### **ESCOBA WILL NOT** START IN DERBY

Latonia, Ky.. June 20.—K. D. Alexander's fine colt Escoba, which would have been one of the favorites for the Latonia Derby, next Saturday, will not start in that event. He bowed a tendon in his race yesterday with Beaverkill and can hardly be made ready for another race before next fall. This leaves eight starters for the Derby, of which H. P. Whitney's Johren will be a strong favorite.

SOLDIER BOYS BUSY

Niagara-on-the-Lake, June 20.—Capt. Lou F. Scholes, director of athletics in Military District No. 2, and his assistant. Lieut. Harry Fleming, are busy men these days whipping into shape a program of sports for the boys in training at Niagara Camp. The program includes baseball, soft ball, soccer, cricket, tennis, boxing, wrestling and quoiting, and with this large range of sports to choose from the boys should have plenty of amusement thruout the summer. Capt. Scholes did not only look after the interest of the boys, but included in his season's entertainment amusement for his brother officers by organizing an officers' soft ball league. The Polish Army, who also are inhabitants of the tented city at Niagara, have not been overlooked, for their name is to be found in the base-ball league.

The baseball league is commonal of

ball league.

The baseball league is composed of The baseball league is composed of seven teams, playing one game on Tuesdays and double-headers on Saturdays. The seven clubs that will battle for the pennant are as follows: 1st Depot Battalion 1st C.O.R., Machine Gun, 2nd Depot Battalion C.O.R., Rallway Construction, 1st Depot Battalion 2nd C.O. R., Pollish Army, Army Service Corps. It will be noted that these seven clubs are from different units and it is needless to say when they play their schedule games there will be plenty of rooting, for the competition is bound to be keen in this league. The soft ball league has twelve teams, the officers' soft ball league four and four tennis courts.

Capt, Scholes has left no stone unturned the set waverent feather. Capt, Scholes has left no stone unturned to get amusement for the boys, and with this line of above-mentioned sports to choose from the khaki lads in training here should not have one idle moment.

# The Young Men of Sixteen

The Order-in-Council not only provides for the registration of the young men of 16, but further states that after the day of registration, every person shall, within thirty days of attaining the age of 16, register with a Post Master.

It need come as no surprise that young people of 16 should be counted in the man-power of the country. War has altered many things, and today a youth is called upon to do a man's work-and is doing it, too!

In farm and factory, office and store, any boy with the right spirit in him will not stay long at the bottom of the ladder. People commence to call him "Brown" or "Mr. Brown", instead of "Willie" and he has got to live up to it!

He cannot go around any longer with down on his chin and upper lip. A boy doing a man's work must have a man's razor.

Do you know such a boy who might hesitate to buy himself a Gillette Razor? Five dollars invested for him now will earn you his everlasting gratitude. Spare him the shaving troubles most men have had to go through before they discovered the Gillette. Give him the strong moral support of a good "clean shave" daily throughout life.

> Gillette "Standard", "Bulldog", and "Aristocrat" Sets cost \$5.00. You will find excellent assortments at Drug, Jewelry and Hardware stores.

WITH SUMMER SPORTS Restrictions on Trading Have Bearish Effect-Weather Outlook Improves.

Chicago, June 20 .- Announcement that unlicensed persons could not take delivery of cash grain on future contracts and that no speculator could obtain a license, led to heavy selling of corn and oats futures today and broke prices sharply. Corn closed unsettled, 17-8c to 4c net lower, with July 1427-8 to 143 and August 1457-8 to 146. Oats finished 5-8c to 11-2 to 15-8c down,

A general rush to sell on the part of longs in corn began as soon as busiport was entirely lacking except from shorts who were in a position to take profits. The fact that exchange members had received a new warning against disseminating crop information unless from rigidly accredited sources tended also to discourage the bulls. Besides, there were prospects that the hot wave would be completely broken by tomorrow and there was still an absence of damage reports from

Oats went down grade with corn chiefly as a result of the food administration rulings. Export demand was less active and country offerings larger. News from Washington relative to the licensing of stockyard industries had a bearish influence on provisions. Values were also pulled down by the fall of grain and hogs.
