there are some natives of Poland among them.

The Polish soldiers are remarkably well-behaved. Out of the 12,000 men who have been handled at Niagara camp since last September, not one case of trouble or annoyance has been reported.

Units Warned for Duty. The present camp strength is about 6,000, but this number will be considerably reduced in the near future, as drafts will be sent east to continue their training. Units warned for duty elsewhere are: The machine gun depot, three officers and 200 men; 2nd depot battalion, C.E.F., seven officers and 700 men, and the railway construction depot, 800 all ranks. This will leave the camp strength at about 4,000, but daily additions will be made for some time as there are many men on farm furlough whose leave of absence expires day by day, and these are dribbling in now.

A feature of the arrival in camp of the 2nd depot battalion, 2nd C.E.F., was the transportation on the one train of the troops, horses, transport wagons, baggage, etc., instead of the troops and their outfit having come in on two trains. This has been the custom. By this arrangement, less time was saved in the depot getting settled, and by night everything was in order for the depot to begin the season's work.

Mail Services Complete. The mail services in camp are complete, and mail boxes are in convenient places for the use of the officers and men. The camp telephone service is good also, except that there is no long-distance telephone which the men can use when they wish to speak to their relatives and friends. However, it is probable this convenience will soon be added to the camp. The orders of the day contain the information that there will be a half-holiday on the King's birthday.

The Bank of Montreal has opened a branch in camp.

The Canadian military police force maintains order in the town limits, including the trains and boat landings. Order is maintained in camp by a detachment of 30 police, under command of Major James Widgery.

First Court-Martial. The first court-martial of the season at the camp here was held today, Major Wm. H. Keswick, 2nd battalion, 1st C.E.F., presiding. Nine accused men faced the court, all conscientious objectors, as follows: Ples, L. H. Toole, A. J. Birchshaw, Walter E. Seelye and Norman Seelye, 1st battalion, 1st C.E.F.; Ernest J. Swalm, Norman E. Merkle and Thomas Edwards, 1st battalion, 2nd C.E.F.; Alan James Renshaw, 1st battalion, 1st C.E.F.; and David J. Nichols, army medical corps training depot. The accused all objected to military service as being opposed to the tenets of their faith. Nichols, who lives in Toronto, said he had nothing to do with this world's affairs.

Merkle, Edwards and Swalm are from Hamilton.

The court's decision and sentence in each case will be promulgated by the D.C.C., Toronto.

CHOKED BY TOY BALLOON.

Winthrop, May 31.—Five-year-old Agnes Dawson put a toy balloon in her mouth yesterday and choked to death. She was alone at the time. Her mother is a Mrs. Widgery.

WHAT more can be said of a motor car than that it is sincerely built—that honest material and honorable workmanship are joined with wise engineering in its construction? Such a car is the Gray-Dort.

Over a half-century ago the Gray institution was founded on just such a basis. We believed that growth, stability, ultimate profit were all dependent on giving value to our customers. The size and reputation of the Gray business to-day bears out. The almost instant success of the Gray-Dort car is the result of a continuation of that policy. It is a car sincerely designed to give great value. It is a car of character. The new Gray-Dort embodies all the good features that won instant success for former models. The 4-cylinder motor is a triumph of smooth, economical speed and power. The chassis is sturdy and quiet. The springs are long. The upholstery is deep. The equipment is absolutely complete from electric starting and lighting to the tools. New lines of beauty have been given this model. The five-passenger touring car is \$1,195; the three-passenger fleur-de-lis roadster is \$1,050; the Gray-Dort special, beautifully finished and with extra details of equipment, is \$125 above the list. All prices are f.a.b. Chatham.

## LAND REGULATIONS FOR RETURNED MEN

In Addition to Ordinary Homestead Right, They Receive Extra Land Grant.

Ottawa, May 31.—Land regulations under the soldier settlement act for the granting of free entries on Dominion lands, are now being placed in the hands of the various agents of Dominion lands in Manitoba, Saskatchewan, Alberta, and the Peace River block in British Columbia. The regulations will come into force on July 2 next. Men returned from overseas who come under the soldiers' settlement act, will be able, under these regulations, to secure, in addition to their ordinary homestead right, a soldier grant of 160 acres. The settlement duties for a soldier grant are substantially the same as in the case of an ordinary homestead. The administration of these regulations affecting Dominion lands is thru the department of the interior.

Application for entry for a soldier grant may be made before the agent or sub-agent of Dominion lands for the district in the same way as for an ordinary homestead. Unless the applicant produces a certificate of attestation from the soldier settlement board he must produce his discharge papers.

Land reserved for soldier settlement is open for entry as a soldier grant, but such an entry can also be secured on any vacant and available Dominion land. Provision is made for entry by proxy under practically the same conditions as applied to homesteads. No entry fee is charged in connection with a soldier grant.

## CORNMEAL AND FLOUR ARE NOW AVAILABLE

Ottawa, May 31.—Cornmeal and corn flour are now available in most parts of Canada, states the Canada Food Board, and in order to save what increased use should be made of these substitutes in private households as well as by hotels, restaurants and other public eating places. Arrangements have recently been completed with the milling companies now that corn is moving freely into this country, which provide for the milling of at least 20,000 bushels of corn daily by June 15. At the present time Canadian mills are milling corn to the extent of 10,000 bushels per day. As a result of the arrangements, cornmeal and corn flour is now being kept pace with the demand by the public for substitutes for wheat.

TIME IS EXTENDED.
